Notes & Recommendations from Towson University:

*Core 1 at TU is automatically waived for all transfer students.

*Students must follow the course selections outlined in this agreement. Failing to complete the specified courses will require them to fulfill remaining requirements at TU and could jeopardize their ability to earn a bachelor's degree within two years.

*Courses with the ♦ symbol are recommendations only; consult with advising for alternate options to complete all coursework within four years.

*Course equivalents ending in TLL are general lower-level elective coursework at TU.

*All Biology majors must complete minimum 19 units toward the major at Towson University, with at least 10 of these units at the upper (300-400) level. Courses taken to fulfill Ancillary Course requirements do not count toward units in residence.

*Please note the graduation requirement that 32 credits of the bachelor's degree must be completed at the upper level (courses numbered 300 or above) at TU when selecting major coursework and general electives.

Bachelor's degree requirements for all students:

- A cumulative grade point average (GPA) of 2.0 is required.
- A C grade (2.0 GPA) or higher is required for all major courses and prerequisites.
- 32 credits of the bachelor's degree must be completed at the upper level (courses numbered 300 or above) at TU
