Total program requirements applied to the TU degree: 40 credits

Total transferred to TU: 62-63 credits

Students may transfer a maximum of 64 credits. Refer to section 2 for further details on CCBC degree requirements and transferring coursework to TU.

Section 2: CCBC Course Selection & Transfer Details

This section explains any specific course selections made in section 1 and provides transfer planning guidance specific to this degree plan. Students must follow the course selections outlined in this document. If students do not complete any or all of the courses outlined in this agreement, they will be required to complete outstanding requirements at TU.

GENERAL EDUCATION

The following information explains the transfer of students' general education courses:

- The Towson Seminar (Core 1) requirement is waived for all incoming transfer students.
- If students complete any additional general education courses at CCBC, they may transfer in place of some MNTH credits to satisfy additional Core Curriculum requirements.

SELECTIVE ADMISSION

Mental Health is a selective admissions program. Students must complete MNTH 101 or MNTH 130 prior to program admission. Students should contact CCBC for more information about the program admission requirements and application process.

NONTRANSFERABLE CREDIT

CCBC requires any student who is new to college to take ACDV 101 Academic Development: Transitioning to College. Students must provide an official transcript(s) from an accredited institution to document successful completion of college coursework for the ACDV 101 requirement to be waived. This 1-credit course is designed to be taken in the first semester at CCBC. ACDV 101 will not transfer to TU.

LOWER-LEVEL EQUIVALENTS OF UPPER-LEVEL COURSES

A course number beginning with T indicates that it is a lower-level equivalent of an upper-level TU course. SOCI T43 and PSYC T61 are equivalent to SOCI 343 and PSYC 361 but will not count toward the TU degree requirement for 32 upper-level units.

Section 3: Degree Requirements to Be Completed at TU

This section outlines the degree requirements for students transferring into the Allied Health program. Students will choose one of six tracks based on their career goals. Each student's program of study and the courses they choose must be approved by an Allied Health advisor. Refer to section 4 for additional program details and university-wide degree requirements.
