BIT.LY/LETSTALKTU

As part of the CSD’s ‘Let’s Talk’ series and in partnership with the Counseling Center, we will offer affinity spaces for processing, dialogue and community.

These spaces and resources will be focused on anti-racism and decentering whiteness, as an opportunity to (un)learn and reflect on all of our roles as allies for a more inclusive community.

*We remain open to other affinity group spaces based on interest across campus.
