Geographic Areas Served: Serves all of Baltimore but primarily East Baltimore

Supervisor(s): Tulha Siddiqi

Name: Tulha Siddiqi
Title: Program Manager
Email: tsiddiqi@charmcityclinic.org
Phone: 301-466-5274

AGENCY GOALS & OBJECTIVES:

The mission of Charm City Clinic, Inc., is to accompany residents of low-income communities in Baltimore through the process of attaining and sustaining access to high quality health care. We concentrate our efforts on building robust partnerships with our clients to advance their aspirations for well-being, because residents of local communities embody the greatest potential for improving the health of the community, and of Baltimore City.
Charm City Clinic is not stratified between departments. The agency goal above applies.

CRIMINAL BACKGROUND CHECK REQUIRED? Yes ___ No_X_

INTERNSHIP INFORMATION (How might your organization use and improve a health education student’s skills and knowledge?):

Charm City Clinic is constantly in a state of capacity building, especially with regards to developing materials and resources for patient education and assistance. Clients in the East Baltimore area are unfortunately greatly underserved in healthcare and health information, among other issues. A health education student will have the opportunity to work closely with East Baltimore residents, guiding them through the complicated healthcare system, and providing them with resources and knowledge that will allow clients to make informed decisions about their health. They will have the opportunity to further develop and hone their skills in community health education with real world experience. In addition, they will have the support of Charm City Clinic in training, exposure, and guidance.

INTERN INFORMATION (What are the skills and qualities you seek in an intern?):

Charm City Clinic is looking for dedicated students who are interested in work with underserved populations and healthcare. As CCC is working with a difficult population, with clients that are dealing with poverty, drug abuse, and major health problems, we recommend that students have some experience with working with the underserved in a direct client capacity. They will need to demonstrate the ability to empathize and work closely with clients who are dealing with difficult situations in many parts of their lives. As interns will also be working in community health education and outreach, experience in developing health education materials is preferred. Interns may have to follow up with clients often, possibly once a week. Finally, as CCC is a team environment, interns should be able to work with a diverse group of AmeriCorps staff members, volunteer students/physicians.

OTHER INFORMATION (Parking problems? Need for night/weekend availability? Things a student should know before an interview?):

Parking lot available but fills up quickly, on street parking may be difficult.

As Charm City Clinic is a small grass-roots organization, students will need to provide their own laptops and phones

Charm City Clinic operates on:
- Tuesday – 2-10 PM
- Wednesday – 11-7 PM
- Thursday – 10-6 PM
- Friday – 10-6 PM
- Saturday – 10-6 PM
