*Load/level – Based on load/level (number of units enrolled), students are reported as half-time or full-time by Towson to the National Student Loan Clearinghouse. Students with at least a half-time status will not go into loan repayment if they have outstanding federal student loans. Load/level is also reported on Enrollment Verifications which are used for car insurance, housing contracts, etc. Please note that under the Affordable Care Act, health insurance no longer requires any enrollment for offspring up to 26 years old.
