Creating Your Degree Completion Plan (DCP)

By Maryland law, once you have earned 45 credits of course work, all students must have an academic plan that lists the courses needed to complete your degree for each semester leading to graduation. Transfer students must have a plan in the first semester at Towson. You will work with your academic advisor to create your academic plan. We have created a website with all the information needed to assist you with the creation of your academic plan at http://towson.edu/cbe/resources/advising/academicplan.html
