Peer Assisted Learning Sessions

What: Calculus I (MATH 274) sessions will begin with an overview of the specific topic for that week, and then students will work on example problems with the aide of the PALS leader. Topics will mirror what students saw in class that week.

When: Every Wednesday from 4:00 pm—5:30 pm
February 7th until May 9th

Where: Cook Library Room 524A

Note: Sessions are drop-in, but space is limited. Schedule and topics are subject to change.
