TOTAL CREDITS:		15	TOTAL CREDITS: 15	

* Denotes course that must be completed with a grade of C or better ** Must consult with a TU Academic Advisor © Core Curriculum

Notes & Recommendations from Towson University:

*Core 1 at TU is automatically waived for all transfer students. * Students must follow the course selections outlined in this agreement. Failing to complete the specified courses will require them to fulfill remaining requirements at TU and could jeopardize their ability to earn a bachelor's degree within two years. *Courses with the ♦ symbol are recommendations only; consult with advising for alternate options to complete all coursework within four years. *PSYC 213 (offered only in the fall) and PSYC 313 (offered only in the spring) represent a two-course sequence that must be taken with the same faculty member in the same academic year. In order to receive credit for PSYC 213, students must complete PSYC 313. *Psychology major elective credit excludes PSYC 383 and PSYC 465. A maximum of 6 of the 18 units can be experiential classes which include PSYC 381, PSYC 391, PSYC 435, PSYC 454, PSYC 491, PSYC 494, and PSYC 499. *All Psychology majors must complete a minimum of 25 units in Psychology (PSYC) courses toward the major at Towson University. In addition, transferred lower (100-200) level Psychology courses do not fulfill any upper (300-400) level requirements of the Psychology major.

Bachelor’s degree requirements for all students:

- A cumulative grade point average (GPA) of 2.0 is required.
- A C grade (2.0 GPA) or higher is required for all major courses and prerequisites.
- 32 credits of the bachelor’s degree must be completed at the upper level (courses numbered 300 or above) at TU
