

Harbor Scholars is an exciting professional development opportunity for 5th grade science teachers in Baltimore City. Participants will learn how to deliver effective Meaningful Watershed Educational Experiences (MWEEs), in which students investigate and take action on a real local environmental issue.

Throughout the year-long Harbor Scholars program, teachers in the cohort will 

Teachers who complete the program will be eligible to receive:

- 3 CPD credits
- 3 AU credits (pending) or a \$900 stipend
- Action project funding up to \$250
- Supplies related to the *Save the Bay!* unit

	Attend an online summer workshop
	Participate in 3 outdoor field experiences
	Bring students on a free field trip to the Inner Harbor, including an EcoTour and a SciTech Student Learning Lab experience
	Collaborate with other 5 <sup>th</sup> grade science teachers
	Explore meaningful action projects specific to Baltimore City

The summer workshop will take place from **July 12-23, 2021**. All sessions will take place via Zoom **Monday/ Wednesday/ Friday from 9:00 am to 12:00 pm**.

Outdoor field experiences will also take place over the summer. Dates are TBA, but teachers will be able to choose their preferred dates and times from a selection. Parking will be provided.

### How can I apply?
