

Do you qualify to take the Department of Languages, Literatures & Cultures Challenge Exam? You must be able to answer to all 3 of these questions:

YES! I am a degree-seeking student earning my degree from Towson University (not non-degree and not from another school.)

Yes! I have an overall GPA of at least 2.00 (Grade “C” Average)

Yes! This is the FIRST TIME I am taking the LLC Challenge Exam.

COST FOR 3 CREDITS: \$90 (\$30 per credit) to test + \$90 (\$30 per credit) to post = \$180.00

COST FOR 6 CREDITS: \$180 (\$30 per credit) to test + \$180 (\$30 per credit) to post = \$360.00

Students are billed for testing once they submit an application to enrollment services. If you take the exam and don't pass, you still MUST pay for testing.

Now, here are answers to YOUR questions:

What is the exam? It's a VERBAL and WRITTEN exam for NATIVE and HERITAGE speakers and writers at the 301/302 level in the following languages:

Arabic – Chinese – French – German – Hebrew – Italian – Japanese – Spanish

If you don't see your language listed above, sorry, we do not test for it.

What credit do I earn? **We do not test for elementary and intermediate level credit.** If you score an “A” on the exam you can earn either 6 credits for both the 301 & 302 (Advanced Composition & Conversation 1 & 2) courses in your language or 3 credits for the 302 level only. If you score a “B” on the exam, you earn 3 credits for 301 only. If you score lower than a “B” you earn zero credits.

Does my test grade show on my transcript?

No, the test grade does NOT show on your transcript. Only the Course Name (301 and/or 302) and the credits appear on your transcript. The exam does NOT raise or lower your Grade Point Average (GPA.)

The exam credits impact Gen Ed or Core Requirements as follows:

French/German/Italian/Spanish exam credits satisfy Gen Ed II.C.3 or 301 satisfies Core Requirement 5 and 302 satisfies Core Requirement 12.

Arabic/Chinese/Hebrew/Japanese exam credits satisfy Gen Ed II.D. or 301 satisfies Core Requirement 5 and 302 satisfies Core Requirement 12.

Test credits may also be accepted toward a minor or major.
