

Earn a Degree in Respiratory Therapy and Allied Health

Dual Enrollment Program

Students can simultaneously enroll at Towson University for a Bachelor's Degree in Allied Health and CCBC-Essex for an Associate's Degree in Respiratory Therapy

Why Respiratory Therapy?

- Be a respected member of a healthcare team, helping people with breathing problems.
- Be in demand! Respiratory therapy is a growing career with many professional options.

Why Allied Health?

- Increase your competitiveness in the marketplace with a bachelor's degree.
- Advance your career and expand your opportunities in related fields
