Program in Neuroscience
Seminar Series 2017-2018
HSF II Auditorium, 4pm

September 21st Dr. Fan Wang, Associate Professor of Neurobiology, Duke University School of Medicine (Host: Asaf Keller) Topics: neural circuits; sensory perception and motor action

October 19th Dr. Patrick Fuller, Associate Professor of Neurology, Harvard Medical School (Host: Jessica Mong) Topics: neuronal circuits; sleep and cortical/behavioral arousal

November 9th Dr. Brad Postle, Professor, Department of Psychology, University of Wisconsin-Madison (Host: Dr. David Seminowicz) Topics: memory and cognition

January 11th Dr. Franck Polleux, Professor of Neuroscience, Department of Neuroscience, Columbia University, (Host: Dr. Tom Blanpied) Topics: developmental mechanisms and Alzheimer's Disease

February 8th Dr. Paola Arlotta, Associate Professor of Stem Cell and Regenerative Biology, Harvard University (Host: Dr. Alexandros Poulopoulos) Topics: neurodevelopment, neuronal reprogramming, stem cells

March 15th Dr. Joseph LeDoux, Professor, Center for Neural Science and Department of Psychology New York University (Host: PIN Students host invited speaker for the Bradley Alger Neuroscience Lecture) Topics: memory and emotion

April 12th Dr. D. James Surmeier, Chair, Department of Physiology, Nathan Smith Davis Professor of Physiology, Northwestern University Feinberg School of Medicine (Host: Brian Mathur) Topics: Parkinson’s Disease, schizophrenia

May 10th Dr. Garret Stuber, Associate Professor, Department of Psychiatry and Center for Neuroscience, University of North Carolina Chapel Hill (Host: Dr. Dennis Sparta) Topics: reward and addiction
