

1. Go to <http://www.towson.edu/publicsafety/police/notifications.html>
2. Click on [Emergency Text Alerts](#)
3. Click on [Login to Your e2Campus Text Alerts Account](#)
4. Enter the user name and password you created when you registered for text alerts.
5. Click on Services.
6. Select the device you wish to delete or make inactive and click on the associated link.

The screenshot displays the 'Services' section of the Towson University website. At the top, there is a navigation bar with 'Dashboard', 'Services', 'Groups', and 'Account' tabs. Below this, the 'Your Services' section is titled 'SMS (Text Messaging)'. Two service entries are listed, each with a green checkmark and the word 'Active'. The first entry shows a phone number '443-...' with a 'Make Inactive | Delete' link. The second entry shows '443-...' followed by '(Verizon Wireless)' and the same 'Make Inactive | Delete' link. Two purple arrows point from the right side of each service entry to the 'Make Inactive | Delete' link.
