The Maryland Department of Natural Resources Fishing and Boating Services Access-Point Angler Intercept Survey (APAIS) is hiring seasonal staff for 2017!

These Natural Resource Technicians will work for the APAIS as part of the Recreational Harvest Data Program. Staff will work remotely (reporting to Annapolis a couple of times per year), completing site assignments at marinas, docks, piers and boat ramps throughout Maryland.

More information on Maryland’s role in APAIS can be found at the following link:  http://dnr.maryland.gov/fisheries/Pages/APAIS/APAIS.aspx

The Seasonal Natural Resources Technician position is currently open for new applicants through **February 16th, 2017**. Please forward this on to anyone who may be interested in working for Maryland’s Fishing and Boating services.
