Global Cybersecurity Skills Shortage + Increased Budgets = CAREER OPPORTUNITIES

WHAT'S THE SOLUTION?
Trusted credentials from TOWSON UNIVERSITY

WHAT QUALIFICATIONS DO I NEED?
This is what hiring managers say:
- 33% say hands-on experience is prevalent
- 46% say technical skills are needed
- 69% say certifications are required

WHAT CREDENTIALS DO YOU OFFER?
Our courses prepare students to earn the:
- CompTIA A+ Essentials
- CompTIA A+ Practical Application
- CompTIA ITF+
- CompTIA Network+
- CompTIA Security+ certification

AVERAGE SALARY OF CYBERSECURITY PROFESSIONALS:
Average salary of $116,000 or 3X the national median income for full time employees

IS IT WORTH MY TIME?
YES. Cyberattacks are growing, but the talent pool is not keeping pace.

IS CYBERSECURITY A GROWING FIELD?
Cybersecurity outpaces other IT jobs by wide margins. The Baltimore-Washington DC metro area is one of the TOP FIVE LOCATIONS for cybersecurity job growth.
