Compliance Day will be held on **November 22, 2019** in **LA 2118**.

**Schedule**

- 9:00-9:50: IACUC
- 10:00-10:50: IRB
- 11:00-11:50: IBC
- 12:00-1:00: Lunch/Open Hour
- 1:00-1:50: COI/Export Controls/Other Compliance Issues
- 2:00-3:00: Open Hour

**IACUC**

The Institutional Animal Care and Use Committee (IACUC) oversees compliance with all regulations and ethical principles governing the use of animals in research and teaching. Join the IACUC chairperson, associate professor Jack Shepard, for a session on the requirements of conducting research with animals at TU and navigating the IACUC process. Q&A to follow at the end.

**IRB**

The Institutional Review Board (IRB) is responsible for reviewing research involving human subjects. The IRB chairperson, associate professor Elizabeth Katz, will present a session on the TU IRB process, requirements for submission, and best practices to ensure a strong IRB proposal for approval. Q&A to follow at the end.

**IBC**

The Institutional Biosafety Committee (IBC) was established to protect laboratory personnel, students, staff, faculty and the environment from biohazardous substances, as well as to ensure compliance with all applicable regulations. Join the IBC chairperson, associate professor Barry Margulies, and EHS Manager, Rick Setzer, as they discuss TU’s IBC procedures. Q&A to follow at the end.

**COI/Export Controls/Other**

Nancy Dufau, Assistant Vice President of Sponsored Programs & Research, will cover other compliance areas, including conflicts of interest and export controls. Q&A to follow at the end.

**Open Hours**

Nancy Dufau and Ashley Dawson, Research Compliance Administrator, will be available for any FAQs faculty and staff may have. Drop in to meet us and ask about general topics related to these compliance areas if you are not able to attend one of the scheduled sessions.
