ACCESSIBLE PARKING
All Towson University accessible parking spaces designated for a person with a disability are available on a first-come, first-served basis to individuals who have obtained state certification that authorizes the use of an accessible space as well as a current university parking permit.

To park in a campus space designated for those with disabilities, you must:
- Purchase a parking permit at Parking & Transportation Services through eParking via the PackMobile app or at one of the yellow visitor pay stations located throughout campus.
- Display a valid Maryland or other state-issued disability placard or license plate.
- Be a driver or passenger in the vehicle who is the authorized user of the disability placard/license plate.

PARATRANSLIT SERVICE
Towson University offers dedicated paratransit service to supplement its regular on-campus shuttle bus service. Paratransit vans provide scheduled pickups to students, faculty and staff with limited mobility due to a disability or temporary impairment. Regular student users must be registered with the Office of Accessibility & Disability Services (ADS) and regular employee users must be registered with Human Resources. Paratransit service is also available to campus visitors with limited mobility upon request. Paratransit vans are equipped with a wheelchair lift and will pick up and drop off at designated campus locations that are accessible safely by vehicle.

Paratransit service can be requested by calling 410-704-RIDE (7433). Transport will be provided within 30 minutes of the requested pick-up time. If you require ongoing service, regularly-scheduled pickups can be arranged by providing Parking & Transportation Services with your schedule.

PARATRANSLIT SERVICE DURING FALL AND SPRING TERMS:
- Accessible service (via either lift-equipped shuttle bus or paratransit van) is available around the clock except Saturday to Sunday, 6 a.m.–4 p.m.
- Dedicated paratransit van service is available for ADS-registered students, faculty and staff Monday through Friday, 6 a.m.–7 p.m.
- Service is not available when the university is closed.

SHUTTLE BUSES
Towson University operates regular shuttle bus service on and from campus to the surrounding community. Students, faculty, staff and visitors are welcome to use the on-campus shuttle service free of charge. A valid Towson University OneCard is required to board any off-campus shuttle.

The front seats of all shuttle buses are reserved for individuals with disabilities. Some, but not all, shuttle buses can accommodate wheelchair users. On routes where a shuttle bus is not lift equipped, transportation can be arranged through the university’s paratransit service.
