

Make it Clear, Make it Count

→ Transparent Teaching
for Student Learning

September 9, 2026

12:00 - 1:30 p.m.

LA 2315

After this workshop, faculty will be able to:

- Discuss the impact of transparency on academic confidence and student learning.
- Apply SMART attributes to design or revise learning outcomes for a course or program.
- Apply the Transparency in Learning and Teaching (TILT) framework.
- Define at least one measure to assess the impact of these changes on student learning.
