Core 1 Towson Seminar		Waived for Transfer Students
TOTAL TU CREDITS:	**58**	

** Denotes course that must be completed with a grade of C or better* *** Must consult with a TU Academic Advisor*

Notes & Recommendations from Towson University:

*Course equivalents ending in TLL are general lower-level elective coursework at TU. *A course number beginning with T or F indicates that it is a lower-level equivalent of an upper-level TU course. These courses will not count toward the TU degree requirement for 32 upper-level units.
*Students must follow the course selections outlined in this agreement. Failing to complete the specified courses will require them to fulfill remaining requirements at TU and could jeopardize their ability to earn a bachelor's degree within two years. *Please note TU will apply a maximum of 19 credits of transferred Psychology coursework towards the 4-year degree. *The Department of Psychology offers two options beyond the completion of the general undergraduate concentration: a Clinical Psychology Area of Focus and an Honors Thesis in Psychology option. See current TU catalog for more information. *PSYC 313 or 314 meet the Core 9 requirement.
