## College of Education Promotion and Tenure Document

Promotion and tenure are dependent on a formal review of each faculty member's performance in three main categories. These are *Teaching* (including advising), *Scholarship*, and *Service*. As a part of a whole, each category allows faculty opportunities to demonstrate their ability to contribute to the overall mission of the university and more specifically, to the mission of the college.

### Defining Teaching, Scholarship, and Service

#### Teaching

Teaching is the primary mission of Towson University and the primary responsibility of each faculty member. Faculty members are expected to model exemplary teaching practices and should be rated as excellent in this area. As described in *Appendix 3 To The Towson University Policy on Appointment Rank and Tenure of Faculty*, teaching performance will be evaluated from the following evidence submitted by the candidate:

- Peer evaluations;
- Student course evaluations;
- Self-evaluation; and
- Course materials

#### Advising

Academic advising is another component of excellence in the overall category of teaching. While the process of advising differs between undergraduate and graduate programs, all advisors are expected to:

- assist students in the development of meaningful educational plans that are compatible with their professional goals;
- assist students in refining goals and objectives, understanding available choices, and assessing the consequences of alternative courses of action;
- Other forms of advising may include guidance of students in the learning process within one's class- teaching responsibilities, advising groups in academic honor societies, and serving on a graduate research committee.

Because advising procedures differ across programs, evaluation of advising also differs; therefore, each department and or program is responsible for addressing how advising is evaluated.

#### Scholarship

"University scholarship is scholarship that fulfills the mission of the University, in particular, the unit with which the faculty member is affiliated and utilizes the academic or professional expertise of the faculty member" (UniSCOPE, 2000, p. 2). As the "State's Metropolitan University" with "certification and professional development of educators" central to the University's future (*Towson University Mission Statement*), we define and articulate scholarship relative to the university's mission, and specifically as scholarship pertains to the unique roles and responsibilities of College of Education faculty.

Utilizing UniSCOPE (2000) as a guiding framework scholarship can be defined as

...the thoughtful discovery, transmission, and application of knowledge ... informed by current openness to new information debate, and criticism. For scholarly activity to be recognized, utilized, and rewarded, it must be shared with others in appropriate ways. (p. 2)

Articulated within Appendix 3 the Towson University Policy on Appointment, Rank, and Tenure of Faculty

(ART Policy) are four forms of scholarship that guide our work at Towson University.

Table 1: Four Forms of Scholarship (as articulated in Towson University ART Policy)

<b>Forms of Scholarship</b>	<b>Definition</b>
<b>Scholarship of Application</b>	applying knowledge to consequential problems be they internal or external to the university, including aspects of creative work in the visual and performing arts
<b>Scholarship of Discovery</b>	traditional research, knowledge for its own sake, including aspects of creative work in the visual and performing arts
<b>Scholarship of Integration</b>	applying knowledge in ways that overcome the isolation and fragmentation of the traditional disciplines;
<b>Scholarship of Teaching</b>	exploring the dynamic endeavor involving all the analogies, metaphors and images that build bridges between the teacher's understanding and the student's learning

The scholarship of *discovery* is often considered “traditional” scholarship, and a category frequently used for promotion and tenure decisions at institutions of higher education. However, embedded within the mission of a *metropolitan university*, a category akin to the traditions of the land grant institution, scholarship seeks to link “basic investigations with practical application” (The Coalition of Urban and Metropolitan Universities (CUMU), *Declaration of Metropolitan University*, <http://www.cumuonline.org/about/declaration.htm>, Retrieved April 16, 2007)). In the land grant model, members of the surrounding community brought to the university practical problems and issues that were relevant to their locale. Problems were contextual to the immediate population with solutions focusing on pragmatic applications, addressing the immediate needs within the community. The metropolitan university, therefore, seeks to forge “interdisciplinary partnerships [within the community] for attacking complex metropolitan problems” (CUMU).

The metropolitan university cultivates a close relationship with the urban center and its suburbs, often serving as a catalyst for change and source of enlightened discussion. Leaders in government and business agree that education is the key to prosperity, and that metropolitan universities will be on the cutting edge of education not only for younger students, but also for those who must continually re-educate themselves to meet the challenges of the future.  
(<http://www.cumuonline.org/about/index.htm>, Retrieved April 16, 2007)

In light of the mission of a metropolitan university the scholarship categories that are germane to the workload of COE faculty and the ones that will take a central role in promotion and tenure criteria are the categories of *application*, *integration*, and *teaching*. Our goal is for a representation of scholarship that is more inclusive than that of traditional scholarship of discovery and openly acknowledging that “Scholarship is widely interpreted and takes on many forms” (ART Document, p. 13). In addition, we agree with the following statement in the ART Policy:

Faculty will be guided by the definitions of scholarship defined above and *further articulated by their department and college* on the basis of disciplinary/interdisciplinary intellectual interests.  
(ART Document, p. 14. *Emphasis added*)

In Table 2 we offer examples of activities and products for each form of scholarship. This list is not inclusive of all products that faculty may use for the evaluation of scholarship, and we encourage faculty to add products that they deem relevant to their work.

## Service

Faculty members are responsible for service to the University (which includes the college and the department), their discipline, and the broader community including collaborations and partnerships with practitioners in the field. Service may also include civic service ‘that may or may not be directly related to one’s academic expertise, but in ways which advance the university’s mission’ (ART Document, p. 14) It is expected that COE faculty demonstrate their commitment to service as documented by activities such as:

- Membership on department, college, and university committees and task forces;
- Leadership positions in the department, college, and university governance structure;
- Involvement in the work of practitioners in one’s field;
- Involvement in professional organizations and associations in one’s field at the state, regional, national, or international level; and
- Service to community associations.

## **Annual Review and Reappointment Process for Tenured and Tenure-Track Faculty**

### Overview of Annual Review and Reappointment

All faculty, tenured and tenure-track, shall be evaluated annually according to the procedures and criteria described herein.

All faculty, programs, departments, and colleges shall abide by both the USM and the Towson University Annual Review and Reappointment (Section VI). The processes, procedures, and cycle for all evaluations (annual, reappointment) shall follow the general and appropriate specific policies described herein.

All faculty shall complete the current version of the Annual Report (AR) and Workload Agreement, (see Section VII) and include it in their evaluation portfolio as described herein. Department chairs shall assist continuing faculty with the development and approval of the Workload Agreement. Such workload expectations shall be aligned with department, college and university goals based on the department, college and university missions and visions.

Each fall, an Annual Review shall be completed for each tenured and tenure-track faculty member holding a full-time contract. It shall be included in the evaluation portfolio.

The chair of the department shall comply with the Towson University Annual Review, and ensure that evaluation portfolios meet all format requirements.

### Documentation and Material: The Evaluation Portfolio

The responsibility for presenting material for the annual review and reappointment rests with the faculty member.

Guided by the chairperson and department and college criteria, the faculty member shall have the responsibility of making distinctions between the various categories of teaching, scholarship, and service and shall include such distinctions, as s/he deems appropriate in his/her narrative statements and other documentation relevant to each evaluation portfolio section.

In order to ensure that all material and documentation used in making recommendations for annual review and reappointment contain appropriate information, all documentation shall be submitted in the form of an evaluation portfolio that addresses the professorial role, expectations of faculty in the university, and the faculty member's college and department criteria.

1. Evaluation portfolios shall be organized, indexed, and placed in a three-ring binder or submitted as an electronic portfolio.
2. Evaluation portfolio materials for annual review of all tenured faculty must include the following documents:

- a. completed and signed AR (Annual Report Parts I & II) or CAR (Chairperson's Annual Report I & II) Forms; current *Curriculum vitae*;
- b. syllabi of courses taught during the year under review;
- c. evaluation of teaching and advising, as appropriate, and including the following:
  - i. student evaluations tabulated by the office of the department chairperson or an administrative entity other than the faculty member;
  - ii. grade distributions for courses beginning with the year this document takes effect;
- d. documentation of scholarship and service.
- e. peer and/or chairperson's evaluation(s) of teaching signed by faculty member and evaluator.

## Process for Merit Review

### Annual Review for Merit

The department PTRM committee shall annually review faculty for merit as appropriate.

In conjunction with guidelines issued by the Chancellor or the Board of Regents, the Standards and Expectations for New Tenure-Track Faculty or section AR II of the Annual Report form or section CAR II of the Chairperson's Annual Report form shall serve as the basis for merit evaluation. To qualify for merit, faculty members shall demonstrate achievement in teaching, scholarship, and service consistent with their AR or CAR Part II.

Each faculty member shall prepare an evaluation portfolio describing activities and accomplishments during the academic year, to which the evaluation applies as outlined in the section —Documentation and Material Inclusion (below). The faculty member shall submit the evaluation portfolio to the department chair no later than the third Friday in June.

The annual review for merit shall be conducted and completed no later than during the fall semester following the academic calendar year under review. The department chair shall be responsible for presenting to the department PTRM committee(s) all the evaluation portfolios for all faculty members in the department.

The department chair shall not be a voting member of the department PTRM committee(s).

All votes regarding comprehensive reviews taken by any committee and/or the department shall be by confidential ballot, signed with the Towson University ID number, and dated by the voting member, and tallied by the committee chair. The committee chair shall forward a signed, dated report of the results of the vote and the committee's recommendations to the next level of review. The confidential ballots shall not be included in the faculty evaluation portfolio, but shall be forwarded under separate cover to the Provost, to be preserved with the tenure and promotion file until three years following the faculty member's termination or resignation from the university.

The department PTRM committee(s) shall evaluate these evaluation portfolios and shall prepare a written report, with vote count, for each recommendation. The recommendation shall contain reference to each category evaluated including teaching/advising, scholarship and university/civic/professional service. The statement should be consistent with the department's standards and expectations (set forth in the department PTRM document) and submitted to the department chair no later than the second Friday in October.

The department chair may prepare an independent recommendation and include it in the faculty member's evaluation portfolio by the fourth Friday in October.

All recommendations shall be conveyed in writing to the faculty member, inclusive of the department chairperson's statement and a record of the vote count, no later than the fourth Friday

in October. Negative recommendations shall be delivered in person by the department chairperson or sent by certified mail to the faculty member's last known address.

The department chairperson shall meet with each faculty member to discuss the faculty member's annual report, the student and peer evaluations of teaching and advising, the department PTRM recommendation, and the annual faculty evaluation in general.

The department PTRM committee chairperson shall forward the evaluation portfolio, PTRM and chair recommendations and the department vote count record to the dean's office by the second Friday in November.

By the first Friday in February, the dean shall review the department recommendations and forward them to the Provost. If the dean disagrees with the department recommendation, the dean shall notify the department chairperson and the faculty member of the recommendation in writing. The recommendation shall contain reference to each category evaluated including teaching/advising, scholarship, and university/civic/professional service. The dean shall be responsible for adding this recommendation to the faculty member's evaluation portfolio.

Negative recommendations shall be delivered in person by the dean or sent by certified mail to the faculty member's last known address by the second Friday in February.

Faculty may appeal a negative recommendation for merit at any point in the process, following the procedures outlined below; however, the appeal shall not stay the merit review process.

The Provost shall review and approve or deny merit recommendations. The Provost's decision on merit is final; there is no appeal from the Provost's decision.

### Standards and Criteria Used in Evaluation of Faculty Performance

There are three (3) categories of merit as follows:

- i. Not Meritorious: Performance fails adequately to meet standards.
- ii. Satisfactory (Base Merit): Performance is competent and contributes to fulfilling the mission of the University, college, and department.
- iii. Excellent (Base Merit plus one Performance Merit): Excellence in teaching, or scholarship, or service and satisfactory performance in other performance categories.

Each department will explicitly and clearly define the above categories for use in their merit deliberations.

### Negative Recommendations and Appeals

Negative recommendations at any level regarding merit shall be delivered in writing in person or sent by certified mail to the faculty member's last known address by the administrator at the appropriate level. The chair has the responsibility for the conveyance of any recommendation made at the departmental level and the dean has the responsibility for the conveyance of any recommendation made at the college level. The Provost has the responsibility for the conveyance of any decision rendered by the Provost. Negative recommendations shall be delivered in writing in person or by certified mail, return-receipt-requested, and post-marked no later than the date on which reports are to be

distributed to the faculty member according to the university PTRM calendar.

All appeals shall be made in writing. The timeframe for appeals at all levels is twenty-one (21) calendar days beginning with the date that the negative judgment is delivered in person or the date of the postmark of the certified letter.

There are three (3) types of appeals.

Substantive appeals refer to perceived errors in judgment by either department merit committee, the department chairperson, the dean and/or the Provost with regard to evaluation of the faculty member's performance. The next higher level shall serve as the appeals body. Appeals must be delivered by certified mail or in person, to the dean, or Provost within twenty-one (21) calendar days of notification of the negative recommendation.

The appeal must be in writing, clearly stating the grounds for appeal and must be accompanied by supporting documents. The faculty member may supplement the evaluation portfolio under review with any statement, evidence, or other documentation s/he believes would present a more valid perspective on his/her performance.

All challenge material shall be placed in the evaluation portfolio under review no later than five (5) business days before the evaluation portfolio is due to the next level. All material placed in the file, including challenge material, shall become a part of the cumulative expansion of the evaluation portfolio and shall not be removed by subsequent levels of evaluators. The evaluation portfolio under review, with additions, will be forwarded to the next level by the appropriate Merit committee chair.

Within fifteen (15) business days of receipt of a formal appeal with attached materials, the recipient of the appeal (e.g. the dean, the Provost) shall review the case and provide a written response to the substantive appeal. Copies of this letter will be provided to all parties who were copied on the original appeal letter.

Procedural appeals relate to alleged errors in the procedures followed in the review, recommendation and notification process, and shall follow the procedures below. Procedural appeals shall be made to the university PTRM committee.

The appeal must be in writing, clearly stating the alleged procedural error(s). The appeal shall be accompanied by supporting documents and should be delivered by certified mail or in person to the respective dean, Provost, or UPTRM chair within twenty-one (21) calendar days of having been notified of the negative recommendation.

Appeals of department recommendations shall be copied to the department chair, the department PTRM chair, the dean and the university PTRM committee chair.

Within fifteen (15) business days of receipt of a formal appeal with attached materials, the university PTRM committee shall review the case and provide a written response. Copies of this response will be provided to all parties who were copied on the original appeal letter.

Recommendations of the university PTRM committee may be appealed to the President whose decision shall be final. The chair of the university PTRM committee will monitor the appeal process.

Appeals alleging unlawful discrimination in race, color, religion, age, national origin, gender, sexual orientation and disability shall follow the specific procedures described in Towson University policy 06-01.00 —Prohibiting Discrimination on the basis of Race, Color, Religion, Age, National Origin, Sex and Disability.

### Documentation and Material Inclusion

The responsibility for presenting material for merit rests with the faculty member. The annual review evaluation portfolio is utilized to determine level of merit to be awarded.

Guided by the chairperson and department and college criteria, the faculty member shall have the responsibility of making distinctions between the various categories of teaching, scholarship, and service and shall include such distinctions, as s/he deems appropriate in his/her narrative statements and other documentation relevant to each evaluation portfolio section.

In order to ensure that all material and documentation used in making recommendations for merit contain appropriate information, all documentation shall be submitted in the form of an evaluation portfolio that addresses the professorial role, expectations of faculty in the university, and the faculty member's college and department criteria. (See the above section on Annual Review for documentation to include.)

During the course of the evaluation process, the faculty member or his/her chairperson or program director participating in the evaluation process may add to the evaluation portfolio information related to work that was completed prior to June 2 that has only become available after the deadline stipulated in the Towson University Annual Review, Reappointment, Third-Year Review, Merit, Promotion, Tenure, and Comprehensive Review Calendar (Section VI).

The information shall relate specifically to the faculty member's performance as presented by either the faculty member in his/her evaluation portfolio or in the chairperson's evaluation of the faculty member's performance. Information added by the faculty member to update the evaluation portfolio must be included by the third Friday in September.

The addition of said material and notification thereof shall not interfere with the time designated for review as described in the Towson University Annual Review, Reappointment, Third-Year Review, Merit, Promotion, Tenure, and Comprehensive Review Calendar (Section VI).

If the faculty member or the chairperson participating in the evaluation process wishes to add a statement to his/her file rebutting or clarifying information or statements in the file, this information must be included in the evaluation portfolio in a special section entitled —Information Added. All documentation used as part of the consideration process must be included in the evaluation portfolio no later than November 30. The Dean will send a copy to the department chair of any such information added to the evaluation portfolio after the second Friday in November.

If the chairperson or program director participating in the evaluation process includes information in the faculty member's evaluation portfolio, other than his/her evaluation, that specific information shall immediately be made known to the faculty member undergoing evaluation and before any evaluation at the next level of review takes place. Solicited external reviews will not be added to the evaluation portfolio but will be forwarded under separate cover to each level of review. Record of the faculty member's notification shall be tracked via the Promotions, Tenure, Reappointment, and Merit (PTRM) Document Review Transmittal Form (see Section VII). A failure to notify the faculty within five (5) business days will result in the material being removed from the evaluation portfolio.

Evaluators reviewing materials that have been added by the faculty member or administrators during the course of the review process shall note that they do so in their evaluation statements.

Copies of the chairperson's detailed report with recommendation are included in the evaluation portfolio as it proceeds through the process. The committee's written report with recommendation shall provide a detailed rationale for the recommendation, as well as the vote count.

## Promotion and Tenure Process

By the third Friday in September of the academic year preceding the academic year in which a faculty member intends to submit material for promotion and/or tenure, the faculty member shall notify the chair of the department of his/her intention.

By the fourth Friday in September of the academic year preceding the academic year in which a faculty member is to undergo tenure or promotion, the department chair shall notify all members of the department of those intentions and shall confirm those intentions to the dean and the Provost.

The department PTRM Committee shall evaluate faculty for tenure and/or promotion.

The department PTRM committee(s) shall review evaluation portfolios for promotion and/or tenure and shall prepare a written report, with vote count, for each recommendation. The recommendation shall contain reference to each category evaluated including teaching/advising, scholarship and university/civic/professional service. The recommendation should be consistent with the department's standards and expectations (set forth in the department PTRM document) and submitted to the department chair by the second Friday in October.

The department chairperson shall prepare an independent evaluation of each faculty member considered for promotion and/or tenure and include it in the faculty member's evaluation portfolio by the fourth Friday in October.

All recommendations shall be conveyed in writing to the faculty member, inclusive of any department chairperson's statement and a record of the vote count no later than the fourth Friday in October. Negative recommendations shall be delivered in person by the department chairperson or sent by certified mail to the faculty member's last known address.

The department PTRM committee chairperson shall forward the faculty member's evaluation portfolio, inclusive of the Evaluation Record (vote count) to the dean's office by the second Friday in November, where they will be available to members of the college PTRM committee.

The college PTRM committee shall consider the Evaluation Record (vote count) relative to tenure and/or promotion. It shall prepare a concisely written but detailed statement supportive of its recommendation, with reference to each category evaluated including teaching/advising, scholarship and university/civic/professional service. The statement with recommendation and vote count shall be added to the faculty member's evaluation portfolio and submitted to the dean by the first Friday in January.

The dean shall prepare his/her own recommendation regarding promotion and/or tenure. The recommendation shall contain reference to each category evaluated: including teaching/advising, scholarship and university/civic/professional service. The dean shall be responsible for adding this recommendation to each faculty member's evaluation portfolio by the third Friday in January.

The recommendations of the college PTRM committee and the dean shall be conveyed in writing to the faculty member by the third Friday in January. Copies also shall be sent to the department chair and the department PTRM committee chairperson. Negative recommendations shall be delivered in writing in person by the dean or sent by certified mail to the faculty member's last known address.

The dean shall forward the summative portfolio for each faculty member seeking promotion and/or tenure to the Provost by the first Friday in February.

The Provost may ask the dean, the department chairperson, or the department and/or college PTRM committee for additional information from the lengthier evaluation portfolio prior to making a final recommendation. The Provost shall prepare a substantive letter of recommendation regarding tenure to be sent to the faculty member, department and college PTRM committee chairpersons, department chairperson, dean of the college and the President by the third Friday in March. A copy of this letter will be filed with the faculty member's official file maintained by the Office of the Provost.

In the event of a negative recommendation at any level of review, the faculty member may choose to challenge the recommendation through the appeals process; however, an appeal will not stay the evaluation process.

The awarding of tenure and/or promotion shall be made only by the President.

Tenure and/or promotion shall be effective on the date indicated in the official letter containing the President's decision.

### **Materials for Promotion and Tenure Portfolio**

The responsibility for presenting material for promotion and tenure rests with the faculty member.

Guided by the chairperson and department and college criteria, the faculty member shall have the responsibility of making distinctions between the various categories of teaching, scholarship, and service and shall include such distinctions, as s/he deems appropriate in his/her narrative statements and other documentation relevant to each evaluation portfolio section.

Evaluation portfolio materials for full review of faculty for promotion and/or tenure must include the following documents from the faculty member's date of hire or last promotion:

- completed and signed AR (Annual Report Parts I & II)
- current *Curriculum vitae*
- syllabi of courses taught
- evaluation of teaching and advising, as appropriate, and including the following:
  - student evaluations tabulated by the office of the department chairperson or an administrative entity other than the faculty member;
  - grade distributions for courses beginning with the year this document takes effect (2010-2011);
  - documentation of scholarship and service;
  - a narrative statement in which the faculty member describes how he or she has

met and integrated teaching, research, and service expectations based on his/her workload agreements for the period under review. If the candidate seeks recognition for particular actions or accomplishments in teaching or service from the credited period, supporting evidence must be submitted. Additional materials from the credited period may be submitted at the candidate's discretion.

If at any level confidential external reviews are solicited pursuant to departmental or college promotion and tenure policies, they will remain confidential and will not be made available to the faculty member. These reviews will not be included in the faculty evaluation portfolio, but will be forwarded under separate cover to each subsequent level of review.

Copies of the chairperson's detailed report with recommendation are included in the evaluation portfolio as it proceeds through the process. The committee's written report with recommendation shall provide a detailed rationale for the recommendation, as well as the vote count.

In addition to the evaluation portfolio, faculty being reviewed for promotion and tenure shall also prepare a summative portfolio for the Provost. It shall be clearly labeled with the faculty member's name, department, and type of review. In each section of the binder, documents shall be presented from the most recent year evaluated to the time of last promotion or year of hire. ## Procedures for Promotion and Tenure Review

Aside from simply showcasing teaching, scholarship, and service, each candidate will attend to the following items that are embedded within these categories. Failure to do so may result in an unfavorable review.

### Peer Evaluation of Teaching

Tenure track faculty are required to show evidence of peer review of their teaching. The general process is as follows:

- Classroom/clinical visits are encouraged for purposes of professional growth and are required when the person is being considered for reappointment, third-year review, promotion, or tenure. Peer reviews of teaching are also required for the comprehensive five-year review.
- Departments must develop discipline-specific criteria or guidelines for performing and reporting classroom/clinical observations. These should be included in the department PTRM document submitted to the university PTRM committee for approval.
- A minimum of two (2) peer observations shall be conducted per review period. The department PTRM committee will approve the peers selected for the review. For tenure track faculty, a “review period” is defined as one calendar year. For tenured faculty, a “review period” is defined as five calendar years.
- Advance notice of at least one (1) week of the peer observation shall be given to the faculty member.

In the event that a faculty member has consistent unsatisfactory student or peer evaluations of instruction, the department chair shall develop a remediation plan in consultation with the faculty member. This plan may include mentoring, additional classroom visitations, and/or instruction in teaching effectiveness. A plan shall be put in place regardless of the rank and/or tenure status of the faculty.

### Visitation Activities

The following is a description of a process in preparation for peer reviews:

- The faculty member may request a pre-visitation conference to contextualize the lesson for the observers.
- Faculty members should provide any relevant material to the observer (e.g., the course syllabus, a lesson plan, lesson handouts)
- The observers must write an observation report and submit it to the instructor observed. This report will include:
  1. An objective description of the lesson activities; and
  2. A reaction statement which evaluates:
    - instructional strategies employed, including the instructor serving as a “facilitator of active learning” and modeling best practices;
    - objectives set and accomplished;

- professional demeanor of the faculty member;
- other (optional).

A post-observation conference will take place within two weeks of the observation. The observation report will be presented in writing to the instructor within four weeks of observation. The instructor should receive, read, and sign all materials at this time. The faculty member will have two weeks to attach additional or alternative relevant information to any of these materials.

### Evaluation of Advising

Advising evaluation procedures will be developed by the department and/or program and minimally address the following criteria. Advisors are expected to:

- Be accessible to assist students with academic questions;
- Be knowledgeable about programs, policies, and procedures;
- Provide accurate and timely information to students; and
- Be professional in relating to students.

Sample advising evaluation forms are provided in Appendix A.

### Faculty Support

It is the responsibility of the Chair of the department to support a working plan for the faculty member's promotion. This includes:

1. Providing a teaching schedule and required service responsibilities that allow the instructor to protect time for scholarship; and
2. Meeting each semester with the faculty member in order to review and counsel him/her on perceived progress in developing a sustained record of scholarship.

In a case in which the candidate switched his or her department, the following two elements shall be considered:

1. If the candidate's years of service in the current department is less than, or equal to, one year, the candidate's application shall be reviewed by the applicant's prior department.
2. Otherwise, the candidate's application will be reviewed by the current department Promotion and Tenure Committee.

## **Operating Procedures for College Promotion/Tenure, Review, and Merit Committee**

This section will outline the operating procedures of the college PTRM committee, which includes committee membership, policies and procedures, and the roles and responsibilities of committee members. As determined by the University PTRM calendar the college Committee will be constituted by the first Friday in May of the year preceding review.

### College Committee

The college PTRM committee shall consist of one (1) representative from each department elected at large by the college tenured and tenure-track faculty. These elections are concluded no later than the first Friday in May. Members of the committee will serve for a period of three (3) years but for no more than two (2) consecutive terms. These three-year terms will be staggered to ensure some continuity from year to year. Eligible members shall include tenured faculty at the rank of either associate or full professor. Department chairpersons are not eligible.

If a department does not have one (1) or more faculty eligible to serve, an exception to the policy may be made and approved by the dean and the university PTRM committee.

The dean shall serve as a member of the college PTRM committee, *ex officio*, non-voting.

College PTRM committee members who are presenting themselves for promotion or comprehensive review shall not serve during the year in which any decision relative to their review is undertaken.

Beginning with the implementation of these revisions, each college shall review its PTRM document every three (3) years and submit evidence of such review to the dean of the college and the university PTRM committee.

The committee chair shall forward a signed, dated report of the results of the vote and the committee's recommendations to the next level of review. The confidential ballots shall not be included in the faculty evaluation portfolio, but shall be forwarded under separate cover to the Provost, to be preserved with the tenure and promotion file until three (3) years following the faculty member's termination or resignation from the university. No committee member shall abstain from a vote for tenure or promotion unless the Provost authorizes such abstention based for good cause, including an impermissible conflict of interest.

In order to ensure that all material and documentation used in making recommendations for annual review and reappointment contain appropriate information, all documentation shall be submitted in the form of an evaluation portfolio that addresses the professorial role, expectations of faculty in the university, and the faculty member's college and department criteria. ## Third-Year Review

At the conclusion of the fall semester during a candidate's third year at Towson University, the department PTRM Committee shall conduct a Third-Year Review of tenure-track candidates. The intent of the evaluation is to assess progress toward tenure and to advise and mentor the faculty member. This includes providing assistance where issues or shortcomings in the candidate's profile are identified and encouragement where progress is deemed satisfactory or exemplary. Department PTRM committee evaluations of a candidate's interim progress will become part of the faculty member's file at the department level and shared with the dean; however, it will not be forwarded to either the college PTRM committee or the Provost.

The faculty member to be reviewed shall prepare an interim evaluation portfolio of activities for evaluation by the department's PTRM committee.

The department PTRM committee will evaluate the materials and prepare a clear, written statement of progress toward tenure addressing teaching/advising, a plan for and evidence of scholarly/creative activity, and service and other relevant criteria. This statement:

- must include an indication of whether or not the faculty member's work to date is leading towards a positive tenure and promotion decision; and
- must provide guidance for the improvement of the evaluation portfolio in the event of a satisfactory or unsatisfactory rating.

The following three-level scale is to serve as a general guideline for the review:

- Superior progress. Requirements include excellence in teaching/advising, excellence in scholarship, and meeting department standards in service.
- Satisfactory progress. Requirements include progress towards excellence in teaching and scholarly productivity with satisfactory service as determined by the department. This ranking indicates that the department has determined that progress towards tenure is satisfactory but improvements are needed.
- Not satisfactory progress. This evaluation requires change by the faculty across one or more dimensions. This essentially means that continuance on this performance trajectory is unlikely to result in a favorable tenure decision.

All documentation is due to the chair of the department..

Feedback should be both in writing and in a face-to-face meeting with the department chair and the department PTRM committee chair. . The written report will be shared with the dean.

## Procedures for Five-Year Comprehensive Review

### Overview of Comprehensive Review

General information regarding University System of Maryland (USM) policy on evaluation may be found in the Board of Regents —II-1.00 University System Policy on Appointment, Rank, and Tenure of Faculty (<http://www.usmd.edu/regents/bylaws/SectionII/II100.html>) and the Towson University Policy on Appointment, Rank, and Tenure of Faculty (<http://inside.towson.edu/generalcampus/tupolicies/categorylist.cfm?thecategory=Faculty>).

All faculty, tenured and tenure-track, shall be evaluated annually according to the procedures and criteria described herein.

All deliberations pertaining to comprehensive review at all levels shall be confidential.

All faculty, programs, departments, and colleges shall abide by both the USM and the Towson University Comprehensive Review Calendars (Section VI). The processes, procedures, and cycle for comprehensive review shall follow the general and appropriate specific policies described herein.

The chair of the department shall comply with the Towson University Comprehensive Review Calendar and ensure that evaluation portfolios meet all format requirements.

The procedures and expectations for review set forth in this appendix may be amended from time to time.

### Documentation and Material Inclusion

The responsibility for presenting material for the comprehensive review rests with the faculty member.

Guided by the chairperson and department and college criteria, the faculty member shall have the responsibility of making distinctions between the various categories of teaching, scholarship, and service and shall include such distinctions, as s/he deems appropriate in her/his narrative statements and other documentation relevant to each evaluation portfolio section.

In order to ensure that all material and documentation used in making recommendations for comprehensive review contain appropriate information, all documentation shall be submitted in the form of an evaluation portfolio that addresses the professorial role, expectations of faculty in the university, and the faculty member's college and department criteria. Evaluation portfolios shall be organized, indexed, and placed in a three-ring binder or submitted as an electronic portfolio. Contents shall include:

- completed and signed AR (Annual Report Parts I & II) or CAR (Chairperson's Annual Report I & II) Forms for each of the five years under review;
- current *Curriculum vitae*;

- syllabi of courses taught during the five years under review;
- evaluation of teaching and advising, as appropriate, for the five years under review and including the following:
  - student evaluations tabulated by the office of the department chairperson or an administrative entity other than the faculty member;
  - grade distributions for courses beginning with the year this document takes effect Fall 2010;
  - peer evaluations of teaching at least for the prior academic year;
  - documentation of scholarship and service; and,
  - a reflective comprehensive summary written by the faculty member being evaluated, analyzing the preceding five years of his/ her work in the areas of teaching, scholarship, and service.

During the course of the evaluation process, the faculty member or his/her chairperson or program director participating in the evaluation process may add to the evaluation portfolio information related to work that was completed prior to June 2 that has only become available after the deadline stipulated in the Towson University Comprehensive Review Calendar. The information shall relate specifically to the faculty member's performance as presented by either the faculty member in his/her evaluation portfolio or in the chairperson's or program director's evaluation of the faculty member's performance. Information added by the faculty member to update the evaluation portfolio must be included by the third Friday in September. The addition of said material and notification thereof shall not interfere with the time designated for review as described in the Towson University Comprehensive Review Calendar.

If the faculty member or the chairperson or program director participating in the evaluation process wishes to add a statement to his/her file rebutting or clarifying information or statements in the file, this information must be included in the evaluation portfolio in a special section entitled —Information Added. All documentation used as part of the consideration process must be included in the evaluation portfolio no later than November 30. The Dean will send a copy to the department chair of any such information added to the evaluation portfolio after the second Friday in November.

If the chairperson or program director participating in the evaluation process includes information in the faculty member's evaluation portfolio, other than his/her evaluation, that specific information shall immediately be made known to the faculty member undergoing evaluation and before any evaluation at the next level of review takes place. Record of the faculty member's notification shall be tracked via the Promotions, Tenure, Reappointment, and Merit (PTRM) Document Review Transmittal Form (see Section VII). A failure to notify the faculty within five (5) business days will result in the material being removed from the evaluation portfolio.

Evaluators reviewing materials that have been added by the faculty member or administrators during the course of the review process shall note that they do so in their evaluation statements.

Copies of the chairperson's or program director's detailed report with recommendation are included in the evaluation portfolio as it proceeds through the process. The committee's written report with recommendation shall provide a detailed rationale for the recommendation, as well as the vote count.

In addition to the annual evaluation portfolio, faculty being reviewed for comprehensive review shall also prepare a summative portfolio for the Provost. It shall be clearly labeled with the faculty member's name, department, and type of review. Plastic sheet protectors are not to be used. In each section of the binder, documents will cover the five years under review and shall be presented from the most-to-least recent year. The summative portfolio shall be compiled in a one- inch binder, labeled and indexed as follows:

#### Section I

- *Curriculum vita.*
- A copy of *one* recent peer-reviewed publication or description of a comparable creative activity.

#### Section II

- University Forms: Completed and signed Annual Report (AR I & II) or Chairperson's Annual Report (CAR I & II) Forms.

#### Section III

- Summary of student evaluations across the evaluation period. Faculty should submit the summary of results for each course received from the assessment office.
- Include a narrative statement about individual teaching and/or advising philosophy and an interpretation of student and/or peer/chairperson evaluations.
- A minimum of two peer teaching evaluations shall be included from the five years under review.

#### Section IV

- Supporting Statement: Summary statement describing correlation between expectations and accomplishments and integrating accomplishments in the areas of scholarship, teaching, and service.

#### Section V

- Final evaluation of the departmental Comprehensive Review Committee;
- Letter of evaluation from department chairperson; and
- Letter of evaluation from academic dean

### Additional documentation responsibilities

- Binders that do not comply with this organization will be returned to the department.
- The dean of the college shall assure that the summative portfolio for the Provost is organized according to the guidelines described herein.
- The dean of the college shall have the responsibility of returning the supporting material to the department chair who shall then retain it for three years. The materials shall be made available only if requested by the Provost.

## **Process and Procedures for Comprehensive Reviews**

### Principles

The evaluation materials included shall be professional, understandable, well-organized and easy to follow.

Recommendations shall be supported by referring to the faculty member's performance in the categories considered. Each preceding level of evaluator(s) shall take into account the recommendations of the preceding evaluator(s). Evaluators at each level shall make an independent judgment, however, based on the evaluation material submitted at that level.

The evaluation process requires the exercise of sound judgment, confidential deliberation, and knowledge of the university, its educational vision, mission and goals.

All votes regarding comprehensive reviews taken by any committee and/or the department shall be by confidential ballot, signed with the Towson University ID number, and dated by the voting member, and tallied by the committee chair. The committee chair shall forward a signed, dated report of the results of the vote and the committee's recommendations to the next level of review. The confidential ballots shall not be included in the faculty evaluation portfolio, but shall be forwarded under separate cover to the Provost, to be preserved with the tenure and promotion file until three years following the faculty member's termination or resignation from the university.

In the event of a negative recommendation at any level of review, the faculty member may choose to challenge the recommendation through the appeals process.

In the event of a difference in recommendations at the department level (PTRM committee and chair), the evaluation portfolio will be forwarded to the next level of review.

### Documentation Development

For faculty evaluations, the full evaluation portfolio shall be assembled by the individual being considered for comprehensive review.

The faculty member about whom the recommendation is made shall review the evaluation portfolio at each level and indicate that all documents have been included at the time of the evaluation portfolio submission to the next level of review.

For every type of evaluation, the faculty member shall sign a statement indicating that s/he has read, but not necessarily agreed with the evaluation. However, failure to sign shall not prevent the documentation from being forwarded to the next evaluation level.

In the event that a faculty member wishes to challenge any written administrator evaluation and/or committee recommendation, s/he may add to the file any statement, evidence, or other documentation s/he believes would present a more valid perspective of her/his performance.

All material placed in the file, including challenge material, shall become a part of the cumulative expansion of the evaluation portfolio and shall not be removed by subsequent levels of evaluators, provided the material inclusion process has been adhered to with respect to notifying the faculty member and adhering to the review process timeline as stipulated in the Towson University Comprehensive Review Calendar.

### Document Storage

The department chairperson shall maintain a copy of all official documents concerning evaluation recommendations. Copies of all recommendations also shall be sent to the faculty member and the dean of the respective college.

The dean shall forward the evaluation recommendation to the Provost.

The official file concerning recommendations for five-year comprehensive review, shall be maintained by the Provost as Chief Academic Officer of the university.

### Evaluation Procedures

#### Comprehensive Five-Year Review (Post-tenure Review)

- The comprehensive review shall be conducted in accordance with all policies, including appeals, relevant to the Annual Review process except as noted in this section.
- All tenured faculty shall be reviewed at least once every five (5) years. Comprehensive reviews are summative for a period of the preceding five (5) academic years.
- The chair of the department, in consultation with the dean of the college shall establish the cycle for comprehensive reviews of faculty within the department. A faculty member who has submitted formal notice of retirement during the fourth or fifth year of his/her comprehensive review cycle with an intention to retire at the end of that cycle may be exempted from the comprehensive review process at the discretion of the dean of the college.
- Evaluation portfolio materials for the Five-Year Comprehensive Review are listed above.
- The department PTRM committee(s) shall review the evaluation portfolios and shall prepare a written report, with vote count, for each recommendation. The recommendation shall contain reference to each category evaluated: teaching/advising, scholarship, and university/civic/professional service. The statement should be consistent with the department's standards and expectations (stipulated in the department PTRM document) and submitted to the department chair.
- The department chairperson shall prepare an independent evaluation of each faculty

member under review and include it in the faculty member's evaluation portfolio..

- The faculty member's evaluation portfolio, inclusive of the written recommendation of the department committee, the written evaluation of the department chair, and the vote count shall be forwarded by the department PTRM committee chair to the dean's office.
- The dean of the college shall write a review with recommendation for the five-year comprehensive review. A copy of the review must be included in the evaluation portfolio submitted to the Office of the Provost.
- A faculty member may appeal a negative recommendation at any point in the process, following procedures outlined in the Appeals Section.
- All recommendations shall be conveyed in writing to the faculty member, inclusive of any department chairperson's statement and a record of the vote count. Negative recommendations shall be delivered in person by the department chairperson or sent by certified mail to the faculty member's last known address.
- A negative comprehensive review shall be followed by the development of a written professional development plan to remediate the faculty member's failure to meet minimum expectations as noted in the comprehensive review. This written plan shall be developed by the faculty member and approved by the chair and the dean. The plan shall be signed by the faculty member, chair and dean.
- The plan shall be implemented in the fall semester following approval of the plan. Evidence of improvement must be clearly discernible in evaluation portfolio materials submitted in the next annual review process. Lack of evidence of discernible improvement may result in a formal warning, sanction or termination
- Two (2) consecutive annual reviews indicating the faculty member has not met minimum expectations shall occasion an immediate comprehensive review, which shall be in addition to those otherwise required by policy.
- Chairpersons, as faculty members, are included in the comprehensive review process.
- Faculty members with joint appointments are to be reviewed according to the schedule of their "home" department.

## **Comprehensive Review Committee Structure, Policies, and Procedures**

The department PTRM committee shall make recommendations concerning comprehensive five-year review.

The department chairperson shall not serve as a voting member of the department PTRM committees.

### Negative Recommendations and Appeals

Negative recommendations at any level regarding the comprehensive five-year review shall be delivered in writing in person or sent by certified mail to the faculty member's last known address by the administrator at the appropriate level. The chair has responsibility for conveyance of any recommendation made at the departmental level and the dean has responsibility for conveyance of any recommendation made at the college level. The Provost has responsibility for conveyance of any decision rendered by the Provost. Negative recommendations shall be delivered in writing in person or by certified mail, return-receipt-requested, and post-marked no later than the date on which reports are to be distributed to the faculty member according to the university PTRM calendar.

All appeals shall be made in writing. The timeframe for appeals at all levels is twenty-one (21) calendar days beginning with the date that the negative judgment is delivered in person or the date of the postmark of the certified letter.

There are three (3) types of appeals:

1. Substantive appeals refer to perceived errors in judgment by either department and/or college PTRM committees, the department chairperson, the dean and/or the Provost with regard to evaluation of the faculty member's performance.

The next higher level shall serve as the appeals body. Appeals must be delivered by certified mail or in person to the college PTRM, dean, or Provost within twenty-one (21) calendar days of notification of the negative recommendation.

The appeal must be in writing, clearly stating the grounds for appeal and must be accompanied by supporting documents. The faculty member may supplement the evaluation portfolio under review with any statement, evidence, or other documentation s/he believes would present a more valid perspective on his/her performance.

Appeals of departmental recommendations shall be copied to the department chair and the department PTRM chair. Appeals of college recommendations shall be copied to the college dean and the college PTRM committee.

All challenge material shall be placed in the evaluation portfolio under review no later than five (5) business days before the evaluation portfolio is due to the next level. All material placed in the file, including challenge material, shall become a part of the cumulative expansion of the evaluation portfolio and shall not be removed by subsequent levels of evaluators. The evaluation portfolio under review, with additions, will be forwarded to the next level by the appropriate PTRM committee chair.

Within fifteen (15) business days of receipt of a formal appeal with attached materials, the recipient of the appeal (e.g. the college PTRM committee, the university PTRM committee, or the Provost) shall review the case and provide a written response to the substantive appeal. Copies of this letter will be provided to all parties who were copied on the original appeal letter.

Recommendations made by the Provost may be appealed to the President whose decision is final.

2. Procedural appeals relate to alleged errors in the procedures followed in the review, recommendation and notification process, and shall follow the procedures below.

Procedural appeals shall be made to the university PTRM committee.

The appeal must be in writing, clearly stating the alleged procedural error(s). The appeal shall be accompanied by supporting documents and should be delivered by certified mail or in person to the respective dean, Provost, or UPTRM chair within twenty-one (21) calendar days of having been notified of the negative recommendation.

Appeals of department recommendations shall be copied to the department chair, the department PTRM chair, the dean and the university PTRM committee chair. Appeals of college recommendations shall be copied to the college dean, the college PTRM committee, the department chair, and the university PTRM committee chair. Appeals of Provost recommendations shall be copied to the dean and department chair.

Within fifteen (15) business days of receipt of a formal appeal with attached materials, the university PTRM committee shall review the case and provide a written response. Copies of this response will be provided to all parties who were copied on the original appeal letter.

Recommendations of the university PTRM committee may be appealed to the President whose decision shall be final. The chair of the university PTRM committee will monitor the appeal process.

3. Appeals alleging unlawful discrimination in race, color, religion, age, national origin, gender, sexual orientation and disability shall follow the specific procedures described in Towson University policy 06-01.00 —Prohibiting Discrimination on the basis of Race, Color, Religion, Age, National Origin, Sex and Disability.

The President's decision on comprehensive five-year review shall be final.

#### Faculty Development Relative to PTRM Process

Because the goal of the faculty evaluation process is to enhance student learning and to address the mission and vision of the university, college and/or department, the university shall maintain a foundation of resources to support the faculty in its evaluation role, both as individuals and the evaluation structure.

Resources shall be supported university-wide through the Division of Academic Affairs and through other appropriate units, such as the Center for Instructional Advancement and Technology (CIAT), as well as through departmental and college-based programs.

Within the second semester of the academic year, the Office of the Provost shall provide a workshop addressing PTRM issues. Faculty members serving on university, college, and/or department PTRM committees are expected to attend. Faculty members aspiring to serve on PTRM committees are encouraged and welcomed to attend regardless of their rank. Such workshops may address current national trends in evaluation issues and any changes in USM and Towson institutional policies. A certificate of attendance will be provided. Faculty may include such certificate under university service in their annual evaluation portfolio.
