Community Fieldwork Handbook
General Agency Information

AGENCY NAME: Johns Hopkins University
AGENCY ADDRESS: 3400 N. Charles Street, AMRII

AGENCY TELEPHONE: 410-516-8396
FAX: 410-516-0778

Web Page/URL: www.jhu.edu/health

Geographic Areas Served: Homewood campus

Supervisor(s):

Name: Barbara Schubert
   Title: Associate Director, Health Education & Wellness
   Email: bgwinn1@jhu.edu
   Phone: 410-516-7558

AGENCY GOALS & OBJECTIVES:
The Center for Health Education and Wellness (CHEW) aims to increase student health and well-being by addressing various health issues such as stress management, alcohol and other drugs, and sexual health. Our vision is to create and sustain a learning environment where healthy behaviors are an integral component to academic and individual success.

CHEW provides health education programming and health promotion to the student population to foster and promote a healthier JHU community. CHEW proactively responds to the needs of a diverse undergraduate and graduate student population, with an emphasis on the prevention of illness and risk reduction. The CHEW crew, consisting of professional staff and students, offers a variety of programs that promote and affirm student health and wellness through the delivery of fun and interactive programming.
DEPARTMENT GOALS AND OBJECTIVES:

- Understand the relevant issues surrounding sexual health, sexual assault, ATOD, and stress management.
- Identify the physical, emotional, and psychological components of the various health issues.
- Promote awareness and knowledge concerning responsible decision-making.
- Meet students’ needs for information and assistance through discussion groups, outreach programming, as well as one-on-one conversations.
- Develop social marketing campaigns to increase student’s awareness on campus regarding misconceptions about certain health practices.
- Obtain practical hands-on health education experience by working on a variety of projects through the Center for Health Education and Wellness.

CRIMINAL BACKGROUND CHECK REQUIRED? Yes ☒ No ___

INTERNSHIP INFORMATION (How might your organization use and improve a health education student's skills and knowledge?):

Assist in the preparation of the student for a career as a Health Educator upon graduation by providing hands-on, practical experiences planning, implementing, and evaluating a program; conducting health awareness campaigns; and developing health-related materials. Students would be able to apply knowledge learned in courses to a real life work situation thus enhancing both their knowledge and skills.

INTERN INFORMATION (What are the skills and qualities you seek in an intern?):

Qualities sought in an intern are reliability, integrity, commitment to delivering quality work, openness to learning and being exposed to a variety of experiences, creativity, flexibility and motivation.

OTHER INFORMATION (Parking problems? Need for night/weekend availability? Things a student should know before an interview?):

Evening or weekend availability is required. Hours would be adjusted accordingly.

We would cover the cost of parking for the semester.

There is a fair amount of walking around campus and carting/lifting of materials from one location to another.
THANK YOU FOR COMPLETING THIS FORM.
