CHILD DEVELOPMENT EXPERIENCE

Child Life Internship, Children's Memorial Hospital, Baltimore, MD May 20XX-August 20XX

- Planned and implemented developmentally appropriate activities for children and teens
- Used coping strategies to help patients through procedures
- Conducted therapeutic play interventions within groups and individually in an effort to provide emotional support and medical education, and encourage the expression of feelings
- Offered support, referrals, and resources for families
- Implemented leisure activities for in-patients and out-patients
- Trained five volunteers and coordinated schedules and assignments
- Prepared and participated in community awareness events
- Designed an educational picture book for a community member to support fundraising efforts for the hospital

Practicum Teacher, UMD Child Development Lab, Baltimore, MD January 20XX-May 20XX

- Served as Infant/Toddler Head Teacher and Assistant Teacher
- Created and maintained learning centers throughout the classroom
- Documented the development of one child and maintained communication between the lab and the family

Child Life Volunteer, St. John's Hospital, Columbia, MD September 20XX-May 20XX

- Provided support to children ages 3 and older prior to and after invasive medical procedures
- Developed fun and educational activities intended to divert attention from hospital daily life
- Supported child life specialists as needed with complicated patient concerns

PROFESSIONAL ASSOCIATIONS

Child Life Council

Association for the Education of Young Children

ADDITIONAL EXPERIENCE

Trainer, Chili's Grill & Bar, Hanover, MD May 20XX-Present

- Train 500+ employees at five new store locations using a collaborative training orientation
- Selected from among 12 trainers to perform in-house training for new stores
