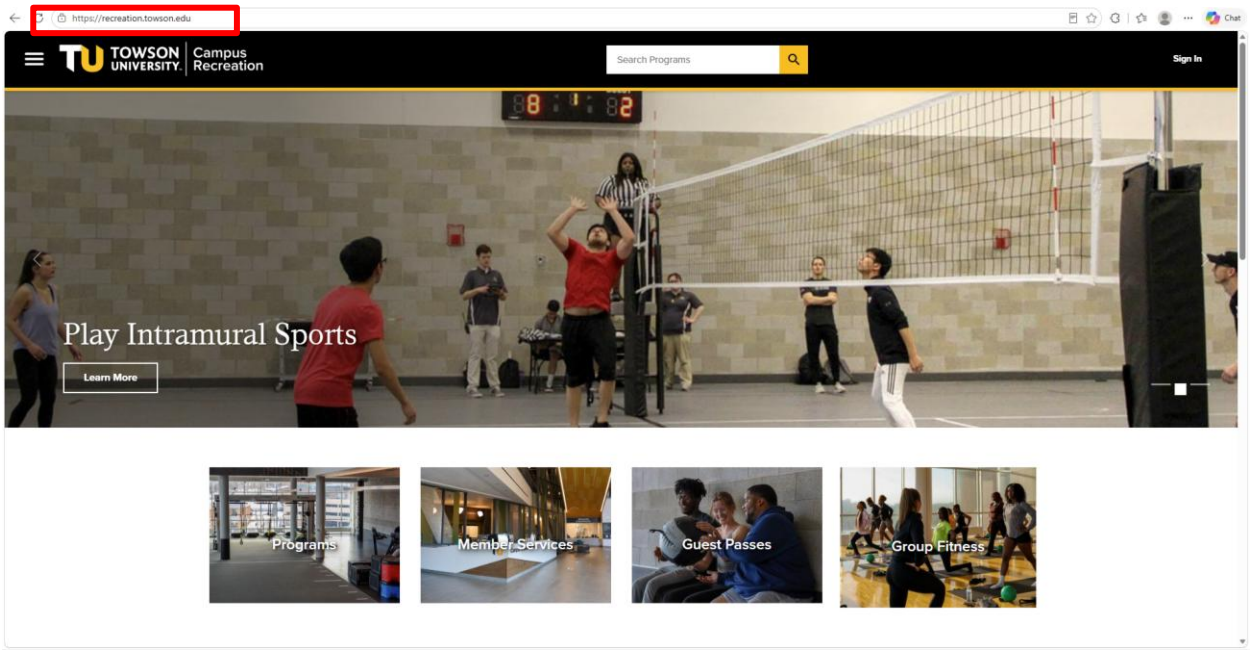
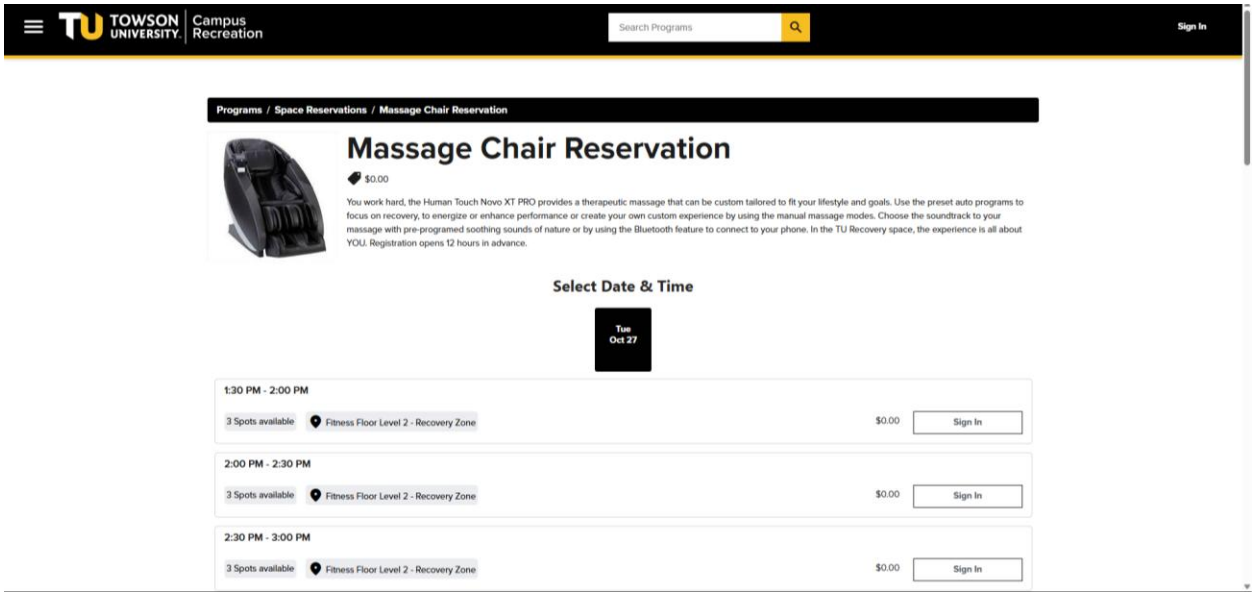
How to Register for a Program Waitlist

If there is a program you would like to sign up for, but registrations are full, you have the option of adding yourself to the waitlist. Once a spot opens up, you will be offered a window to claim the spot. This is described in more detail below.

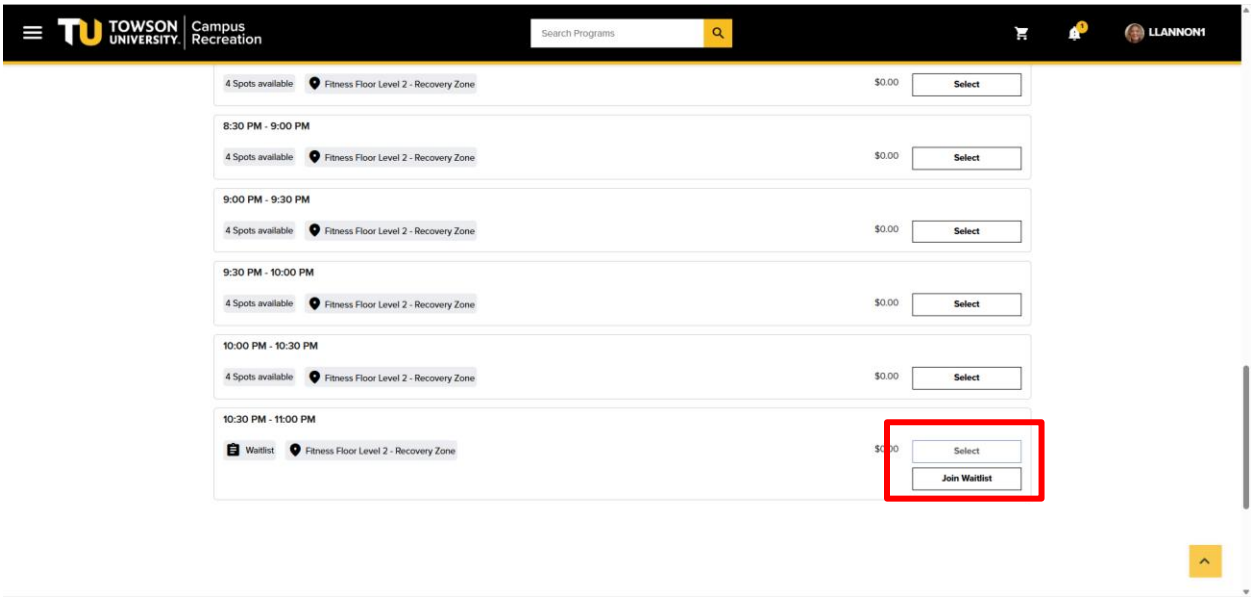
Begin by visiting the Campus Rec Portal
1. Visit recreation.towson.edu
2. Click “Sign in” in the top right corner
3. Log in with your TU NetID and password



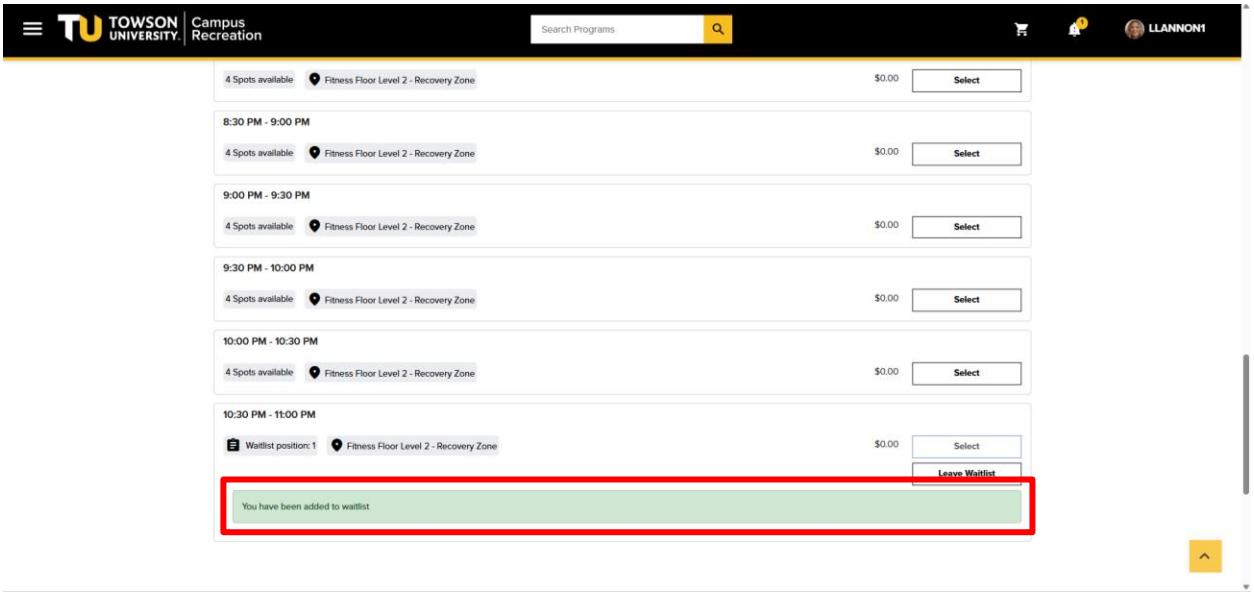
Visit recreation.towson.edu, then click "Sign in", and log in with you TU NetID and password



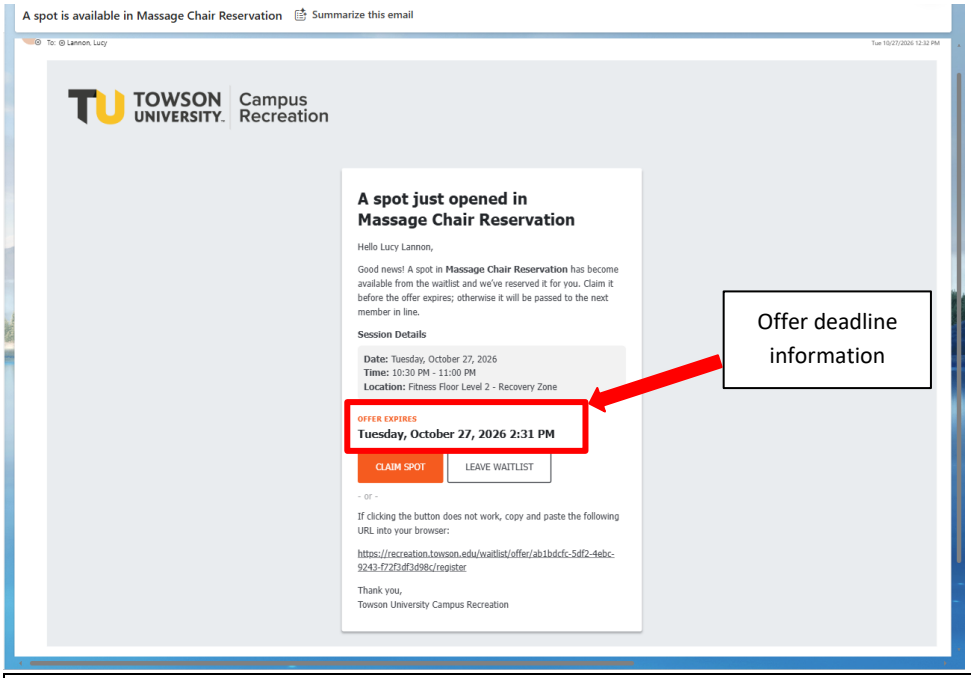
Next, select the program you would like to register for and scroll until you reach the specific offering/time slot you would like.



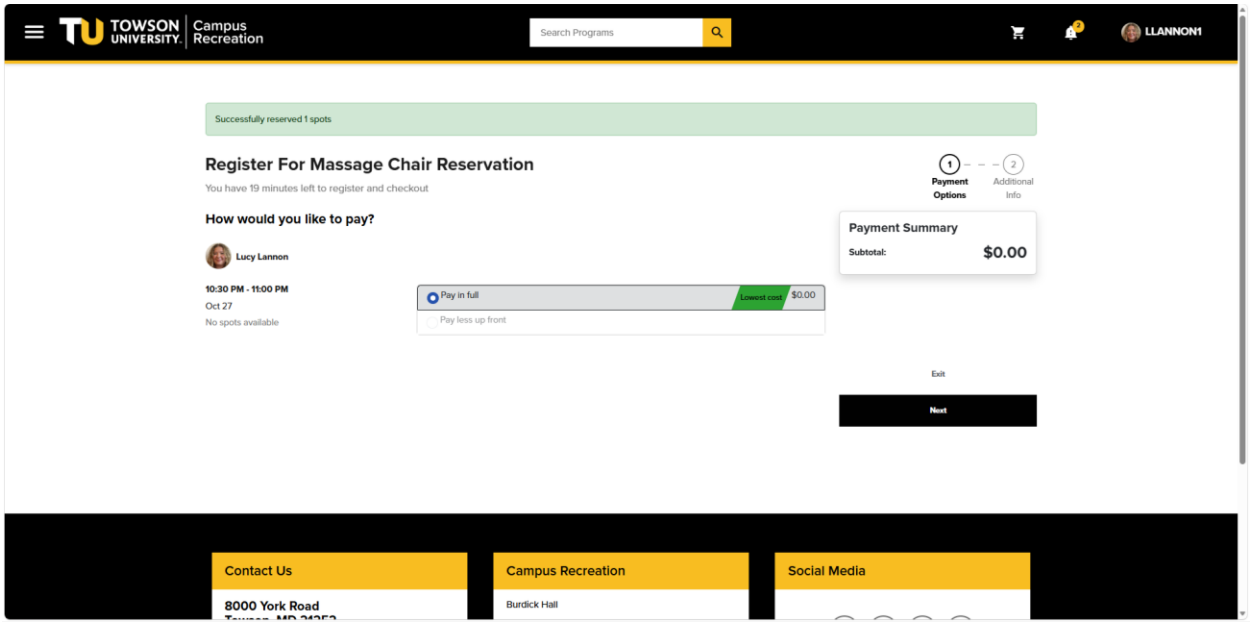
When an offering is full, the option to “select” will be unavailable and below will be an option to “Join Waitlist,” select this button to be added to the waitlist.



Once you select this button, you will then be added to the waitlist. You will know you have been added when a green banner appears saying "You have been added to the waitlist." If a spot opens up in a program, you will receive an email with information regarding claiming that spot.



In this email, it will provide you with the session details, and the deadline to claim this spot. If you do not claim the spot by the time listed, you will forfeit your ability to claim this opening. There is also an option to leave the waitlist. Please click on that if you are no longer interested, so that the spot will open for someone else.



Once you click the “Claim Spot" button in the email, you will then be taken to the page above. You must finish the checkout process completely to reserve your spot.

If you are having issues completing this online, please reach out to us for assistance:
