

Forensic Chemistry Program Post-Graduation Data Showing Graduate's Major Tracks, Number of Job Offers and Number of Graduate School Admissions of Recent Graduates.

2023-2024 Graduates: In 2023- 2024 there were 20 graduates of which 8 were in the Trace Evidence/Drug Analysis Track, 7 were in the DNA Track, and 5 were in the General Forensic Science Track. 8 graduates found jobs and 10 went to graduate school to earn advanced degrees. No job or graduate school information was available for 2 graduates.

2024-2025 Graduates: In 2024-2025 there were 15 graduates of which 3 were in the Trace Evidence/Drug Analysis Track, 7 were in the DNA Track, and 5 were in the General Forensic Science Track. 4 graduates found jobs and 7 went to graduate school to earn advanced degrees. No job or graduate school information was available for 4 graduates.

2025-2026 Graduates: In 2025-2026 there were 16 graduates of which 5 were in the Trace Evidence/Drug Analysis Track, 6 were in the DNA Track, and 5 were in the General Forensic Science Track. 4 graduates found jobs and 6 went to graduate school to earn advanced degrees. No job or graduate school information was available for 6 graduates.

Chart of Recent Forensic Chemistry Graduates with Job Offers and Graduate School Admission

Forensic Chemistry-Academic Year	# and % of Graduates with Job Offers	# and % of Graduates admitted into Grad School	# and % of Graduates unreachable/did not respond	Total of Graduates	% with Jobs or attending Grad School
2023-2024	8-40%	10-50%	2-10%	20	90%
2024-2025	5-33%	7-47%	3-20%	15	80%
