In the event that weather or other emergency conditions warrant the early closing, all-day closing or delayed opening of Towson University, an announcement will be made through the following communication channels:

- Towson University homepage
- TU Emergency Text Message Alert (registration required)
- Campus-wide email
- University Facebook page
- University Twitter feed
- Local radio and television stations

Such schedule adjustments will also be available on the Towson University Information Line, 410-704-2000. Please DO NOT call the University Police Department with university closing-related questions. The university will not post an announcement that the university is open. No announcement means “business as usual.”

When the main campus is closed, all events (including those sponsored by off-campus organizations) are canceled. The university will not make announcements about individual department or program activities.

Off-campus programs and courses (at the Towson University Northeastern Campus and the University Center at HEAT, for example) adhere to the announcement of the off-campus facility. Towson University announcements of delayed opening or closure apply to the main campus, as well as Towson City Center, 7400 York Road and Terracedale.

### FALL 2015

- Fall classes and Change of Schedule period begins: Wed., August 26
- Last day to drop or add first 7-week courses: Mon., August 31
- Change of Schedule period ends: Last day to drop a course with no grade posted to academic record: Thurs., September 3
- Labor Day Holiday (TU closed): Mon., September 7
- Last day to withdraw from first 7-week courses with a grade of “W”: Wed., September 23
- Mid-term and end of first 7-week courses: Thurs., October 15
- Second 7-week courses begin: Fri., October 16
- Last day to drop or add second 7-week courses: Wed., October 21
- Last day to withdraw from full-term courses with a grade of “W.” Last day to change to Pass or Audit grading option: Wed., November 4
- Last day to withdraw from second 7-week courses with a grade of “W.”: Fri., November 13
- Thanksgiving Holiday: Wed.–Sun., November 25–29
- Fall classes and Change of Schedule period begins: Wed., August 26
- Last day to drop or add first 7-week courses: Mon., August 31
- Change of Schedule period ends: Last day to drop a course with no grade posted to academic record: Thurs., September 3
- Labor Day Holiday (TU closed): Mon., September 7
- Last day to withdraw from first 7-week courses with a grade of “W”: Wed., September 23
- Mid-term and end of first 7-week courses: Thurs., October 15
- Second 7-week courses begin: Fri., October 16
- Last day to drop or add second 7-week courses: Wed., October 21
- Last day to withdraw from full-term courses with a grade of “W.” Last day to change to Pass or Audit grading option: Wed., November 4
- Last day to withdraw from second 7-week courses with a grade of “W.”: Fri., November 13
- Thanksgiving Holiday: Wed.–Sun., November 25–29

### Spring Term 2016

- Spring classes begin: Mon., January 25
- Last day to drop or add first 7-week courses: Thurs., January 28
- Change of Schedule period ends: Last day to drop a course with no grade posted to academic record: Tues., February 2
- Last day to withdraw from first 7-week courses with a grade of “W.”: Mon., February 22
- Spring Break: Sun.–Sun., March 13–20
- Mid-term and end of first 7-week courses: Mon., March 21
- Second 7-week courses begin: Tues., March 22
- Last day to drop or add second 7-week courses: Fri., March 25
- Last day to withdraw from full-term course with a grade of “W.” Last day to change to Pass or Audit grading option: Mon., April 4
- Last day to withdraw from second 7-week courses with a grade of “W.”: Tues., April 19
- Last Saturday classes meet: Sat., May 7
- Last day of classes: Tues., May 10
- Final examinations begin: Wed., May 11
- Last day of examinations and end of term: Tues., May 17

# How College is Different from High School

## Following the Rules in High School

<table>
<thead>
<tr>
<th>Following the Rules in High School</th>
<th>Choosing Responsibly in College</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your time is structured by others.</td>
<td>You manage your own time.</td>
</tr>
<tr>
<td>You can count on parents and teachers to remind you of your responsibilities and priorities.</td>
<td>You must balance your responsibilities and set your own priorities.</td>
</tr>
<tr>
<td>Each day you proceed from one class directly to another, spending six hours each day—30 hours a week—in class.</td>
<td>Schedules tend to look lighter than they really are. You often have hours between classes; class times vary throughout the day and evening; and you spend only 12 to 18 hours of each week in class.</td>
</tr>
<tr>
<td>You are not responsible for knowing what it takes to graduate.</td>
<td>Graduation requirements are complex and differ among majors. You are expected to know those that apply to you.</td>
</tr>
</tbody>
</table>

## Going to High School Classes

<table>
<thead>
<tr>
<th>Going to High School Classes</th>
<th>Succeeding in College Classes</th>
</tr>
</thead>
<tbody>
<tr>
<td>The school year is 36 weeks long; most classes extend over both semesters.</td>
<td>The academic year is divided into two separate 15-week terms, plus a week for exams. Most classes last one semester.</td>
</tr>
<tr>
<td>Classes generally have no more than 35 students.</td>
<td>Classes may vary from 20 to 100 students.</td>
</tr>
<tr>
<td>You may study outside class as little as 0 to 2 hours a week, and this may be mostly last-minute test preparation.</td>
<td>A recent study shows successful students study at least 15 hours per week. Studying includes any time spent on classes such as tutoring, meetings with instructors and review sessions.</td>
</tr>
<tr>
<td>You seldom need to read anything more than once, and sometimes listening in class is enough.</td>
<td>You need to review class notes and text material regularly.</td>
</tr>
<tr>
<td>You are expected to read short assignments that are then discussed and often re-taught.</td>
<td>You are assigned substantial amounts of reading and writing which may not be directly addressed in class.</td>
</tr>
</tbody>
</table>

## Tests in High School

<table>
<thead>
<tr>
<th>Tests in High School</th>
<th>Tests in College</th>
</tr>
</thead>
<tbody>
<tr>
<td>Testing is frequent and covers small amounts of material.</td>
<td>Testing is usually infrequent and may be cumulative, covering large amounts of material. You, not the professor, need to organize the material to prepare for the test. A particular course may have only two or three tests per term.</td>
</tr>
<tr>
<td>Make-up tests are often available.</td>
<td>Make-up tests are seldom an option; if they are, you need to request them.</td>
</tr>
<tr>
<td>Teachers frequently conduct review sessions, pointing out the most important concepts.</td>
<td>Professors rarely offer review sessions, and when they do they expect you to be an active participant, prepared with questions.</td>
</tr>
</tbody>
</table>

## Guidance and Counseling in High School

<table>
<thead>
<tr>
<th>Guidance and Counseling in High School</th>
<th>Academic Advisers in College</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your high school guidance counselor will schedule your classes for you to meet state minimum requirements for graduation.</td>
<td>First Year students will meet with their assigned FYE adviser to talk about college goals and how to achieve them. You will discuss all the requirements you need for graduation. Beginning with your second term, you will enroll in classes on your own. You will be expected to monitor your progress toward graduation by referring to your Academic Requirements Report online.</td>
</tr>
<tr>
<td>Guidance counselors will help you with college applications and ACT/SAT testing.</td>
<td>Academic advisers can provide referrals to other campus resources such as financial aid, study abroad, academic success resources, and the Career Center.</td>
</tr>
<tr>
<td>Academic advisers can assist you with transferring coursework from another college so that it applies to your Towson University degree requirements.</td>
<td></td>
</tr>
</tbody>
</table>
### HIGH SCHOOL TEACHERS

- Teachers check your completed homework.
- Teachers approach you if they believe you need assistance.
- Teachers are trained in methods to share knowledge with students.
- Teachers provide you with information you missed when you were absent.
- Teachers present material to help you understand the material in the textbook.
- Teachers often write information on the board to be copied into your notes.
- Teachers often take time to remind you of assignments and due dates.
- Teachers carefully monitor class attendance.
- Teachers impart knowledge and facts, sometimes drawing direct connections and leading you through the thinking process.

### COLLEGE PROFESSORS

- Professors may not always check completed homework but they will assume you have done it and expect you to perform the same tasks on tests.
- Professors are usually open and helpful but most expect you to initiate contact if you need assistance.
- Professors have been trained as experts in their field and vary in their teaching methods.
- Professors expect you to get any missed notes from classmates.
- Professors may not follow the textbook. They may give illustrations, provide background information or discuss research about the topic you are studying. You are expected to relate textbook readings to the class.
- Professors may lecture nonstop, expecting you to identify the important points in your notes. Good notes are a must.
- Professors expect you to read, save and consult the course syllabus. The syllabus spells out exactly what is expected of you, when assignments are due and how you will be graded.
- Professors may not formally take roll, but they are still likely to know whether or not you attended.
- Professors expect you to think about and synthesize seemingly unrelated topics.

### GRADES IN HIGH SCHOOL

- Grades are given for most assigned work.
- Consistently good homework grades may raise your overall grade when test grades are low.
- You may graduate if you have passed all required courses with a grade of D or higher.
- Your first test grades, especially when they are low, may not have an adverse effect on your final grade.

### GRADES IN COLLEGE

- Grades may not be provided for all assigned work.
- Grades on tests and papers usually provide most of the course grade. Courses may only have two or three tests or assignments.
- You may graduate only if your grade point average in classes meets major and university requirements, a minimum of C (2.0) but often higher.
- Watch out for your first tests. These are usually "wake-up calls" to let you know what is expected, but they may also account for a substantial part of your course grade.

---

Adapted from Southern Methodist University (www.smu.edu/alec/transition.html) and Ball State University (http://cms.bsu.edu/Academics/Advising.aspx).
Towson University is committed to providing comprehensive advising designed to enrich the educational experiences of every student. Advising provides the opportunity for students to identify valuable campus resources, to understand university policies and procedures, and to develop an academic plan that successfully fulfills both personal and educational goals. However, the value of advising as a campus resource is dependent on your level of engagement as a student. A successful and rewarding advising experience requires both the adviser and the advisee to actively work together as a team.

The First Year Experience (FYE) is an advising program for freshmen that pairs each incoming student with a professional adviser or a faculty member who has received special training. You and your FYE adviser will work together throughout the first year to help you gain an understanding of the college experience and to create a foundation for academic success. All FYE students must meet with their assigned FYE adviser each semester to discuss their academic plan and to have their FYE advising hold removed prior to registering for classes.

After the freshman year, students who have declared a major will transition to major-based academic advising. Upon declaring a major, you will be assigned to a departmental faculty adviser. You must meet with your assigned faculty adviser each semester to discuss your academic plan and to have the (ADV) Advising Hold removed prior to registration. Students who have not declared a major will be advised by a professional adviser in the Academic Advising Center.

### Student responsibilities in the FYE academic advising process:
- become knowledgeable about academic policies, procedures, and requirements by reviewing the online Undergraduate Catalog (including University Core Curriculum and major department requirements).
- regularly check your campus email account and keep an open line of communication with your assigned adviser.
- know your TU Student ID number
- know how to use your Academic Requirements Report to understand your progress toward satisfying graduation requirements
- meet with your adviser on a regular basis, at least once every semester; arrive on time; be prepared to talk about your academic plan; bring a list of questions, and your New Student Guide
- understand campus resources and proactively seek assistance as needed
- take responsibility for your choices and overall academic experience

### Academic adviser responsibilities in the academic advising process:
- provide accurate information about university policies, procedures, and academic requirements (including Core Curriculum, Graduation, and major department programs)
- serve as a link between students and the campus community, including helping with transitional issues and understanding of campus resources
- assist students in identifying and assessing goals and objectives as part of developing an academic plan
- provide registration information and advice regarding course selection appropriate to the student’s academic plan
- assist students in understanding academic progress using the Academic Requirements Report.
Things to Remember

My FYE adviser is: ________________________________________________________________

Email: __________________________________________________________ Phone: __________

The Academic Advising Center offers professional and peer advising to assist students with general questions about academic programs and policies. The Academic Advising Center does not provide major-specific advising, rather we help students find resources and understand Towson’s academic programs and policies.

The FYE Advising System

1. Your FYE adviser was assigned to you based on your major and other academic interests. If the major you want to pursue is different from the major you listed on your initial application or academic interest form, please change your major as soon as possible. This will help you get the best possible assignment for your academic needs. Students with declared majors are typically assigned an FYE adviser in their major department or academic college.

2. Students who are undecided about a major are typically assigned an adviser from the Academic Advising Center. Athletes and other special groups are assigned accordingly.

3. Your FYE adviser’s name is listed on your course schedule under the course ORIE 305 in the fall and ORIE 306 in the spring. Your adviser's contact information will be posted to your online Student Center page as well.

4. Every Towson student is required to meet with his/her assigned adviser prior to registering for the following semester – EVERY semester. FYE advising holds are removed by your FYE adviser during your advising session.

5. Registration for the spring term usually begins in November. Registration for the fall semester usually begins in April. The academic advising process will vary with each adviser. Your adviser will notify you via TU email with details of advising meetings.

Change of Schedule Period (“Add/Drop”)

1. As a new student you will have the opportunity to make adjustments to your schedule after you have met with your First Year Experience Adviser during Orientation. Please note that changes are at your own risk so remember to keep major/degree requirements, prerequisites, and Core Curriculum categories into consideration. Once you drop a class you may not be able to get it back. Please refer to the How Your Schedule Was Made and How to Enroll in Classes and Make Changes section of this guide.

2. The Change of Schedule period is your final opportunity to make adjustments to your schedule before courses are permanently posted to your TU transcript.

Campus Communications

Your academic adviser will communicate with you primarily through your TU email account. Please activate your TU email account and check it regularly during the semester so that you don’t miss key information such as advising meetings, group sessions, deadlines, or other time-sensitive information. For confidentiality purposes, when communicating via email please use your TU email address and include your student ID number.

How Your First Term Schedule Was Created

Your initial schedule was created based on many factors, including the following:

- when your Academic Interest Form was received
- SAT/ACT scores
- math placement test score
- verbal placement test if indicated
- AP/IB or transfer credit
- major of interest
- time constraints
- residential or commuter status
- availability of courses
Transferring Student Advising Program Checklist

Learning outcomes for new transferring students during their transition to Towson include:

**Transfer Credit Evaluation**
- ✔ You will understand your Transfer Evaluation and how your transferred coursework fits Towson requirements.
- ✔ You will understand the process for appealing transfer credit evaluation decisions.

**Academic Advising**
- ✔ You will know how to contact your academic adviser or if you do not have an academic adviser will know how to contact your department office to be assigned to an academic adviser.
- ✔ You will know the general calendar for advising sessions in your major department.

**Towson Online Services (PeopleSoft), Undergraduate Catalog, Blackboard, and Towson Email**
- ✔ You will know how to access your Student Center and will become familiar with the information available and the resources linked there.
- ✔ You will know how to access your Academic Requirements Report and will understand the value and use of this tool in your own planning and in your meetings with your adviser.
- ✔ You will know how to access the Towson Undergraduate Catalog online.
- ✔ You will understand how to access Blackboard and will appreciate its role in course support.
- ✔ You will know how to access your TU email account and understand the important role that using and checking that account plays in university communications.
- ✔ You will learn how to register for classes and make prudent changes to your class schedules using your Towson Online Services account.

**Academic Major**
- ✔ You will verify that your listed major is consistent with your intended major.
- ✔ You will learn how to change your major online as needed.
- ✔ You will know how to access information about your major on the Towson website.
- ✔ You will have and know how to use a program planning guide/sheet for your major.

My department adviser is ____________________________________________________________

email ____________________________ phone ____________________________

If you do not have an adviser, contact your academic department.
Things to Remember

The Academic Advising Center offers professional and peer advising to assist students with general questions about academic programs and policies. The Academic Advising Center does not provide major-specific advising; rather the staff helps students find resources and understand Towson’s academic programs and policies.

The Registration Process

1. At the Transfer Program you will meet with a faculty or professional staff adviser who will assist you in selecting your courses. If the major you want to pursue is different from the major you listed on your initial application, please change your major online as soon as possible – this will make sure you are assigned an appropriate adviser.

2. Registration for continuing TU students began earlier so we encourage you to be flexible when choosing your classes for the spring semester.

3. If you are not bringing in college credit for a math class, you are required to take the Towson University Mathematics Placement Test to determine the appropriate mathematics course.

4. In the future you will register for classes on your own based on an assigned enrollment appointment date and after discussing your course selections with your adviser.

The Academic Advising System

1. Students with declared majors are assigned an adviser by the major department listed on the student’s record. Please declare or change your major online (as needed) so that you are assigned an appropriate adviser.

2. Students who are open/undecided about a major are assigned an adviser from the Academic Advising Center.

3. Your adviser’s name and contact information is posted to your online Student Center page.

4. Every Towson student is required to meet with his/her adviser prior to registering for the following semester – EVERY semester. Academic Advising holds are removed at your advising session.

5. Academic advising for spring registration typically begins in October and advising for fall registration typically begins in March but varies with each department. If you have not been assigned an academic adviser prior to advising beginning, please contact your major department.

Change of Schedule Period (“Add/Drop”)

1. As a transferring student you will have the opportunity to make adjustments to your schedule on your own beginning the day after the entire Transfer Program ends. Please note that changes are at your own risk so remember to take major/degree requirements and any prerequisites into consideration. Once you drop a class, it is possible that you may not be able to get it back.

2. Some courses, particularly those in your major, may be restricted, requiring department consent or a special permit in order to enroll in the class. Before dropping other courses, contact the department restricting the course for information on how to get into the class. Please refer to The Registration Process–How to Make Changes to Your Class Schedule section of this booklet.

3. The official Change of Schedule period runs for the first 7–10 days of the new semester. Consult the Academic Calendar for the exact dates. The Change of Schedule period is your final opportunity to make adjustments to your schedule before courses are permanently posted to your TU transcript.

Campus Communications

Your academic adviser will communicate with you primarily through your TU email account. Please activate your TU email account and check it regularly during the semester so that you don’t miss key information such as advising meetings, deadlines, or other time-sensitive information. For confidentiality purposes, when communicating via email please use your TU email address and include your student ID#.

Degree Completion Plan

If you have between 45 and 90 earned credits, you must complete an approved Degree Completion Plan. This means that this semester, you are required by the University – as a result of a state mandate – to complete and submit a plan of which courses you will take in each of your remaining semesters at Towson to finish your Bachelor’s Degree. A degree completion plan takes into account not only the courses needed but the appropriate sequence and timing of the courses. To prepare your Degree Completion Plan: check out Towson’s online undergraduate catalog for the recommended plan of study for your major; review your Academic Requirements Report to see which graduation requirements you have met and which you need to complete; and go to the website of your College or Major Department to find information about how to file a Degree Completion Plan with your advisor or academic department.

*Screened or competitive major. Admission to the university does not guarantee admission to this major program.

+This program is accredited by a national association.

#Auditions are required.

This list is up-to-date as of February 2015.
USING THE UNDERGRADUATE CATALOG

http://www.towson.edu/main/academics/coursesandcatalogs. Click the Undergraduate Catalog link and select the catalog for the undergraduate 2015-2016 academic year.

The Undergraduate Catalog is divided into several sections: University Curriculum, Academic Policies, Academic Colleges and Departments, and Course Descriptions.

University Curriculum will list what you need to do to graduate from Towson University. Also included in this section is a list of the University Core Requirements and a checklist for you to track your progress. For your convenience, we have duplicated them in this guide.

Academic Policies will explain academic situations that may arise (satisfactory academic progress, good academic standing, etc.).

The Academic Colleges and Departments section is divided alphabetically by department. Each department has a section that explains the major and its tracks and concentrations. If the department offers a minor, it is explained there also. A specific list of courses needed to fulfill each major/minor or concentration or track is detailed in the department section, so it is a good idea to bookmark the page that begins the section for your major department.

Undergraduate Colleges within Towson University

The College of Business and Economics
The College of Education
The College of Fine Arts and Communication
The College of Health Professions
The College of Liberal Arts
The Jess and Mildred Fisher College of Science and Mathematics
The Honors College (Currently not available at off-site locations.)

Course Descriptions

These course listings are in alphabetical order by department. Each course listing includes a description of the course content and a list of prerequisite courses (courses you must have completed successfully in order to enroll).

As you look through the courses needed for your major or minor – or even some University Core courses – check out the course descriptions to be sure that you are eligible to take the course. Some courses are reserved for students in a particular major or minor, and they will be designated “Department Consent.” If you believe you are eligible to take a restricted course you should contact the department directly.
To fulfill Towson University’s Core Curriculum requirements, students must complete one course from each of the following 14 categories. For a complete list of Core Curriculum courses, visit www.towson.edu/core.

**Fundamentals**

1. **Towson Seminar:** Focusing on exploration and discovery, this course introduces students to the academic expectations for college-level work and to the intellectual, communication, and collaborative skills needed for academic success. Seminar format emphasizing active learning, with variable content in different Towson Seminar courses. Introduces multiple perspectives and may draw from more than one discipline. Towson Seminar must be taken in one of your first two terms. Must earn a 2.0 grade or higher. If course needs to be repeated, you may choose any TSEM topic.

2. **English Composition:** This course focuses on exploring ways of writing and thinking in the branches of knowledge and on developing rhetorical strategies for successful college-level expository writing. Must earn a 2.0 grade or higher.

3. **Mathematics:** Requires skills at the level of college algebra or above. Treat concepts and skills in the mathematical sciences and emphasize both theoretical foundations and problem-solving applications such as finite mathematics, statistics, discrete mathematics, and mathematical survey courses.

4. **Creativity and Creative Development:** Specific creative activity emphasizing symbolic, affective, and imaginative thinking in the creative activity and understanding the creative process through participating in it. Reflect current scholarship in the field, provide reference to theoretical frameworks and methods, and explore the critical standards central to the genre or medium.

**Ways of Knowing**

5. **Arts and Humanities:** The arts examine aesthetics and the development of the aesthetic form. Courses in this area may include, but are not limited to fine, performing and studio art, appreciation of the arts, and history of the arts. All courses, including fine, performing and studio arts, will explore the relationship between theory and practice. The humanities examine the values and cultural heritage that establish the framework for inquiry into the meaning of life. Courses in the humanities may include but are not limited to, the language, history, literature, and philosophy of Western and other cultures. *(The course meeting this requirement must be taken in a discipline different from the course meeting requirement 4.)*

6. **Social and Behavioral Sciences:** The social and behavioral sciences examine the psychology of individuals and the ways in which individuals, groups, or segments of society behave, function, and influence one another. They include, but are not limited to, subjects that focus on history and cultural diversity; on the concepts of groups, work, and political systems; on the applications of qualitative and quantitative data to social issues; and on the interdependence of individuals, society, and the physical environment.

7. **Biological and Physical Sciences (Lab only):** The biological and physical sciences systematically investigate living systems and the physical universe and introduce students to methods used to collect, quantify, and interpret scientific data and to synthesize and apply scientific concepts. Courses in this category present the historical development and structural nature of the subject, illustrate the predictive nature of these sciences, and employ mathematics and computing techniques as appropriate. Students must take two courses in the biological and physical sciences categories with at least one four-unit course that includes a laboratory. The laboratory experience will emphasize hands-on investigations and scientific inquiry. Students must select either two courses from different scientific disciplines or two sequenced courses within one discipline.

8. **Biological and Physical Sciences (Lab and Non-Lab):** See description above.
Writing in a Chosen Field

9. **Advanced Writing Seminar**: Courses in this category will address (1) the discourse models and practices important to a specific discipline and (2) techniques of formatting and reporting, validation and documentation, required to write with authority and authenticity within the discipline. A grade of C or higher must be earned to satisfy Core Requirement.

Perspectives

One course under Perspectives must be taken in a discipline in the arts and humanities, different from the discipline in requirement 5. One course under Perspectives must be taken in a discipline in the social and behavioral sciences, different from the discipline in requirement 6.

10. **Metropolitan Perspectives**: Courses in metropolitan perspectives examine and explore the metropolis (as broadly conceived) in its past and present complexities. The category includes courses that describe characteristics of specific places, like the Baltimore-Washington metropolitan areas, or that describe characteristics or dynamics of metropolises in general, whether in the United States or in other countries, whether contemporary or historic, through the lens of an appropriate discipline.

11. **The United States as a Nation**: Courses addressing the United States as a Nation explore the institutions, history, culture, or traditions of the United States with an emphasis on addressing through a particular subject matter the broader experience of the nation as a whole.

12. **Global Perspectives**: Courses in Global Perspectives examine how the global environment is changing, and is being changed, by major social, cultural, religious, economic, political, and technological forces, and how new patterns of relationships are shaping and being shaped by the global environment.

13. **Diversity and Difference**: Courses in Diversity and Difference will explore relationships of distinctiveness and interdependence, conflict and cooperation, between and among people with varying cultures, beliefs, identities, and capabilities. Courses will cultivate in students the ability to examine and articulate differences of conviction and perception through open exchange and civil discourse. As part of that process, students will also come to understand more fully the lenses through which they view the world.

14. **Ethical Issues and Perspectives**: Courses in Ethical Issues and Perspectives will develop one or more ethical issues of current importance to any of a broad range of academic disciplines. These courses are designed to help students understand different perspectives on ethical problems and different processes and techniques helpful in reaching sound judgments.
TOWSON UNIVERSITY CORE CURRICULUM REQUIREMENTS

Please note: Only two courses in the same subject area may be used to fulfill both Core and Major requirements.

For a complete updated list of Core Curriculum courses, visit [www.towson.edu/core](http://www.towson.edu/core).

### Core (9) Advanced Writing Seminar (3 units)
Grade of C or higher is required for successful completion.
- AHLT 440 Technical and Professional Issues in Allied Health
- ANTH 401 Anthropological Theory
- ART 351 Writing About Art
- BIOL 381 Biological Literature
- CHEM 301 Professional Ethics for Scientists
- DANC 321 Responding to Dance
- ECED 422 Writing Techniques for Teachers in ECED
- EDUC 301 Writing and Communication Skills for Teachers
- ELED 320 Writing for Elementary Educators
- EMF 377 Broadcast/Film Writing
- ENGL 310 Writing Argument
- ENGL 313 Academic Essay
- ENGL 316 Writing About Literature
- ENGL 317 Writing for Business and Industry
- ENGL 318 Advanced Informational Writing
- ENVS 337 The Chesapeake Bay and Its Watershed
- FMST 485 Research Methods in Family Studies
- GEOG 383 Natural Resources and Society
- GEOG 401 Growth of Geographic Thought
- HIST 300 Introduction to Historical Study
- IDHP 405 Research Methods in Adult Disabilities Studies
- HLTH 315 Curriculum and Planning
- KNES 351 Philosophy: The Sport Experience
- KNES 353 Sport and Society
- KNES 354 Honors Sport and Society
- KNES 417 Org. & Admin. of Athletic Training
- KNES 469 Research Methods in Exercise Science
- MCOM 356 Feature Writing
- MCOM 357 Public Relations Writing
- MUSC 302 Western Music From 1750-1914
- NURS 333 Professional Nursing II: Issues
- OCTH 430 Research Methods in Occupational Therapy
- PHIL 460 Writing Seminar in Philosophical Studies
- PSYC 313 Research Design and Statistical Analysis
- PSYC 314 Research Methods in Psychology
- SEMS 360 Research Methods
- SOCI 300 Sociological Analysis
- SPPA 417 Research and Clinical Writing in Communication Disorders
- THEA 307 Theories of Theatre
- WMST 333 Women’s Words, Women’s Lives
- WRIT 312 History of Science
- WRIT 375 Public Administration

**PERSPECTIVES** One of the Perspective courses (Core 10-14) must be from a discipline in the Arts & Humanities and must be from a different discipline from the course taken for the Core 5 requirement.

One of the Perspective courses (Core 10-14) must be from a discipline in the Social & Behavioral Sciences and must be in a different discipline from the course taken for the Core 6 requirement. Also considered Social & Behavioral Sciences disciplines within the Core lists: AFST, AMST, CLST, CRMJ, EDUC, GEOG, HLTH, KNES, MTRO, OCTH, WMST

### Core (10) Metropolitan Perspectives (3 units)
- AADS 315 Employment and Disability
- EDUC 202 Perspectives on America’s Urban Schools
- FMST 201 Family Resources
- HIST 202 Cities of the Ancient World
- HIST 338 The Making of the Modern Middle East
- HIST 390 Medieval Cities of Europe
- HONR 229 Honors Seminar: Metropolitan Perspectives
- IDFA 202 Honors Amer Vision: Balto Visual and Perf Arts
- ITEC 201 Metro Information Technology Infrastructure
- MTRO 101 Introduction to Metropolitan Studies
- PHIL 260 Philosophy of the Prison Industrial Complex
- PHIL 290 Topics on Philosophy of the City
- POSC 304 Politics of Metropolitan Growth and Change
- POSC 305 Urban Government and Politics

### Core (11) The United States as a Nation (3 units)
- AMST 201 Introduction to American Studies
- ANTH 209 Anthropology of American Culture
- ARTH 113 Myths and Stories in American Art
- CLST 201 Introduction to Cultural Studies
- CLST 202 Honors Introduction to Cultural Studies
- CRMJ 254 Introduction to Criminal Justice
- DANC 127 Intro to Dance: American Experience
- ENGL 230 Main Currents in American Literature
- ENGL 231 American Literature to 1865
- ENGL 232 American Literature since 1865
- ENGL 238 Survey of American Literature
- FMST 315 American Families on Television
- HIST 145 History of the U.S. to Mid-19th Century
- HIST 146 History of the U.S. since Mid-19th Century
- HIST 148 Honors History of the U.S. since Mid-19th C.
- HLTH 101 Wellness for a Diverse Society
- HLTH 102 Honors Wellness for a Diverse Society
- HLTH 207 Health Care in the U.S.
- HLTH 217 Honors Health Care in the U.S.
- HONR 230 Honors Seminar: United States as a Nation
- KNES 235 Physical Wellness for a Healthy America
- KNES 251 History of Sport in America
- MUSC 111 Introduction to Music in the U.S.
- MUSC 123 Jazz History for Non-Majors
- MUSC 125 Honors Jazz History for Non-Majors
- MUSC 201 Music in the U.S.: Analytic Emphasis
- POSC 103 American National Government
- POSC 207 State Government
- POSC 209 Introduction to Law

### GRADUATION ELIGIBILITY

Students who have successfully completed all requirements for an undergraduate degree are eligible for graduation.

- Earn at least 120 units
- Complete all University Core Curriculum categories
- Complete a minimum of 32 units of upper-level (300–400) courses
- Complete all requirements for a declared major
- Earn a minimum cumulative Grade Point Average (GPA) of 2.00

Academic departments may establish additional degree requirements depending on the major. Final determination of graduation eligibility is granted by the Graduation Office once a student submits a graduation application.

### PLANNING FOR GRADUATION

Plan early for graduation. Discuss graduation plans with your adviser a year in advance. Refer to your catalog to ensure you are on track to complete all requirements by your intended graduation term.

Visit the Office of the Registrar’s web page for details:
http://wwwnew.towson.edu/registrar/Graduation/undergrad/.
Log in using your Net ID and password.

1. Academic Requirements Report
2. View your grades
3. Request your TU transcript
4. List of holds
5. Things you still need to do
6. Date you can begin enrolling in classes. Click details for the start time.
7. Name(s) of academic adviser. Click details for contact information.
8. View University Core requirements
9. View the current academic calendar
10. Declare or change your major or minor
11. Forms: Permission to take classes at another college, permission to take a course for the third time, etc.
The Academic Requirements Report (ARR) will reflect the completion of the Core Course Requirements.

Once you have declared a major, the ARR will also indicate which major requirements you have completed and still need to complete.

The default view for this report will be if the category is dropped down, the requirement has not been satisfied. If the category is not dropped down, the category has been satisfied.

You will be able to review the course you have used to complete any category by expanding the section as seen in the left example. Note the Core category 3 is indicated “satisfied” by MATH 111, although the course is in progress.

Using the ARR every term will ensure that you are aware the core, major and graduation requirements you have completed or have yet to complete.

**SAMPLE FOUR-YEAR SEQUENCE**

The table on the right reflects a sample four-year course sequence. However, the term in which you will complete the requirements will vary by major as well as by individual circumstances. All students must complete all core, major and 120 units required to graduate.
Thoroughly, thoughtfully and carefully preparing for a career requires that you take a series of action steps throughout your college program. Self-assessment of skills, interests and values, followed by research and exploration of related careers, may reveal paths that lead to satisfying career options. Consult the freshman, sophomore, junior and senior checklists on the Career Center website for strategies that move you through the phases of self-assessment, exploration, skills development and job search. www.towson.edu/careercenter/students/actionplan/

The Career Center
410-704-2233
careercenter@towson.edu
7800 York Road Building, Suite 206
Hours: Monday–Friday, 8 a.m.–5 p.m.
Express Hours: Fall and Spring Semester: Monday – Thursday, 1–4 p.m.
Call to schedule an appointment (No appointment needed for 15-minute consultation)
Your Second Term

1. Beginning with your second term you will enroll in classes on your own at an assigned enrollment appointment date. You will be able to enroll only after discussing your course selections with your assigned adviser.

2. Your enrollment appointment date and time will be posted to your Student Center page online.

The Change of Schedule Period will be your final opportunity to make adjustments to your schedule by adding, dropping or swapping one course for another. Online registration is available by logging onto Towson Online Services. If you have problems, contact the Registrar’s Office at 410-704-2701. An online tutorial of the registration process can be found at www.towson.edu/registrar/registration.

To Search for a Course:

- Log onto Towson Online Services.
- Click the Self Service link.
- Click the Student Center link.
- Click the Search for Classes link (top left).
- In the Term field, type 1154 (Fall 2015). (Spring 2016 is 1162.)
- Enter the Course Subject (e.g., “ENGL”).
- Enter the Course Number (e.g., “102”).
- Click Additional Search Criteria if you want to search for classes held on a particular day, at a certain time, by a certain instructor or according to a particular Core Curriculum category.
- If the “Show Open Classes Only” option has a check mark beside it, your search results will show only those course sections that are still available. It will not show wait-listed courses.
- Click the Search button.
- Available course selections will appear.

In addition to students who are enrolled full time at Towson University in Northeastern Maryland, main campus students may also register for courses offered at the TU facility located in Bel Air, Maryland.

For more information about Towson University in Northeastern Maryland, call 410-704-TUNE (8863), email TUNEMD@towson.edu or visit the Towson University in Northeastern Maryland webpage: http://www.towson.edu/tln/tumaryland/
How to Make Changes to Your Class Schedule

ENROLL / ADD A CLASS

Use this feature to add a course to your schedule when there is no other course to drop.

- Log onto Towson Online Services.
- Click on Self Service.
- Click on Student Center.
- Click on Enroll/Drop (top left).
- Click on the Add tab at the top.
- Select the term.
- Click Continue.
- Either enter the four- or five-digit class number or click Search to find a course.
- The course will appear in your shopping cart.
- Finalize enrollment by selecting the class you want to add and clicking Enroll.
- Click Finish Enrolling.
- A confirmation page will appear—print for your records.

SWAP A CLASS

Use this feature to change a course you are currently enrolled in to a different course. You will need to know the new course’s four- or five-digit class number.

- Log onto Towson Online Services.
- Click on Self Service.
- Click on Student Center.
- Click on Enroll/Drop (top left).
- Click on the Swap tab at the top.
- Select the term.
- Click Continue.
- Select the course you want removed from your schedule.
- Type the class number for the course you want to replace it with.
- Click Next.
- Confirm your choices and click Finish Swapping.
- Click on My Class Schedule to review your changes.
- Print for your records.

DROP A CLASS

Use this feature to drop a course when there is no other course to add.

- Log onto Towson Online Services.
- Click on Self Service.
- Click on Student Center.
- Click on Enroll/Drop (top left).
- Click on the Drop tab at the top.
- Select the term.
- Click Continue.
- Select the course to drop.
- Click Drop Selected Classes.
- Review the classes to drop.
- Click Finish Dropping.
- Click on My Class Schedule to review your changes.
- Print for your records.
1. Open your Internet browser and type www.towson.edu in the address bar. In the left navigation pane, click on Current Students.

2. Click on Towson Online Services in the right navigation pane.

3. Type your NetID and Password in the designated areas.

4. Click Sign In.

5. Click on Self Service under Menu.

6. Click on Student Center on the left of the screen.

7. Click on Search For Classes on the left side of the screen.

8. Click on the Look-Up button (magnifying glass) to select your desired term.
9. Click on the **Magnifying Glass** to choose a subject area.

10. Narrow the search by selecting **Additional Search Criteria**.

11. Students can search for specific Core Curriculum categories by choosing the drop-down menu under **General Education Requirements Search**.

12. When finished selecting search criteria, click on the **Search** button.
13. Class options will appear on the screen in one of two ways:
   a. If the course number was defined in the search, classes will appear in a detailed list.
   or
   b. If the course number was not defined, classes will appear in a list and details can be seen by clicking the green arrow next to the class.

14. Select the course that fits into available time slots in your course schedule.
   "Open classes are noted by a green dot"
   a. Click Select Class.
   b. Check to confirm class selection and click Next.
   c. Class will appear in shopping cart.

15. To search and select additional classes, repeat steps 9–14.

16. When finished adding classes, click on Shopping Cart to view classes.

17. FINAL STEP: Select the boxes next to classes that should be added to schedule.

18. Click Enroll.

19. Enrollment success will be verified by a green check mark.
1. Do all classes have a waitlist?
If a waitlist is available, an orange triangle icon will appear next to the section in the Class Schedule. Not all classes or departments offer waitlists, so if a class is full and no waitlist is available re-visit Towson Online Services regularly for possible openings or contact the academic department.

2. What is the advantage of enrolling in a waitlist?
The waitlist enables students to be automatically enrolled in closed classes as seats become available.

3. Is there a limit to the number of classes that can be waitlisted?
The limit is set by using units rather than classes. Students have a limit of 10 waitlist units during Fall, Spring and Summer terms. For Mini, you may waitlist up to 3 units. Please note: Regardless of how many units you are waitlisted for, you will not be enrolled beyond the maximum number of units permitted for the term.

4. Are the waitlisted units counted into the student’s total units for the term?
Waitlisted courses are not counted toward full-time status or calculated in bills.

5. Can I waitlist in more than one section of the same class?
Yes, you can waitlist for multiple sections of the same class. However, once you are enrolled in one section, the other waitlisted section will be automatically dropped.

6. I waitlisted a course and then enrolled in an open section of the same course. What happened to my waitlisted section?
Once you enroll in an open section, any waitlisted sections for the same course will automatically drop.

7. Can I remain enrolled in my current section but waitlist a different section?
If you wish to remain enrolled in your current section until space becomes available in the closed section, enroll in the waitlisted section using the “SWAP” feature (see #9).

8. Can I waitlist for a class that conflicts in meeting times with a class that I’m already enrolled in?
Yes, you can waitlist for time conflicted classes, but you will not be moved off of the waitlist until the time conflict has been resolved. If you wish to remain enrolled in your current course until space becomes available in the closed course, enroll using the “SWAP” feature (see #9).

9. When should I use the “SWAP” feature to enroll in a waitlisted class?
If you are currently enrolled in another section of the same course or are in a course that has a time conflict with the waitlisted course, use the “SWAP” feature to enroll in the waitlisted course. SWAP the enrolled or conflicting course with the closed section, choosing the waitlist option. Once space is available in the waitlisted section, the system will automatically swap the enrolled course with the waitlisted course.

10. Will having a hold on my account impact my ability to use the Waitlist function?
Yes. Any type of hold that impacts registration will prohibit a student’s ability to use the Waitlist function.

11. How often does the system check for open seats in waitlisted classes?
When a student drops a closed class with a waitlist, the class will remain closed until the students on the waitlist have been enrolled or skipped (if class requirements are not met). Auto-enrollments are processed several times a day during registration periods. Once the waitlist has processed all students on the waitlist, the class will move to open status if there are any remaining open seats.
12. I was in position number 1 on a waitlist, why wasn’t I enrolled when a seat opened?

The requirements to be moved off of a waitlist are the same as standard enrollment:

• You will not be enrolled in more units than permitted in that term.
• You will not be enrolled if you have not met the prerequisites for that class.
• You will not be enrolled if you have any registration holds, i.e., Advising Hold, Bursars Hold, etc.
• You will not be enrolled in a class if it conflicts in meeting times with another class in which you are enrolled. (See #9: When should I use the Swap function to enroll in a waitlisted class?)

13. Can I take myself off of a waitlist?

Yes, you may remove yourself from a waitlist by following the same process as for a standard drop.

14. What is the first day I can get on a waitlist?

Waitlists are only available once the class has reached its enrollment capacity. For high-demand classes, this may be the first day of registration or for other classes as late as the Change of Schedule period.

15. What is the last day I can get on a waitlist?

Students can add themselves to waitlists through the last day of the Change of Schedule period.

16. How will I know when I am enrolled in the waitlisted class?

Students are notified by an email sent to their TU account.
While class time and study time may be the most obvious, there are many factors to take into consideration when planning your schedule, including time for:

- **Study** (recommended 2–3 hours for each hour of instruction)
- **Travel** to class and between classes. Make sure you leave enough time to travel to and from each class location (i.e. Town Center, York Road Building, Enrollment Services, Center for the Arts, Towson Center, etc.) Note that some classes are scheduled on off-site campuses including the Towson University Northeastern Campus in Harford County.
- **Athletics or music training/practice**, off-campus observation, internships, etc.
- **Meals**
- **Work**
- **Social activities**
- **Family obligations**
- **Sleep**

Blackboard is a communication tool for all courses. The faculty uses Blackboard to centralize their course materials (including syllabi) and announcements to students. Students will see their courses on Blackboard once it has been made available by the instructor. If you do not see your class posted to Blackboard please contact your instructor directly.

Blackboard is located on your Towson Online Services Student Center page in the Academics box on the right side of the page. The logon username and password for Blackboard are identical to what you use to access your student center page and web-mail. Student tutorials and resources can be found at the following link www.towson.edu/blackboard/students.asp.

Calculating Your GPA

A GPA Calculator is available on the registrar’s website: http://www.towson.edu/registrar/records/gpacalculator.asp

You can also calculate your GPA manually. First, multiply the units for each course taken in a term by the grade points (values below) assigned to the grade earned. Second, total the units and grade points for the term. Third, divide the total number of grade points by the total number of units to find the GPA for the term.

<table>

</tbody>
</table>

Multiply the number of units x the value points for total points

(total value pts.) \( \frac{38.67}{13} = 2.974 \text{ GPA} \)

Divide the total value points by the total number of units.

Note: A+, C-, and D- grades do not exist at Towson.
**Good Standing and Satisfactory Academic Progress**

All students are encouraged to maintain at least a 2.00 overall grade point average to remain in good academic standing. Please refer to the registrar’s website for accurate information regarding Academic Good Standing and consequences of Failure to Remain in Good Standing.

**I (Incomplete) Grades**

The grade I is given to students by their instructors when verifiable circumstances prevent students from completing a course within the term. The I grade should be given only in cases where students have completed most of the course work and have a reasonable expectation of passing. The grade of I automatically becomes a grade of F 180 days from the end of the term following the granting of an I unless changed to another letter grade by the instructor.

**Pass D or F Grading Option**

Students may elect to be graded on a Pass basis for a maximum of 13 units toward their degree. This option is not available for courses required for a major, minor, Honors College, or for certification in teacher education unless special permission is obtained from the department chairperson. Students must make all changes before the published withdrawal deadline and change in grading option each term. Students must complete a Change of Schedule Form in the Registrar’s Customer Service Center, located in the Enrollment Services Building, Room 223. Students electing this option must earn a grade equivalent of 2.00 (C) or higher in order to receive the Pass (PS) grade, which is not calculated into the GPA. Students who earn below the grade equivalent of 2.00 will earn that grade, which will be calculated in the GPA.

**Repeating Courses**

When courses are repeated, students will receive credit for the course only once. Only the higher of the two grades will be calculated into the GPA. The lower grade will remain on the record with the letter R preceding to indicate the course has been repeated. **Students may not make a third attempt of a course without prior approval. Students must complete a Petition for a Third Attempt Form** and submit it to the Registrar’s Customer Service Center, located in the Enrollment Services building, Room 223, before registering for the course. Grades of W are administrative and are not considered as part of the repeated course procedure. Courses that have been accepted previously for transfer credit by TU or have been attempted or completed for units at TU may not be repeated at other institutions.

**Transferring Work to Towson**

With prior permission, Towson students may take courses for transfer to TU until they have attained 90 units. However, no more than 64 units may be transferred from an accredited two-year institution. Permission is obtained by submitting a Petition to Transfer Credits to Enrollment Services prior to registering for the course. Students are expected to complete the final 30 units toward their degree at Towson.

To read the entire section of Academic Standards and Procedures, please refer to the online 2015-2016 Undergraduate Catalog.
Stop Before You Drop . . . or Withdraw

Dropping a Class

The Change of Schedule Period is the first 10 days of the semester. See the Academic Calendar for details. During that period, students may add or drop courses through their Towson Online Services account. Courses dropped during this period do not appear on a student’s transcript. The number of credits in which a student is enrolled at the end of Change of Schedule Period serves as the basis for determining billing, financial aid, and enrollment status.

Withdrawing from a Class

The Withdrawal Period for one class, multiple classes, or for the entire term extends 10 to 12 weeks into the semester. Check the Academic Calendar for the exact deadline. Students may withdraw through their Towson Online Services account. Students who withdraw receive a grade of “W”, which does not impact the student’s Grade Point Average (GPA). However, students who are considering withdrawing from one or more courses should determine whether their enrollment status will change from full time (12 credits or more) to part-time (fewer than 12 credits) and should consider the following potential consequences of course withdrawal(s):

- Impact on financial aid or scholarships for the current term or future enrollment periods (consult your financial aid adviser);
- Eligibility for on-campus housing (consult the Housing and Residence Life Office);
- Eligibility for continued participation in athletics (consult your athletics adviser);
- Eligibility for continuation in the Honors College (consult the Dean of the Honors College);
- Eligibility for VA benefits (consult Veteran’s Services coordinator);
- Impact on visa status for international students (consult your ISSO adviser);
- Impact on health insurance and medical coverage; and
- Impact on automobile insurance.

For further information about the withdrawal policy, check the registrar’s office website: http://www.towson.edu/registrar/index.asp. Before making a final decision about withdrawal, students are strongly encouraged to consult with their assigned academic adviser or with a member of the Academic Advising Center professional staff.

Stop and Get All the Facts Before You Withdraw
What You Can Do if You Experience Academic Difficulty

1. Go to class. Pay attention. Do not use your phone or the Internet while in class. Ask questions if you don’t understand something the professor is saying. Take thorough notes.

2. Seek out the professor during his/her office hours. Professors welcome your interest and initiative. Every professor has published office hours on the syllabus or posted on the office door. Be prepared when you go to ask the questions you need to understand the topic, to get suggestions on how to improve your grade in the class, or to make sure you understand the assignments. Bring a pen and paper.

3. Seek out your academic adviser. Freshmen are assigned to an FYE adviser with whom they can meet with to discuss their difficulties. Non-freshman students are assigned an adviser in their major department. Open major upper-class students will be advised by an adviser in the Academic Advising Center, Lecture Hall. Your adviser can make suggestions on how you approach your class work, or can suggest other helpful tips in becoming a better student.

4. Attend workshops provided by the Academic Achievement Center. The AAC conducts many different workshops during each semester on topics designed to assist students in studying more effectively, improve concentration, and to be better prepared to take exams. These are free and open to all students. The AAC is located on the 5th floor of Cook Library. The AAC website offers more useful information at www.towson.edu/aac. Select ACC Workshops will be offered on the Towson University Northeastern Campus (TUNE) each semester.

5. Sign up for assistance from a student tutor. Tutors work out of the Academic Achievement Center and this service is free to students. Tutors are available in most disciplines. Contact the Academic Achievement Center at 410-704-2291 to request a tutor. Students on the TUNE campus should contact their Academic Advisor for additional academic support.

6. Use the services provided by the Math Lab, Writing Center, Computer Science Tutorial Lab, and Natural Sciences Tutorial Lab. These are available to students at no charge and are designed as a walk-in service so no appointment is necessary. Math Lab in 7800 York Road Bldg room 105, 410-704-2291; The Writing Center in Liberal Arts room 5330, 410-704-3426; Computer Science Tutorial Lab in 7800 York Road Bldg room 407, 410-704-2424; Natural Sciences Tutorial Lab in Smith Hall room 538, 410-704-3054.

7. Form a study group with 3 or 4 students in the same class. Study groups can improve a student’s understanding of the material by sharing information and filling in knowledge gaps. In reviewing information with other students, you become more familiar with the material, you hear the information presented in a different way, and you can ask questions to be able to comprehend more fully the study materials.

8. Increase your study time. Collective wisdom states that for every hour spent in class a student ought to be spending 3 hours outside class preparing for assignments, reading materials and texts, writing papers, and studying for exams. If you are taking a 3-credit class, you ought to be spending 9 hours a week getting prepared. It might help if you put study time in your calendar/planner.
In order to Make your student experience as successful as possible, Towson University offers a number of support services on the Main Campus. Students enrolled at off-site locations may contact the Director of Student Services for additional information and resources.

The Academic Achievement Center
Albert S. Cook Library 524
410-704-2291
achieve@towson.edu
www.towson.edu/aac
Hours: Monday–Friday, 8 a.m.–5 p.m.; Tuesday, 8 a.m.–7 p.m.
The Academic Achievement Center is a full-service learning center for Towson University students. Centrally located in Cook Library, it assists students in achieving their academic goals. Its mission is to facilitate a community of learners through high-quality tutoring, structured study groups and study skills workshops. Services include academic coaching, computer-assisted study skills (CASSI), placement testing, tutoring, study groups and workshops.

The Academic Advising Center
The Lecture Hall
Call for an appointment: 410-704-2472
Hours: M – Th 8 a.m. – 5 p.m.; F 8 a.m. – 4:30 p.m.
SAA Hours: M – Th 9 a.m. – 4:30 p.m.
advising@towson.edu
www.towson.edu/advising
The Professional Academic Advisors in the Advising Center work with first year students and students without a declared major to review their progress toward the fulfillment of degree requirements and advise students on developing academic goals, planning programs, selecting courses, investigating majors, and meeting academic standards. In addition, the staff conducts specific programs for students who have received academic warnings or who are on academic probation to assist students to regain good academic standing. The Student Academic Advisors are specially trained and supervised peer advisors who assist students with questions about their degree progress and academic requirements on a walk-in basis. The SAA staff also does outreach programming with student groups and organizations.

The Counseling Center
Ward West Building
410-704-2512
counseling@towson.edu
www.towson.edu/counseling
Hours: Monday–Friday, 8 a.m.–5 p.m.
The Counseling Center staff helps students make the most of their college experiences. They work with students to resolve emotional difficulties; improve personal skills; overcome the effects of trauma, disadvantage or substance abuse; and achieve personal goals.

The Career Center
7800 York Road, Suite 206
410-704-2233
careercenter@towson.edu
www.towson.edu/careercenter
Hours: Monday–Friday, 8 a.m.–5 p.m.
The Career Center seeks to provide resources and services that empower students and alumni to learn lifelong career-development skills.

Disability Support Services
Administration Building 232
410-704-2638
www.towson.edu/dss
Hours: Monday–Friday, 8 a.m.–5 p.m.
Disability Support Services (DSS) supports the mission of Towson University by providing services that afford students with disabilities an equal opportunity to participate in all aspects of the educational environment. DSS promotes a broad definition of diversity that appreciates disability as an integral part of the human experience. The office collaborates with students, faculty and staff to create a welcoming campus that meets the needs of students with disabilities, fosters student independence, and recognizes students on the basis of their abilities rather than their disabilities. The university offers many services to students with disabilities. Eligibility for these services is determined individually by the DSS office based on documented need. Students are encouraged to register with DSS as soon as possible after admission to the university to ensure timely provision of services.
Student Computer Lab and Learning Center
Albert S. Cook Library 35
410-704-5151
scs@towson.edu
www.towson.edu/scs
The SCS Computer Lab and Learning Center (CK35) supports one of the largest collections of PCs and iMacs available on campus, and offers computer work space, hardware and software on a walk-in basis. Although configured to support independent work, SCS is staffed by friendly students capable of answering common questions. The Lab and Learning Center operate seven days a week during regular terms and are open to all students, regardless of major.

Learning Labs
Computer Science Lab
7800 York Road, room 407
Mathematics Lab
7800 York Road, room 105

Music Lab
Center for the Arts 3088
Natural Sciences Lab
Smith Hall 538

The Writing Center
Liberal Arts Building, room 5330
Call for an appointment: 410-704-3426
Hours: M – Th 9 a.m. – 7 p.m.; F 9 a.m. – 4 p.m.; Su 3–9 p.m. in Cook Library
The Writing Center provides individual writing support to all members of the Towson Community, including undergraduate and graduate students and faculty and staff members. The Writing Center staff works with writers at any stage of the writing process from brainstorming to polishing the final draft. The staff supports writers with any type of writing project, whether that is a PowerPoint presentation, a lab report, or a resume.

Make an Appointment
The Writing Center takes walk-in appointments when possible. As the term progresses, however, most of the sessions fill up each day. Therefore, we recommend that you schedule an appointment a day or two in advance to make sure someone is able to meet you. Please bring your assignment sheet and two printed copies of your paper to the session.

Mathematics Placement Test
The Department of Mathematics has developed its own placement test. The purpose of this test is to measure the required mathematical skills needed for success in various levels of mathematics courses at Towson University. Some students choose majors that require one or more particular mathematics courses; others only take mathematics courses to satisfy the university requirement. In either case, the placement test results identify an appropriate course (or courses) for you. You will not be able to register for a math course unless you have passed the prerequisite course or your mathematics placement test score is sufficient. For more information visit the Mathematics Department website: www.towson.edu/math

Foreign Language Placement Policy
For placement in Spanish or German language, new students must take an online placement test. Information about the placement test can be found on the Internet Resources link on the Foreign Language department website. http://www.towson.edu/FORL/

General recommendations for the study of other foreign languages:
- One year of high school language study, students may register for 101 or 102.
- Two years of high school language study, students may register for 102.
- Three years of high school language study, students may register for 102 or 201.

Four years of high school language study, students may register for 201 or 202.
Five years of high school language study, students may register for 202 or 301.

College Credit for Prior Learning Exam
Administered by the Department of Foreign Languages, this exam is administered exclusively in November each academic year and only in the following languages: Chinese, French, German, Hebrew, Italian, Japanese, and Spanish. The credits for 201-202 may not be earned unless the student completes 301 as a course. Upon completing the exam, a grade of A is required to earn six units and a grade of B earns the student three units. For more information, including exam applications and instructions, visit www.towson.edu/forl or call the Department of Foreign Languages at 410-704-2883.

The Veterans Center
Psychology Building, room 107
Phone: 410-704-2992
Hours of Operation: Monday–Friday, 8 a.m. – 5 p.m.
The Veterans Center provides educational, social and personal enrichment opportunities for the veteran community of Towson University. The Center seeks to create an enhanced learning environment by providing veteran students with support and resources in a veteran-friendly atmosphere, and by addressing the unique issues and challenges that veteran students face when entering into the university environment. Staff at the Center will assist veterans with information regarding the G.I. Bill, VA services, financial aid, and guidance through the university application and enrollment processes. The Center is staffed by the Coordinator of Veterans Services, an administrative assistant and veteran student assistants. The Veterans Center is the one-stop-shop for securing information necessary to successfully make the

*POLICE
4444 - Emergency
2134 - Public Safety
academic adviser: A trained major department faculty member or professional adviser from the university’s Academic Advising Center who provides academic information, guidance and support in an effort to enrich the educational experience of students.

academic department/discipline: A specialized curriculum and major program of study housed within the one of the six undergraduate colleges.

academic probation: A status for students who have a cumulative grade point average below good academic standing. See Undergraduate Catalog for more information.

academic year: A period of time in which a student would normally be expected to complete the equivalent of two terms. The academic year at Towson University usually begins with the fall term (late August or early September through mid-December) and ends with the spring term (late January through mid-May). Other terms at Towson include summer trimester, and minimester (during January).

add/drop (change of schedule) period: The days following the start of the term when students may add, drop or swap classes from their original schedule. Dates are determined by the Registrar’s Office each term.

Advanced Placement (AP) credit: College credits earned while in high school through advanced placement testing offered through the College Entrance Examination Board in Princeton, N.J.

Advising (ADV) Hold: All students who are not in the First-Year Experience (FYE) advising program and who are not within their last term before graduation are required to meet with the adviser assigned to them by their major department prior to registration for the next fall or spring term. This requirement is enforced with the Advising Hold which is indicated by \( \bigcirc \) and which prevents students from registering. Once the student has completed the advising requirement, their adviser will remove this hold.

attempted units vs. earned units: Attempted units are the number of units that a student enrolls in for credit. Earned units are the number of units for which a student receives a passing grade. For example: if a student starts the term with 15 attempted units and fails one 3-unit course, the student will have attempted 15 units, but earned 12 units.

audit: A grading option which allows a student (with written permission from the instructor) to attend and participate in a class without earning a calculated grade or credit toward graduation. See Undergraduate Catalog for detailed information.

Bachelor of Arts degree: Completion of all requirements listed in the designated catalog for the Bachelor of Science degree in addition to completing two language courses at the intermediate level in college, or completing at least one course beyond the intermediate level in college.

Bachelor of Science degree: Completion of all requirements listed in the designated catalog including: completion of the online application for graduation, 120 earned units which include course work to satisfy all Core Curriculum requirements, 32 upper-level units (courses numbered 300 and 400), completion of a major with a minimum of 2.0 grade equivalent for all courses applied toward the major, a cumulative GPA of at least 2.0, and completion of at least 30 units in residence at Towson University.

Bachelor of Fine Arts degree: Completion of all requirements listed for the Bachelor of Science degree in addition to the performance and studio requirements specified by the Department of Dance and the Department of Art + Design, Art History, Art Education.

Bachelor of Music degree: Completion of all requirements listed for the Bachelor of Science degree in addition to the performance and studio requirements specified by the Department of Music.

catalog: College catalogs provide all types of information that parents and students need to know about a school, including the institution’s history and philosophy, policies and procedures, accreditation status, courses of study, degrees and certificates offered, graduation requirements, campus map, admission and enrollment procedures, financial aid, and student life activities. Each student is assigned a catalog year based on when they enter Towson University. Towson University uses an electronic undergraduate catalog that can be found online.

change of schedule period: The days following the start of classes each term in which students may add, drop or swap classes from their original schedule. Dates are determined by the Registrar’s Office each term. This is also known as the Add/Drop Period.

class number: The number assigned to each individual class section for the purpose of registering for that particular class and section during registration. A four- or five-digit number in parentheses located to the right of the class name and section number as listed in the online services Schedule of Classes. The class number links a time, location and instructor to each course.

class vs. course: The word “class” is used to identify the days/times that a specific
course meets (e.g., BIOL 201.001). These specific class meetings are called class sections. The word “course” is used to identify a common topic or subject area. These courses will share a common course number (e.g., ENGL, #102). Each course may have multiple class sections.

**Core Curriculum:** The University Core Curriculum is arranged to give students an opportunity to take courses in all of the critical areas that make up a liberal education. University Core Curriculum requirements include 14 courses in four categories: fundamentals, ways of knowing, writing in a chosen field and perspectives.

**Course descriptions:** Description of the content of the course and any prerequisites needed to enroll in the course. Course descriptions can be found at the end of the online catalog and also by clicking on the course name and number during the online enrollment.

**Credits:** See units/credits.

**Cumulative Grade Point Average:** Cumulative grade point average (GPA) refers to the overall grade point average, which includes dividing the number of quality points earned in all courses attempted by the total unit hours in all courses attempted in which a grade has been received.

**Degree:** Awarded to undergraduate students for the successful completion of a program of study. Baccalaureate or bachelor’s degree is the undergraduate degree offered by four-year colleges and universities. The minimum number of units required for a bachelor’s degree is usually 120.

**Degree Completion Plan:** An Individualized Degree Completion Plan (IDCP) takes the Suggested Degree Completion Plan of your major (or concentration or track) and personalizes it for your academic career given your unique needs, goals and aspirations. This plan could help you save time and money by highlighting a more direct route toward degree completion and graduation. Eventually, all Towson and University System of Maryland students will be required to complete an IDCP.

**Enrollment:** Also known as registration. This is the procedure by which students choose classes each term. A student enrolls in courses at Towson by logging onto Towson Online Services and adding courses to his or her schedule.

**Enrollment Appointment:** The day and time a student is eligible to begin course registration. Your opportunity to register or change your schedule starts with your enrollment appointment and ends the night before classes begin for the term. Appointments are determined by the number of units a student has earned—the more units earned, the earlier a student can register. The enrollment appointment can be found online on the Student Center page.

**Elective:** A class a student can take that is not specifically required by the major or minor and is not included in the university Core Curriculum.

**Faculty:** People who teach classes at a college. Some colleges differentiate between faculty and instructors. Instructors are hired to teach a specific class or classes, while faculty members have contracts with the college that require additional duties beyond teaching (such as research or advising). Faculty members are also referred to as professors.

**Freshman Seminar:** A class for first-year students, the seminar focuses on exploration and discovery, introducing students to the academic expectations for college-level work and the intellectual, communication and collaborative skills needed for academic success. The seminar (TSEM 102) is taught by faculty across all disciplines on a variety of topics. Any TSEM 102 course will fulfill the Core Curriculum requirement and must be completed with a grade of C or higher. The freshman seminar cannot be used for major credit. Students can choose which seminar topic to take and should complete this requirement in the first year at Towson.

**FYE Adviser:** A First-Year Experience (FYE) adviser is a faculty or staff member or a professional academic adviser who works specifically with first-year students to help them transition to college and make decisions about their education. Advisers are assigned prior to the first term in college and are selected, when possible, by areas of academic interest. An FYE adviser works with students for their entire first year at Towson. The FYE adviser is indicated by ORIE 305 (ORIE 306 in spring) on each student’s schedule.

**FYE Advising Hold:** A negative service indicator (Hold) found on a student’s Towson Online Services account. A negative service indicator can prevent students from registering for classes, changing classes, getting an official transcript, or other official university business. The FYE hold will be removed and access to registration restored only after students meet with their academic adviser. Other negative service indicators can be placed by the Health Center, Bursar’s Office or Admissions Office.

**Grade Point Average (GPA):** The grade point average (GPA) is a common method used to measure academic performance. The GPA is calculated by dividing the total amount of grade points earned by the total amount of unit hours attempted. A grade point average may range from 0.0 to 4.0. A student has a grade point average calculated for each college term, as well as a cumulative grade point average.

**Hold:** A hold is a negative service indicator (Hold) placed on a student’s account when there is an outstanding student obligation, such as unpaid tuition, immunization records needed, academic advising, unresolved student conduct issues, etc. Failure to satisfy outstanding obligations may result in the
holding of transcripts and may prevent registration for classes for the next term.

Honors College: An enhanced college experience for the most highly qualified and motivated students (as determined by test scores and grades). Entering freshmen are invited to apply for admission to the Honors College. Rising sophomores also may apply. All applicants must meet the Honors College’s stringent admission standards. Students must complete 24 units of specific coursework and maintain at least a 3.30 grade point average to remain in good standing in the Honors College. Students in the Honors College enjoy smaller class sizes, priority registration, access to special campus facilities (including honors housing) and merit scholarships. Most students are admitted to the Honors College for their freshman year, but continuing and transfer students on the Main Campus may also apply. (Honors College classes are currently not available at off-site locations.)

honors course: Classes available only to students enrolled in the Honors College. Many honors courses are enhanced versions of Core Curriculum requirements, but can also be specifically designed to meet the requirements of the Honors College. Honors courses use different course numbers and enrollment can only be accessed by those accepted into the Honors College.

International Baccalaureate (IB) courses: Some high schools participate in a rigorous program of academic study called the International Baccalaureate. If a student scores high enough in IB courses, Towson will award the student college-level credits.

individually designed major: Sometimes a student is interested in a major that Towson does not offer. The Individually Designed Major (Thematic Option) gives students an opportunity to put together a program of study based on a major offered at another college or university. It requires a lot of thought and planning, but can be a rewarding experience for a student.

interdisciplinary studies major and minor: Majors and minors in this area bring together courses from different academic departments into unique programs. Currently there are four majors and nine minors in this program. These majors are great for students with a broad range of interests. For example, the interdisciplinary studies major in American studies includes courses in history, anthropology, English, art history, geography, music, philosophy, political science, and sociology, as well as American studies.

internship: Internships provide students with opportunities to gain real-world experience and build their skills and network of contacts while earning academic credit. Some majors at Towson require one or more internships while others encourage their students to do an internship. While most students in internship programs at Towson are juniors or seniors, a growing number of freshman and sophomore students are entering internships to explore career fields of interest to them.

Language Proficiency Exam (PE exam): Students with strong skills in a language other than English may apply to the Department of Foreign Languages to take a challenge exam usually offered in November. Contact the Department of Foreign Languages for a list of language exams, application information and test dates.

major/academic plan: A major, also known as the academic plan in the Towson Online Services system, is an approved set of courses within an academic discipline (e.g., psychology, elementary education or nursing). A student must declare and meet the requirements for the major as stated in their assigned Undergraduate Catalog. A
student must officially declare a major by the time he or she reaches 60 earned units (junior standing).

**major concentration**: A concentration is a sequential arrangement of courses representing a specialized area of study within a program. A concentration requires a minimum of 25 units and should have enough unique units to distinguish it from the major, track or another concentration. A concentration will appear on the student’s transcript as a sub-plan upon graduation.

**major track**: A track is a sequential arrangement of courses representing a specialized area of study within a major program.

**minor**: An approved set of courses within a major area of study, or a separate, distinct thematic area of study consisting of at least 18 and no more than 30 units. A minimum of 12 units must be upper-level courses (300-400 numbered courses) and no more than 12 units can be taken outside of the minor or thematic discipline. A grade equivalent of 2.0 or higher is required in all courses completed toward the minor.

**National Student Exchange**: This program allows full-time degree candidates an opportunity to become acquainted with social and educational patterns in other areas of the United States. Through Towson’s membership in the NSE, students may attend one of the 190 participating schools for a term or a full year. Schools participating in the program include those in 47 states, Puerto Rico, Guam and the Virgin Islands.

**open major**: A student who has not officially declared a major or who has decided to change from a declared major but does not have a specific replacement.

**Pass/D or F Grading Option**: The grade of PS (Pass) is assigned to a course selected on the Pass grading option when students earn a C grade or higher. Students who elect the Pass grading option and earn a grade of D+ or lower will have the actual earned grade recorded on the permanent record and used in calculation of the grade point average.
need to complete.

**syllabus**: An outline or overview of the important information about a course. It usually includes the instructor’s contact information and office hours, grading policy, recommended or required textbooks for the course, important dates and deadlines, assignments, and other course expectations.

**term/semester**: The time period for which college classes are in session is referred to as an academic term, often called a semester at other colleges and universities. Towson University’s primary terms are the fall and spring terms, which are approximately 16 weeks in length. Other terms include summer semester, which ranges from five to eight weeks, and minimester (winter term), which lasts approximately three weeks.

**transfer credit**: Credit received at another college/university which is then accepted when the student enrolls at Towson University. Most non-developmental courses in which a student receives a D (1.0) or higher are accepted. Courses accepted in a major require a grade of C (2.0) or higher.

**transcript**: The official permanent academic record of the student. It shows courses attempted and completed, units and grades earned, and academic status, including academic honors and suspensions. Unofficial transcripts are also available which include all of the above and any terms of warning.

**Towson University in Northeastern Maryland (TUNE)**: Towson University in Northeastern Maryland offers seven programs of study at the TUNE facility located in Harford County at 510 Thomas Run Road, Bel Air, MD 21015.

**undergraduate**: A term used to describe college freshmen, sophomores, juniors and seniors who are pursuing baccalaureate (bachelor’s) degrees, associate degrees and certificate programs.

**units/credits**: Courses taken in college are measured in units, also known as credit hours or credits. To earn one unit, a student must attend a class for one classroom hour each week of the term. Classes are offered in 1–6 unit increments, with most classes being 3 units.

**warning hold**: A service indicator placed on a student’s record when the cumulative GPA falls below the standard for a student’s classification. This hold requires the student participate in intervention activities. The warning hold does not appear as a permanent part of the official transcript.

**withdrawal from a course**: Voluntary disenrollment in a course by the student after the add/drop period has ended. A grade of “W” is recorded on the official transcript; the W grade is not calculated in either the term or the cumulative GPA.

**withdrawal from the university**: Voluntary disenrollment from the university by the student. Grades of “W” are recorded on the official transcript from all enrolled courses for the specific term. The “W” grades are not calculated in either the term or the cumulative GPA.

Where should I park?

Don't waste time searching for parking. Depending on when you arrive on campus, parking can generally be found in the lots in one of three zones.

**before 8:30 a.m.**
- Emerson Dr.
- University Ave.
- Auburn Dr.

**before 9 a.m.**
- Stephens Ave.
- Glen Dr.
- Newell Ave.
- To Stevenson Ln.
- To Charles St. and I-695

**9 a.m. or later**
- Union Parking Garage
- West Village Parking Garage
- Glen Parking Garage
- Other Garage (based on zone)
