

Certified Clinical Medical Associate Program Externship

The Towson University Continuing and Professional Studies Certified Clinical Medical Associate Program is partnering with Johns Hopkins Community Physicians on the externship program.

Requirements

- ◆ The externship is a required component of the CCMA program and should be completed within 2 months (8 weeks) of start date
- ◆ 160 total hours
- ◆ Students must commit at least 20 hours a week to their extern site. It is strongly recommended that externs set a schedule of 28–40 hours a week to make the most of the experience and opportunity
- ◆ Certificates of completion will be distributed electronically upon successful completion of the externship hours

Requirements for placement

Students must meet the following requirements:

- ◆ Completion of clinical program (108 hours) and self-paced learning (250 hours)
- ◆ Be 18 or older with a high school or GED® diploma
- ◆ Basic Life Support for Health Care Providers (BLS) certification (*included in program*)
- ◆ Proof of vaccination:
 - ◆ Measles (Rubeola), Mumps & Rubella (MMR)
 - ◆ Varicella (Chicken Pox)
 - ◆ Hepatitis B
 - ◆ Tuberculosis (TB)
 - ◆ Influenza (Flu)
- ◆ Health insurance
- ◆ Criminal background check
- ◆ Drug screening (basic urine 9-panel)

Placement

- ◆ Through email communication and virtual office hours, the extern coordinator will learn more about your interests and type of placement students seek.
- ◆ Students will be matched with an office based on fit and flexibility.

The externship is a required component of this course.

Certificates of completion will be distributed electronically upon successful completion of the externship hours.
