UNIVERSITY SYSTEM OF MARYLAND
TOWSON UNIVERSITY
NOTICE TO BIDDERS/OFFERORS

To help improve the quality of bid and proposal solicitations and to make our procurement process more responsive and "business friendly," we ask that you provide comments and suggestions regarding the enclosed solicitation. Please return your comments with your bid, proposal or "no bid," response, as the case may be. Thank you for your assistance.

Bid/Proposal Number: ______________ Entitled: ________________________________________

I. If you have responded with a "no bid" please indicate the reasons below:
   ( ) Other commitments preclude our participation at this time.
   ( ) The subject of the solicitation is not something we normally provide.
   ( ) We are inexperienced in the work/commodities required.
   ( ) The specifications are either unclear or too restrictive (Explain below).
   ( ) The scope of work is beyond our current capacity.
   ( ) Doing business with Maryland Government agencies is simply too complicated (Explain below).
   ( ) We cannot be competitive (Explain below).
   ( ) Time allotted for completion of the bid/proposal response is insufficient.
   ( ) Startup time is insufficient.
   ( ) Bonding/Insurance requirements are prohibitive (Explain below).
   ( ) MBE requirements (Explain below)
   ( ) Bid/Proposal requirements (other than specifications or scope) are unreasonable or too risky (Explain below).
   ( ) Prior experience with Towson University contracts was unprofitable or otherwise unsatisfactory (Explain below).
   ( ) Payment schedule too slow.
   ( ) Other: __________________________________________________________________________

SECTION I. PROCUREMENT OBJECTIVE

A. SUMMARY STATEMENT
Towson University is seeking qualified contractors to provide all labor, supervision, material, tools & equipment to perform concrete repairs and new concrete installation at the university.

B. ISSUING OFFICE AND PROCUREMENT OFFICER
The sole point of contact in the State for purposes of this IFB is the Procurement Officer or his/her representative (hereinafter referred to as Procurement Officer) noted on the Key Information Summary Sheet. Only the information communicated by the Procurement Officer shall be deemed the official position of the University; no other State or University employee, official, or representative has authority to change the requirements of this solicitation. Attempts by Bidder to contact the requester, evaluator, or otherwise circumvent this procedure in any manner may be grounds for disqualification.

C. PRE-BID CONFERENCE
A pre-bid conference will be held as noted on the Key Information Summary Sheet. Bidders shall submit questions in writing to the Procurement Officer prior to the pre-bid conference. Bidders are encouraged to attend.

The University is committed to ensuring that persons with disabilities have equally effective opportunities to participate in and benefit from the University's programs and services. Persons who may require reasonable ADA accommodations should contact the Issuing Office at (410) 704-2171 at least five (5) days prior to any meeting scheduled in connection with this solicitation.

D. QUESTIONS AND INQUIRIES
Bidders shall direct all communications regarding this solicitation to the Procurement Officer, in writing (email preferred), not later than the date indicated on the Key Information Summary Sheet. Addenda, if required, will be furnished to all potential Bidders known to have received the IFB.

E. SITE INVESTIGATION
By submitting a bid the vendor acknowledges that he has investigated and satisfied himself as to the conditions affecting the work, including but not restricted to those bearing upon transportation, disposal, handling and storage of materials, availability of labor, water, and electric power. Any failure by the contractor to acquaint himself with the available information will not relieve him from responsibility for estimating properly the cost of successfully performing the work. The University shall not be responsible for any conclusions or interpretations made by the contractor of the information made available by the University.

F. INSURANCE
Upon award, the successful bidder shall furnish certificates of insurance as required in Exhibit A, Required Contract Provisions, Section 51, naming Towson University as an additional insured. The certificate shall reflect the number and title of the solicitation/contract.
G. **BID DUE DATE**
Bids must be received at the Issuing Office by date and time indicated on the Key Information Summary Sheet. Requests for extensions will not be granted. Late bids, late requests for modification, or late requests for withdrawal will not be considered. Unless specifically requested, bids submitted by fax or other electronic devices will be rejected. It is recommended that bids be hand delivered.

H. **OPENING OF BIDS**
A public opening will be held at the date, time and location noted on the Key Information Summary Sheet.

I. **DURATION OF BID OFFER**
Bids submitted are irrevocable for 90 days after the bid due date. This period may be extended by mutual written agreement between the bidder and the University.

J. **PROCUREMENT METHOD**
This solicitation shall be conducted in accordance with the provisions of the University System of Maryland (USM) Procurement Policies and Procedures. The procurement method is Competitive Sealed Bidding.

K. **AWARD**
The University will recommend for award a responsive bid from the responsible bidder submitting the most favorable evaluated bid price for the requirement(s) herein.

L. **MULTIPLE BID OR ALTERNATE BIDS**
Unless multiple or alternate bids are specifically requested in the solicitation, they will not be accepted.

M. **MINORITY BUSINESS ENTERPRISE UTILIZATION**
Minority businesses are encouraged to respond.

**END OF SECTION I.**
SECTION II. GENERAL INFORMATION FOR VENDORS

A. PURPOSE
The overall purpose of this solicitation is to provide information to vendors interested in preparing and submitting bids to meet the requirements herein. Bidders shall familiarize themselves with each section and subsection of this document.

B. REVISIONS TO IFB
1. The University reserves the right to amend this solicitation at any time prior to the bid due date. If it becomes necessary to amend any part of this solicitation, the procurement officer will furnish addenda to all prospective bidders known to have received a copy of this IFB.

2. Each bidder shall acknowledge the receipt of all addenda issued by completing Exhibit K, Addendum Acknowledgment Form, and enclosing it with the bid.

C. PRE-BID MODIFICATION OR WITHDRAWAL OF OFFERS
Bids may be modified or withdrawn by written notice received at the Issuing Office before the bid opening date and time.

D. CANCELLATION OF SOLICITATION/REJECTION OF ALL BIDS
The University reserves the right to cancel this IFB, to accept or reject any or all bids, in whole or in part, received in response to this IFB, and to waive or permit cure of minor irregularities as its best interests may require.

E. INCURRED EXPENSES
The University assumes no responsibility for expenses incurred in preparing and submitting bids in response to this solicitation.

F. ARREARAGES
By submitting a response to this solicitation, a bidder represents that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the contract if selected for contract award.

G. VERIFICATION OF REGISTRATION AND TAX PAYMENT
Each prospective bidder is encouraged to ensure that it is appropriately registered to do business in the State of Maryland, and in good standing with respect to taxes, personal property returns, unemployment insurance, etc., before the bid opening date. Failure to complete registration with the State Department of Assessments and Taxation (SDAT) may disqualify an otherwise successful bidder from recommendation for contract award.

H. ECONOMY OF PREPARATION
Bids should be prepared simply and economically, providing a straight-forward, concise description of the bidder's ability to fulfill the requirements of this solicitation.

I. PUBLIC INFORMATION ACT NOTICE
Bidder shall give specific attention to identification of those portions of its bid considered confidential, or containing proprietary information or trade secrets. Upon request, bidder shall provide justification why such material should not be disclosed by the University
under the Public Information Act, General Provisions Article, §§ 4-401 et seq., Annotated Code of Maryland.

J. EXECUTION OF BIDS
Bids shall be typewritten or written legibly in ink, and signed in ink as follows, depending on the bidder’s form of business organization:

1. Sole Proprietorship. Proprietor shall sign full name, with address.

2. Partnership and Joint Venture. Submit the bid/price proposal form in the name of the partnership or joint venture. Clearly state the partnership name and the identity of each general partner, and execute all affidavits and certificates on behalf of the partnership, or on behalf of each general partner. No provision of any agreement among partners will be binding on the University unless it is disclosed in the Bidder’s proposal. Reasonable evidence satisfactory to the University of the authority of one partner to bind other purported partners is required. Include a copy of the partnership agreement, if one exists. If no partnership agreement exists, and if the number of general partners is reasonably small, each general partner should execute all required documents. At the University’s option, all general partners may be required to sign. Failure to present the University with satisfactory information concerning a purported partnership or joint venture may be grounds for bid rejection.

3. Corporation. An officer or authorized agent of the corporation shall sign with full name, indicate title, and include the name and address of the corporation. In the case of an authorized agent, enclose a letter from an officer of the corporation authorizing said individual to act on behalf of the corporation.

K. DISCREPANCIES, EXPLANATIONS AND CLARIFICATIONS
Bidders finding discrepancies in the specifications or other provisions included in this solicitation, or in doubt as to the meaning or intent of any section or subsection herein, shall request clarification from the Procurement Officer. Failure to request clarification prior to the due date shall be a waiver of any claim by the Bidder for expenses made necessary by reason of later interpretation of the contract documents, and Bidder shall be bound to the University’s interpretation. Request clarifications in accordance with the instructions above.

L. ORDER OF PRECEDENCE
The contract to be entered into as a result of the IFB (the "Contract") will consist of the following contract documents listed in their order of precedence:

1. The contract executed by the parties and/or Purchase Order issued by the University;

2. The solicitation, including Exhibit A-2 Required Contract Provisions for Construction/Maintenance, and all other Exhibits; and

3. The bid, as submitted by bidder and accepted by the University.

No modifications to this order of precedence will be accepted.
M. REQUIRED CONTRACT PROVISIONS
Bids submitted, and contract(s) executed with the successful bidder, are subject to Exhibit A and Exhibit A-1 (if applicable).

By submitting a bid, the vendor is deemed to have accepted the terms of this IFB, including exhibits; a bid that takes exception to the terms of the IFB may be rejected. Mutually agreeable modifications of the solicitation provisions, if allowed by law, will be documented by express identification in the final contract as superseding the pertinent provisions of the solicitation.

N. FALSE STATEMENTS
Bidders are advised that the Annotated Code of Maryland provides that in connection with a procurement contract, a person may not willfully: Falsify, conceal or suppress a material fact by any scheme or device; make a false or fraudulent statement or representation of a material fact; use a false writing or document that contains a false or fraudulent statement or entry of a material fact; or aid or conspire with another person to commit any of the aforementioned acts. A person who violates these provisions is guilty of a felony, and on conviction is subject to a fine not exceeding $20,000 or imprisonment not exceeding five (5) years, or both.

O. PAYMENT TO THE CONTRACTOR
Payment is governed by Title 15, Subtitle 1, of the State Finance and Procurement Article, Annotated Code of Maryland. The State of Maryland is exempt from Maryland Retail Sales tax and Federal Excise Tax.

If the contract is a maintenance service/service contract, at the end of each calendar month, the Contractor shall render to the Accounts Payable Office, its invoice, in triplicate, for work done during the month. The amount shall not exceed one-twelfth (1/12) of the yearly service contract, unless otherwise specified in the Detailed Specifications.

P. VENDOR ELECTRONIC FUNDS TRANSFER REGISTRATION
Contractors of the State are required to complete a COT/GAD Form X-10, Vendor Electronic Funds Transfer (EFT) Registration Request Form, for each new contract with a value greater than $200,000. Vendors must register for EFT by submitting a completed COT/GAD Form X-10 to the Comptroller’s General Accounting Division (GAD) or request an exemption from GAD. The revised form is on the Comptroller’s Web site at http://compnet.comp.state.md.us/General_Accounting_Division/Vendors/Electronic_Funds_Transfer/default.shtml

Q. RECIPROCAL PREFERENCE
While Maryland law does not authorize state agencies to favor resident bidders, other states grant preferences to their residents over Maryland businesses. Therefore, a resident business preference may be given to a Maryland firm if: A responsible bidder whose headquarters, principal base of operations, or principal site that will provide the services required by this IFB is located in another state submits the most advantageous offer; the other state gives a preference to its residents through law, policy, or practice; and the preference does not conflict with a Federal law or grant affecting the contract. The preference given shall be identical to the preference that the other state gives to its residents.
R. NON-VISUAL ACCESS
The Contractor shall ensure compliance in any applicable contract with State of Maryland IT Non-Visual Access Standards. The standards should be incorporated to the fullest extent possible for information technology contracts. These standards/policies may be revised from time to time and the Contractor shall comply with all such revisions. The Non-visual Access Clause noted in COMAR 21.05.08.05 and referenced in the IFB is the basis for the standards that have been incorporated in the Maryland regulations.

S. INTERGOVERNMENTAL COOPERATIVE PURCHASING
The University reserves the right to extend the terms, conditions, and prices of the contract awarded pursuant to this solicitation to other institutions of the University System of Maryland, and to other state educational institutions (e.g., St. Mary’s College, Morgan State University, and Baltimore City Community College) and public agencies with similar requirements. Each such entity will issue its own purchasing documents; Towson University assumes no contractual obligations on behalf of other users of its contracts.

T. PARKING
All vehicles parked on Towson University property must strictly observe University parking regulations. Each vehicle parked on campus between 6 am and 8 pm, Monday through Thursday, and from 6 am to 3 pm on Fridays, must display a valid University permit unless parked at a paid meter. Parking on sidewalks or unpaved areas is prohibited at all times. All fines for parking or other vehicle violations are the responsibility of the Contractor. This applies to vendors, salespersons, company vehicles, and Contractor employees’ personal vehicles. Long- and short-term permits are available, at designated rates, for vendors with contracts that require them to park regularly on the campus; see the parking website at http://www.towson.edu/parking/visitors/index.html for permit rates and information to support preparation of Bid/Price Proposal. Parking Transportation phone: (410) 704-7275. NOTE: INCLUDE PARKING FEES IN BID/PRICE PROPOSAL.

U. SMOKING
Smoking, defined as the burning of tobacco or any other material in any type of smoking equipment, including but not restricted to cigarettes, cigars or pipes, is prohibited on all property owned, leased or operated by the University. This consists of all buildings, including residence halls, leased restaurants and lodging facilities; all grounds, including exterior open spaces, parking lots and garages, on-campus sidewalks, streets, driveways, stadiums, recreational spaces and practice facilities; and in all University-owned or leased vehicles. The policy applies to all individuals on the University campus, including faculty, staff, students, parents, vendors and visitors. Contractor and its employees and subcontractors who violate the policy may be denied access to the University campus.

END OF SECTION II.
SECTION III. BID SUBMISSION REQUIREMENTS

A. ORGANIZATION OF BIDS
1. Bids must be submitted to the campus location of the Issuing Office not later than the date and time indicated on the Key Information Summary Sheet.

2. Submit one (1) clearly marked original and one (1) copy of each bid, in a sealed envelope. Indicate on the outside of the envelope the solicitation/project number, bid due date, and bidder's name and address.

3. If technical data, product literature, or brochures are needed to supplement the bid, enclose those materials after the last required form.

4. Bids that are incomplete or that deviate from the format required in this section may be rejected.

B. SUBMITTAL REQUIREMENTS CHECKLIST
Each bid must include the following:

1. **BID/PRICE PROPOSAL FORM**, typewritten or completed in ink and executed in accordance with the requirements in Section II. Each alteration to the Bid Form must be initialed, in ink, by the signatory.

2. **Exhibit B, BID/PROPOSAL AFFIDAVIT**, typewritten or completed in ink and executed in accordance with the requirements in Section II.

3. **Exhibit F, COMPANY PROFILE**

4. **Exhibit G, FIRM EXPERIENCE**. Duplicate as necessary to furnish references for no less than three (3) comparable projects completed within the past five (5) years, or currently underway.

5. **Exhibit K, ADDENDA ACKNOWLEDGMENT FORM**. Should one or more addenda be issued, each bidder must acknowledge receipt using this form, identifying each addendum by number and date, and signing the document.

6. **Exhibit L, KEY PERSONNEL FORM**. Provide the names of key personnel to be assigned to this project, if awarded, and a brief resume on each, including educational background, work experience with bidder, previous work experience with other firms, and specific experience similar to the current project.

C. EVIDENCE OF BIDDER RESPONSIBILITY
The University may require any bidder to furnish additional information regarding past performance, financial capacity, technical expertise, or other qualifications bearing on performance of the contract, and reserves the right to consider any information otherwise available, or to make such additional investigations as it deems necessary to confirm the responsibility of any bidder.

The Procurement Officer shall make purchases from, and award contracts, only to responsible contractors. In the absence of information clearly indicating that the
prospective contractor is responsible, the Procurement Officer shall make a determination of non-responsibility.

END OF SECTION III.
ON-CALL CONCRETE PROJECTS
TU-1945

SECTION 01010 - SUMMARY OF WORK

PART I. GENERAL

1.1 SCOPE: The work performed under this Contract shall be providing all labor, supervision, materials, tools, and equipment necessary for, and incidental to campus concrete projects, including the removal of deteriorated concrete and preparation of sub-grade and the construction of Portland cement sidewalks, curbs, curb cuts, gutters, etc. and new concrete installation.

1.2 UNIT PRICES:

A. Six (6) labor rates shall be submitted for each year of the contract on the Bid/Price Proposal form.
B. The labor rates are for a Supervisor, a Finisher, a Laborer, an Excavator Operator with machine, a Skid Steer Operator with machine and a Dump Truck Operator with truck.
C. All labor rates quoted by a bidder shall be within reasonable of the rates in the local area.
D. The labor rates shall be used in the development of the total bid amount; base year plus the four option years.
E. The quantities on the Bid/Price Proposal form are estimated only and not to be construed as minimum or maximum.

1.3 MATERIAL AND EQUIPMENT RENTAL COSTS

A. Material and Equipment:

1. Material costs that are reimbursed to the Contractor as a "job cost" shall be based on the cost of materials to the Contractor from his usual sources of supply with all usual trade practice discounts deducted. All applicable discounts shall be deducted in determining material costs. The mark-up for material, combined overhead and profit, shall not exceed 18% of material costs.
2. The Contractor shall provide material as specified by the Owner from sources at the least cost when requested by the Owner.
3. Material costs shall include sales taxes or other taxes to which materials furnished under the Contract are subject by law.
4. "Job Cost" for materials shall include only materials incorporated in or consumed by the work or materials surplus to the project needs, which may be approved for retention by the Owner.
5. Equipment rentals shall be reimbursed at cost.
6. All equipment rentals require prior approval by the University. The University expects a qualified contractor to supply customary concrete project equipment without use of a rental, e.g., finishing tolls, transits, tampers, trowel machines, forms.
B. Material from Contractor Stock:

1. Material taken from the Contractor’s stock shall be billed at the current market replacement costs as delivered to the Contractor, plus the Contractor’s mark-up for materials.
2. Note that a special fee or merchandising fee for material taken from stock is not allowed under this Contract. Market quotations, invoices or other suitable evidence from wholesalers, distributors, jobbers of the articles or materials so furnished shall be submitted by the Contractor as proof of replacement cost.

C. OWNER’S RIGHT TO FURNISH MATERIAL AND EQUIPMENT: The Owner reserves the right to purchase material, equipment, or job required merchandise, or to furnish such items from stock.

1.4 CONTRACTOR’S MANPOWER AVAILABILITY REQUIREMENT: The Contractor agrees to furnish the manpower, material, tools and equipment as required. The needs of the University may vary, and when required one or several crews may be necessary to perform the work under this Contract on any given day.

The concrete finishing job will require two people to hold a current ACI Concrete Flatwork Technician certification or American Concrete Institute (ACI) Concrete Flatwork Finisher or National Ready Mixed Concrete Association (NRMCA) Concrete Exterior Flatwork Finisher Certification. Concrete finishing will require one person per crew to be certified and onsite for all concrete placements.

1.5 PLANS AND SPECIFICATIONS:

A. If a Bidder/Offeror feels a conflict exists between what is considered good concrete repair and these specifications, Bidder/Offeror shall state in writing all objections prior to the Deadline for Questions date stated on the Key Information Summary Sheet.

PART II. EXECUTION

2.1 TERM OF CONTRACT: The Base Year term of this Contract shall be one-year from the date of Notice to Proceed/Purchase Order. The University reserves the sole right to exercise for four (4) one (1) year renewal options. Each option year shall begin with the first calendar day after the prior term has concluded.

END OF SECTION
SECTION 03000 - SPECIFICATIONS

PART I. GENERAL

1.1 DESCRIPTION OF WORK: The Contractor shall supply all labor, supervision, material, tools and equipment necessary for, and incidental to, the execution and completion of concrete work, as specified herein. All work shall be performed by skilled personnel and shall be accomplished in a neat, orderly, safe and workmanlike manner.

1.2 INTENT OF CONTRACT: This Contract includes removal and replacement, as needed, of all types of deteriorated and/or defective concrete, sidewalks, curbs, curb cuts and gutters and new concrete installation on the campus of Towson University.

PART II. EXECUTION

2.1 PROCEDURE:

A. Task Orders under $25K: The University may elect to rotate among the On-Call Concrete Contractors for Task Orders under $25K each. When a work request is received, the University will provide the Contractors with a written or verbal scope of work, inclusive of drawings when applicable, and time frame/schedule. The Designated University Representative will conduct a site visit. The Contractor shall use the appropriate unit price, material and equipment mark-up to provide a quote within five (5) days unless otherwise instructed.

B. Task Orders over $25K: Each Task Order over $25K will be bid among all On-Call Concrete Contractors. When a work request is received, the University will develop a written scope of work, inclusive of drawings when applicable, and time frame/schedule. The Designated University Representative will conduct a site visit. Each Contractor shall provide a Lump Sum price within five (5) days unless otherwise instructed. If applicable, the Contractor shall provide a list of proposed Subcontractors for the University's review and approval.

Award of the Task Order will be made to the Contractor with the lowest Lump Sum Price meeting the University’s need. A Purchase Order shall be issued for the individual Task Order.

C. Upon receipt of the Purchase Order/Notice to Proceed, the Contractor shall begin the work within ten (10) working days unless otherwise instructed.

D. Acceptance shall be based on a final inspection the Designated University Representative.

E. Invoices shall contain a description of the work, date(s) of work, reference to the Task Order quote, and Federal Tax ID number. Invoices shall be submitted to the Towson University Accounts Payable Department as described on the Purchase
Order. Copies of material and equipment invoices must be submitted with the invoice.

2.2 INSPECTION:
A. The Contractor shall control erosion from denuded areas during the work process and the placement of ground cover as quickly as possible.
B. The Contractor shall not cause interference with the flow of traffic on access roads.

2.3 PROTECTION DURING WORK:
The Contractor shall provide complete protection at all times to safeguard the public, existing buildings, grounds, roads, materials, and equipment during the work.

Any existing utility lines damaged by the Contractor during the performance of the work shall be replaced and/or repaired to the complete satisfaction of the University without additional cost to the University.

If service lines such as sewers, drains, water pipes, electric feeds, telephone wire, etc., or other obstructions in the way of the work are encountered, the Contractor shall notify the Designated University Representative immediately. The Contractor shall remove, rearrange, or relocate the service lines as directed by the University. Any work now in place to be retained, which may be damaged or disturbed by the Contractor, shall be neatly patched, repaired, or replaced by him to match the surrounding work to the entire satisfaction of the University.

2.4 PROTECTION OF Poured IN PLACE CONCRETE:
A. The Contractor shall pour and finish all concrete work prior to 3:00 p.m. each workday unless otherwise instructed by the Designated University Representative.
B. The Contractor shall provide adequate protection to newly poured concrete.
C. Any damage to newly poured concrete work prior to final acceptance shall be replaced at Contractor expense.

2.5 QUALITY ASSURANCE:
A. "Section" and "Table," mentioned herein refers to The Maryland Department of Transportation, State Highway Administration, "Standard Specifications For Construction and Materials: October 1993," as amended to date (M.S.H.A.) as thereinafter referred.

2.6 MATERIALS:
A. Materials shall be of the best quality conforming to applicable requirements under the M.S.H.A. specifications:

1. Portland Cement: M.S.H.A. Section 902.03 (AASHTO,M85, Type 1).
   Air-Entrained Portland Cement: M.S.H.A. Section 902.03. (AASHTO, M85, Type IA).
2. Coarse Aggregate: No.57 (AASHTO M 43) in accordance with M.S.H.A. Section 901.01 and Table 901A.

3. Fine Aggregate: FA PCC (AASHTO M 6) in accordance with M.S.H.A. Section 901.01 and Table 901A.

4. Admixtures: In accordance with M.S.H.A. Section 902.06.

5. Water: Clean, uncontaminated, free of oil, acid, salt, alkali, vegetable matter or other deleterious substances in accordance with M.S.H.A. Section 921.01.

6. Preformed Expansion Joint Fillers: M.S.H.A. Section 911.02 (Non-Bituminous Cork Types) with Chemcaulk 550 polyurethane or equal two component, self-leveling caulk, color to match concrete.

7. Welded Wire Fabric: M.S.H.A. Section 908.05.

8. Reinforcing Steel: M.S.H.A. Sections 908.01 and 908.02.

9. Aggregate Base Course: Graded aggregate sub-base (GA S/B) in accordance with M.S.H.A. Section 901 and Tables 901A and 901B.

B. Cement and aggregates shall be handled and stored to protect against damage from the elements and to prevent segregation and intrusion of foreign materials. (Refer to applicable requirements under Section 520 and 901 and 902 of the M.S.H.A. Specifications).

C. Proportioning and quality shall be as specified in the M.S.H.A. Specifications, Section 902.06 (Chemical Additives for Concrete) and Section 902.10.03 (Portland Cement Concrete Mixtures) and the "Recommended Practice for Selecting Proportions of Concrete," A.C.I.-211 and "Building Code Requirements for Reinforced Concrete," A.C.I.-318.

1. Concrete for sidewalks, curbs, curb cuts, and gutters, shall be air-entrained mix, conforming to the appropriate M.S.H.A. Specifications.

2. Concrete shall be produced by Central Mixing or Truck Mixing in accordance with M.S.H.A. Specifications for truck mixing. It shall be obtained from acceptable plants whose operations shall be subject to inspection by an approved testing service. The properly certified reports of inspections and tests conducted by the testing service shall be filed with Towson University. Copies of such reports shall be filed on the job.

3. The Owner shall pay for all tests, inspection and the testing services fees, if requested in writing.

4. Transit mixing and hand mixing will not be acceptable.
2.7 TESTING:
A. All items of materials testing required at SHA Spec. Articles or Sections designated herein as Task Order specifications and further calling for such testing to be performed by various State Commissions, Agencies and/or Laboratories; shall remain in effect with responsibility for performing such testing hereby changed to be that of Contractor. All such material testing shall be on a tentative basis and no testing will be conducted unless Contractor is specifically directed to do so by the Designated University Representative. Certain SHA tests may be designated to be performed depending on condition or temperature of materials delivered or in place. All such designated testing shall be performed by an approved, locally recognized, independent testing laboratory, retained and reimbursed by Contractor as part of Contract price.

1. Test shall be performed to determine if the concrete conforms to the requirements specified.

2. Tests shall include ingredient tests, slump tests, tests and specimens taken from each batch poured, tests on the concrete in place if in the judgment of the Owner the concrete is substandard.

3. All tests and associated materials shall conform to applicable A.S.T.M., M.S.H.A. and A.C.I. Specifications.

2.8 FORMS:
A. Forms shall be designed and placed in accordance with applicable M.S.H.A. Specifications and with "Building Code Requirements for Reinforced Concrete," A.C.I. 318, Part III. They shall be adequately erected and supported, prior to pouring concrete.

B. Forms for sidewalks shall be in accordance with Section 610 of the M.S.H.A. Specifications. Forms for curbs shall be in accordance with Section 609 of the M.S.H.A. Specifications.

C. Removal of Forms:
1. Forms shall be removed according to applicable M.S.H.A. Specifications and "Building Code Requirements for Reinforced Concrete," A.C.I. 308, Part III.

2. All form bracing and supports shall remain undisturbed long enough to allow the concrete to reach the strength necessary for it to support its own weight, plus any live loads and earth pressures that might be placed upon it, with safety and without causing excessive settlement, deflection or damage to the structures. The Contractor shall be fully responsible for each form removal. Special care shall be taken to prevent the breaking of edges and corners of concrete in the stripping of forms.

3. Patching of honeycombed areas and other voids shall not be done until these areas have been brought to the attention of the Designated University Representative and specific instructions have been received for methods to be used in each case.
4. All disturbed areas due to placement of concrete shall be backfilled and graded using screened topsoil unless otherwise directed by the Designated University Representative.

2.9 PREPARATION FOR PLACING CONCRETE:

A. Coating of Forms:
The inside of forms shall be coated with non-staining mineral oil or other approved material to prevent bonding of concrete and forms. All excess coating material shall be removed before placing concrete.

B. Cleaning of Forms:
Before pouring concrete, all debris, ice and water shall be removed from the spaces to be occupied by the concrete. Any flow of water into such spaces shall be diverted through proper side drains to sumps or be removed by other approved methods.

C. Insertion of Other Work:
As the work of placing concrete proceeds, the Contractor shall give sufficient notice to all trades concerned so that proper coordination for the installation of all "built-in" items of work can be made. None of the concrete shall be poured until the Contractor ascertains whether or not there are items to be built-in and until he verifies that the required built-in items (of all trades) have been installed as required.

D. Construction and Control Joints:
1. Construction and control joints shall be as indicated on drawings, if applicable. When not so indicated, they shall be made and located by the Contractor according to applicable M.S.H.A. Specifications and "Building Code Requirements for Reinforced Concrete," A.C.I.318, Part III.

2. The Contractor shall provide control joints approximately every five feet (5') in transverse sections except where shorter sections are necessary for conformity to expansion and contraction joints in contiguous concrete pavements. No section shall be shorter than four feet (4').

E. Expansion and Contraction Joints:
1. Expansion joints shall be located and constructed as shown on the drawings if applicable and as specified herein. Expansion joints for sidewalks and curbs shall be in accordance with Section 610 and 609 of the M.S.H.A. Specifications. All joints shall be straight and true, perpendicular to the surface and at right angles to the edge. Concrete filler for all curbs and paving shall be cork (M.S.H.A. Specifications, Section 911.02) with a colored polyurethane sealer (Chemcaulk performed 500 or approved equal).

2. The Contractor shall provide expansion joints every 100 ft. and where new work abuts existing concrete.
3. Reinforcement and other metal items to be encased shall be free of rust, corrosion, oil, grease, or any foreign material which will prevent proper bonding with the concrete.

2.10 PLACING CONCRETE:
A. Conveying and Placing:
   1. Conveying and placing of all concrete shall be in accordance with Sections 520.03 and 915.03 of the M.S.H.A. Specifications and "Building Code Requirements for Reinforced Concrete," A.C.I. 308, Part III.

   2. Edging: All exposed edges, including joints, shall be tooled to a smooth 1/4-inch radius unless otherwise shown.

   3. Workmanship shall be in the best manner of the trade. Poor alignment or jointing, lack of uniformity, honeycombs, patching, etc., or deviation from depth or thickness of 1/2 inch or more from that stipulated shall be cause for rejection. Rejected work shall be promptly removed and corrected work installed at Contractor's expense.

2.11 COLD WEATHER SPECIFICATIONS:
A. Cold weather concreting shall follow the requirements of Section 520.03 of the M.S.H.A. Specifications and "Recommended Practice for Winter Concreting," A.C.I. 306.1.

B. Warning: Adequate protection of concrete against damage by frost during the mixing and early curing periods is absolutely essential whenever temperatures below 40 F are likely to occur. No concrete shall be poured unless the temperature is at least 35 F and rising, or shall be poured when the temperature is below 40 F and falling.

C. Heating:
   1. The Contractor shall have on the job site, ready for use, adequate and sufficient heating and enclosing equipment and fuel to keep the freshly placed concrete uniformly and continuously at the required temperature.

   2. Tarpaulin, framework, and associated enclosing equipment shall be properly placed and erected so that the desired heating can be accomplished for as long as necessary. Such heating shall be provided as soon as possible after the concrete is placed.

D. Anti-freeze Compound: The use of salts or other materials in the mix to lower the freezing point of concrete shall not be permitted.

2.12 HOT WEATHER SPECIFICATIONS:
A. Placing of concrete in hot weather shall follow applicable requirements of the M.S.H.A. Specifications of "Recommended Practice for Hot Weather Concreting," A.C.I.305.1.
2.13 SIDEWALKS & ROADWAYS:
   A. Sidewalks shall be placed in accordance with Section 610 of the M.S.H.A. Specifications or other applicable sections. The Concrete thickness shall be as directed by Designated University Representative.
   
   B. All new concrete shall match existing concrete surfaces unless otherwise noted.
   
   C. All concrete sidewalks shall be replaced in kind.

2.14 CURBS AND GUTTERS:
   A. Curbs shall be standard concrete 7” X 7” curb with a 17” gutter. Standards for construction of curbs and gutters shall be in accordance with Section 206.01 and 609.03 of the M.S.H.A. Specifications.

2.15 HANDICAP CURB-CUT AND SIDEWALK APRON:
   A. The Contractor shall remove existing handicapped curb-cuts and sidewalk aprons and replace with new handicap curb-cuts and sidewalk aprons. Handicap curb-cuts or ramps shall conform to Sections 4.7.1 – 4.7.6 and Figures 11, 12, and 13 from the ADA Handbook.
   
   B. A sub-base of four inches (4") of CR-6 shall be used for all ramps, and shall be fully compacted.
   
   C. All new work shall meet the existing abutting surface at the same elevation.
   
   D. Where existing sidewalks do not have construction joints to allow a clean new joint, the Contractor shall saw cut the existing sidewalk and curb as required to make a clean vertical joint.
   
   E. A 1/2" cork expansion joint shall be used around the perimeter of each ramp.
   
   F. All concrete shall be Class P-1 air entrained 3000 P.S.I. compressive strength after 28 days.
   
   G. The construction methods for concrete shall conform to Section 609 and 610 of the SHA Specifications, except as modified herein.
   
   H. The concrete shall be placed by approved methods.
   
   I. The retempering of concrete will not be permitted.
   
   J. All concrete sidewalks, paths and other horizontal wearing surfaces shall have a penetrating sealer applied after the concrete is fully cured. Sealers selected shall be capable of rejecting chloride ion intrusion with 90% minimum reduction at 1. It is imperative that sealers be deep penetrating and not a surface sealer. Application shall be made by use of sprayer. The penetrating sealer shall be Hydrozo 30M clear penetrating sealer or an approved equivalent. The University will make the determination if a proposed substitute product is an approved equivalent.
K. All concrete wearing surfaces shall have a light broomed finish. Broom to be drawn perpendicular to the traffic direction.

2.16 REMOVAL OF MATERIALS:
A. Any and all excess excavated materials or debris accumulating from the construction operations from start to completion of the Task Order shall be periodically removed from the site. Debris shall not be allowed to accumulate on site unless specifically authorized in writing to the contrary.

B. Material may not be buried on the site.

C. The Contractor shall take all necessary precautions required to keep the access roads and other neighboring roads free of all dirt, mud, debris, etc., resulting from the work of each Task Order. Upon completion of all work, the Contractor shall remove all equipment, etc., clean up all rubbish caused by the work, haul it away from the premises and leave the premises and surroundings in a clean condition before submitting the Task Order to the Owner for acceptance.

D. Materials may not be washed into impervious, drains, natural vegetation areas or gardens or lawn areas.

E. For any materials removed and recycled, a report of the weight of those materials recycled should accompany the invoice.

2.17 SAFETY:
A. All work shall be done in a safe manner and comply with all governing regulations concerning safety. This shall include but not be limited to OSHA, MOSHA, etc.

2.18 SCHEDULING:
A. All work shall be scheduled with and coordinated by Designated University Representative.

2.19 CODE COMPLIANCE:
A. All work shall be in compliance with all applicable codes.

2.20 GUARANTEE:
A. Where not already covered, all materials and workmanship shall be guaranteed against defects for a period of two (2) years from date of final acceptance. The Contractor shall replace without charge any inferior materials or workmanship within this period.

2.21 USE OF EXISTING UTILITIES AND SANITARY FACILITIES:
A. The Contractor shall use existing water, mechanical and electrical facilities with water and electricity to be furnished by the University. Temporary electrical connections to the University's existing electrical system for any work under this Contract shall be made only as a separate circuit, properly labeled, and taken from an existing panel. Temporary hoses, wiring, etc., shall be furnished by the Contractor and shall be responsible for maintaining these areas in clean, safe, and sanitary condition throughout the period of use.
B. The Contractor shall be allowed to use the existing sanitary facilities in the work area. Shall a nuisance in or an abuse of these facilities occur, and continue after a notice from the University, then these facilities shall no longer be used by the Contractor, and he shall provide his own. The Contractor shall keep all facilities in a clean, sanitary condition throughout the period of use.

2.22 ASBESTOS:
   A. If, at any time, during the performance of work required by this Contract, the Contractor finds or has reason to suspect the presence of asbestos in any work area the Contractor shall immediately notify the Designated University Representative in writing the observations/suspicions. At the same time, the Contractor shall withdraw all personnel from the potentially contaminated area.

2.23 WORK INITIATION CONFERENCE:
   A. Prior to beginning of any work, a Work Initiation Conference will be held between the University and The Contractor to review all contractual requirements. The Contractor shall have proper representation the conference.

EXHIBIT A-1
ENVIRONMENTAL HEALTH AND SAFETY REQUIREMENTS

The Contractor must contact the TU’s Department of Environmental Health and Safety (EHS) (410-704-2949) immediately following any spill of a hazardous material in excess of one (1) quart.

1. Occupational Safety And Health Act (O.S.H.A.)

All materials, supplies, equipment, or services supplied as a result of this Contract shall comply with the applicable US and Maryland Occupational Safety and Health Act standards.

2. Hazard Communication Standard

The Contractor will be responsible for advising all of its employees of their rights under the University's Hazard Communication Program, or more commonly referred to as the Right To Know (RTK) Program. The University will supply the vendor with sufficient copies of its Employee Safety Program (ESP) booklet which outlines this program. Each and every Contractor who physically works on campus shall be required to sign a form acknowledging the receipt of the ESP booklet and their rights/responsibilities pursuant to this program. The University's Department of Environmental Health and Safety is responsible for administering the RTK program and will handle all information regarding this program. Failure to adhere to the requirements of the RTK Program may result in implementation of punitive action such as the cancellation of the contract(s).

Pursuant to the provisions of the RTK Program, the Contractor will be responsible for the following:

a. Submission to the Contract Services Office and EHS of a complete list of all chemicals or chemical products to be used on the University's property. This listing shall include the chemical name, common name, manufacturer's name, quantity and location (building and room number) for each product. This listing shall be given to EHS by no later than two (2) weeks prior to the start of any work under this contract. Changes, additions, or deletions to the complete campus chemical list must be submitted in writing five (5) working days prior to the actual change occurring. All proposed changes must be approved in writing by EHS prior to the actual use of the new product on campus.

b. Submission to the Contract Services Office and EHS of the manufacturer's Material Safety Data Sheet (MSDS) for all chemicals or chemical products to be used or in use at the University. These MSDS must be delivered, no later than two (2) weeks prior to the start of any work under this contract. There must be a MSDS for every product in use or present on the campus unless exempted in writing by EHS. MSDS's for any changes or additions to the complete campus chemical list must be submitted five (5) working days prior to the actual change occurring. All proposed changes must be approved in writing by EHS prior to the actual use of the new product on campus. The University, through EHS, reserves the right to order a change in the use, storage, or method of handling of any chemical/chemical product that it feels poses an unreasonable hazard to the University's community.

NOTE: In the absence of the original manufacturer's MSDS, EHS will accept a generic equivalent as long as a letter from the Contractor stating that the original is not available is attached.

c. The Contractor must warrant in writing to Towson University’s Contract Administrator that all employees have been trained and will continue to be trained in the proper and safe storage, handling, use and disposal of all chemicals/chemical products in use.

d. The Contractor agrees to obey and follow all local, state, and federal regulations regarding the storage, handling, use and disposal of all chemicals/chemical products. The Contractor agrees to properly dispose of all regulated waste in accordance with all applicable regulations and to make available to EHS all records necessary to support such activity.

3. Asbestos

The Contractor is responsible for training and equipping all personnel concerning work in asbestos environments as applicable. They must be trained as prescribed by COMAR 26.11.21. All new employees must be trained within 30 days after they are hired by the Contractor. This is to be accomplished at no additional cost to this contract or the University. An initial report on all employees as to their asbestos training will be presented to the Contract Administrator within the first 90 days of the Contract and updated on a monthly basis. Thereafter, failure to comply with this requirement would place the Contractor in default status.

4. Lead Paint

The Contractor is responsible for training and equipping all personnel concerning work in lead paint containing environments as applicable. Employees must be trained as required within 60 days of contract commencement and all new employees must be trained within 30 days after they are hired by the Contractor. This training will be provided by the Contractor at no additional cost to this contract or the University. An initial report on all employees as to their lead paint training will be presented to the Contract Administrator within the first 90 days of the contract and updated on a monthly basis. Thereafter, failure to comply with this requirement would place the Contractor in default status.

5. Fire Safety

The Contractor agrees to comply with and follow all local, state, federal and University regulations regarding fire safety. It is the Contractor’s sole responsibility to become familiar with all of the applicable regulations and policies. Copies of the University's policies and procedures are available from EHS.

The Contractor will be responsible for the following:

a. To provide all of its employees with sufficient training to ensure that they are fully aware of all pertinent regulations and policies in effect regarding fire safety.

b. To ensure that all of its employees are aware of and react to the University's Emergency Procedures including, but not limited to, fire
drills and evacuations. All employees must be instructed on the proper personnel to call to report an emergency.

c. All portable electrical devices including extension cords should be disconnected at the completion of the work assigned. All electrical equipment must be approved by Underwriters Laboratory and maintained in good working order. Under no circumstances shall damaged electrical equipment be utilized on this campus.

d. After pulling the fire alarm, evacuate the building to a safe location and contact the University Police by dialing extension 42133 immediately. If using a pay phone, dial 911 direct.

e. SMOKING IS NOT ALLOWED IN ANY OF THE BUILDINGS. Any employee of the Contractor, who wishes to smoke during a designated break, must do so outside.

The Contractor is responsible for fully complying with TU Hot Works Permitting Program. A Hot Works Permit is required any time a Contractor is doing any work on campus involving an actual or potential source of ignition (e.g., arc or gas welding, torch cutting, brazing, open flame soldering, grinding, fired space heaters, etc.); or may potentially cause the activation of a building fire alarm system; or may cause building occupants to notify emergency response agencies about the smell of smoke, heat, etc.

Hot Works Permits are issued prior to the start of the work by EHS at 410-704-2949.

The Contractor assumes all responsibility for any work delays associated with noncompliance with the Hot Works Permit Program.

6. Bloodborne Pathogens

The Contractor will be responsible for providing the required training dealing with occupational exposure to bloodborne pathogens. Employees who have received this training may be required to perform services in areas where they may be at risk of exposure to blood or other potentially infectious materials. Some responsibilities will include collection of domestic trash in areas that generate special medical waste, regular cleaning in these areas and spill response for accidents that occur on campus that involve blood. Employees must be informed on the potential hazards present in these areas and the proper protective measures that can be taken to prevent exposure. EHS is available to provide more information concerning the areas on campus where personnel are at risk of exposure.

7. Confined Space Entry

The Contractor agrees to comply with all local, state and federal regulations pertaining to the entry into confined spaces. The Contractor is responsible for contacting the TU’s Contract Services Manager in the Department of Facilities Management for the location of all campus-confined spaces and for identifying any confined space hazards prior to entry into a confined space. The Contractor is responsible for ensuring his/her workers and Subcontractors are adequately trained in confined space entry procedures in accordance with OSHA 1910.146, Permit Required Confined Spaces for General Industry.

The Contractor will provide the Contract Administrator with a written copy of their Confined Space Entry Plan (CSEP) for review and approval at least 5 working days in advance of the planned entry. Prior to work commencements, the Contractor will also certify in writing that all of his/her workers and Subcontractors have been trained in accordance with OSHA 1910.146, Permit Required Confined Spaces for General Industry. This certification will list all employees working on campus by name and social security number.

If the Contractor's CSEP is approved, the Contractor may utilize his/her CSEP for entering into campus confined spaces. If disapproved, or if the Contractor does not have a written CSEP, the Contractor will comply with the University's CSEP. Until such time as the Contractor provides written certification that all of his/her employees and Subcontractor employees working on campus have been adequately trained in confined space entry procedures, entry in TU confined spaces is strictly forbidden. Questions concerning TU CSEP should be directed to EHS.

The Contractor assumes all responsibility for any work delays associated with noncompliance with confined space regulations.

8. Respiratory Protection

The Contractor agrees to comply with all local, state and federal regulations pertaining to the use of respiratory protection equipment. It is the Contractor’s responsibility to ensure their workers are provided and wearing the appropriate respiratory protection device suitable to the hazard.

The Contractor will provide the Contract Administrator with a written copy of their Respiratory Protection Plan (RPP) for review and approval at least 5 workdays in advance of the planned entry. If approved, the Contractor may utilize his/her RPP while on campus. If disapproved, or if the Contractor does not have a written RPP, the Contractor will comply with the University's RPP. Questions concerning TU RPP should be directed to EHS at 410-704-2949.

The Contractor assumes all responsibility for any work delays associated with noncompliance with respiratory protection regulations.

9. Waste Disposal

The Contractor is responsible for the removal and disposal of all non-hazardous waste products generated from his/her work on campus. All non-hazardous waste materials generated by the Contractor shall be removed from campus (unless otherwise specified) and disposed of in accordance with all applicable federal, state and county laws and regulations. The University reserves the right to require the use of a TU Non-Hazardous Waste Manifest for transport off campus of any University non-hazardous waste. The University also reserves the right to approve or disapprove the facility(ies) the Contractor utilizes for disposal of any University non-hazardous wastes (as necessary). All costs will be borne by the Contractor for the disposal of all hazardous or non-hazardous wastes, unless otherwise specified in the contract.

Under no circumstances is any Contractor's generated hazardous waste to be disposed of on campus. The Contractor is responsible for the removal and proper disposal of all his/her hazardous waste, in accordance with all applicable federal, state and county laws and regulations. Contractor's generated hazardous waste is waste resulting from their operations/equipment on campus when using Contractor owned/supplied materials/chemicals. Disposal costs for this will be borne solely by the Contractor.

The University routinely performs wastewater monitoring in accordance with its Industrial Wastewater Discharge Permit and routinely screens campus discharges for hazardous wastes. The Contractor will be held liable for any assessed penalties attributable to the improper discharge of hazardous wastes from campus facilities.

Contracts that require Contractors to transport and/or dispose of regulated hazardous materials (i.e., hazardous wastes) owned and/or generated by Towson University will be disposed of by Towson University Environmental Health & Safety utilizing existing University hazardous waste disposal contractors. The Contractor should contact EHS as soon as the hazardous wastes have been identified to coordinate the disposal.
10. The Control of Hazardous Energy Source (Lock Out/Tag Out)

The Contractor agrees to comply with all local, state and federal regulations pertaining to the control of hazardous energy sources. The Contractor is responsible for insuring his/her workers and any Subcontractors are adequately trained in Lockout/Tagout procedures in accordance with OSHA 1910.147, The Control of Hazardous Energy Sources (Lock Out/Tag Out).

The Contractor will provide the Contract Administrator with a written copy of their Lock Out/Tag Out policy (LO/TO) and/or procedures for review and approval at least five (5) working days in advance of the commencement date of the contract. Prior to work commencement, the Contractor will also certify in writing that all of his/her employees and Subcontractors have been trained in accordance with OSHA 1910.147. This certification will list all employees working on campus by name and social security number.

If the Contractor's LO/TO is approved, the Contractor may utilize their LO/TO for work on hazardous energy sources. If disapproved, or if the Contractor does not have a written LO/TO, the Contractor will comply with TU LO/TO Policy/Procedures. Until such time as the Contractor provides written certification that all his/her employees and Subcontractors working on campus have been adequately trained in LO/TO procedures, work on hazardous energy sources is strictly forbidden. Questions concerning TU LO/TO Policy/Procedures shall be directed to EHS at 410-704-2949.

The Contractor assumes all responsibility for any work delays associated with noncompliance with the control of Hazardous Energy Sources regulations.

11. Wastewater/Sewer Discharge

The University's Wastewater Discharge Permit strictly prohibits the disposal of waste chemicals and corrosives via the sanitary sewer system. NO waste chemicals (i.e., old, unused, excess, etc.), including, but not limited to, organic solvents and/or corrosives (pH less than or equal to 6 and greater than or equal to 10) will be disposed of on campus via the sanitary sewer system without advance written approval of the TU Department of Environmental Health & Safety (EHS). The Contractor shall submit MSDS's for all waste chemicals they wish to dispose of in the sanitary sewer to EHS five (5) working days in advance for approval.

The University routinely performs wastewater monitoring in accordance with its Industrial Wastewater Discharge Permit and routinely screens campus discharges for waste chemicals and corrosives. The Contractor will be held liable for any assessed penalties attributable to the improper discharge of these materials from campus facilities.

The Contractor is subject to unannounced inspections of the chemicals their employees are using on campus. TU Department of Environmental Health & Safety will conduct these unannounced inspections.

12. Safety Training/Inspections/Meetings

The Contractor is responsible to notify the Contract Administrator five (5) working days in advance of the date, time and location of their monthly safety meeting.

13. Materials

No asbestos, lead, or PCB containing materials (0%) are to be utilized /installed on campus unless prior written approval has been received from the University's Department of Environmental Health & Safety (410-704-2949).

14. Stormwater Pollution Prevention/Prohibition of Illicit Discharges

No person shall cause or contribute discharge directly or indirectly into the Towson University municipal storm drain system or waterways any materials, including but not limited to pollutants or waters containing any pollutants that cause or contribute to a violation of applicable water quality standards, other than storm water.

Refer to 06-20.00 – University Policy on Stormwater Illicit Discharge Detection and Elimination for additional information.

No person may improperly store, handle, use or apply any pollutant in a manner that will cause its exposure to rainfall, runoff and discharge into the Towson University municipal stormwater drain system or campus waterways.

The commencement, conduct or continuance of any illegal discharge to the storm drain system is prohibited except as described:

a. The following discharges are exempt from discharge prohibitions:
   - water line flushing or other potable water sources, landscape irrigation or lawn watering, diverted stream flows, rising ground water, ground water infiltration to storm drains, uncontaminated pumped ground water, foundation or footing drains (not including active groundwater dewatering systems), crawl space pumps, air conditioning condensation, springs, non-commercial washing of vehicles, natural riparian habitat or wet-land flows, swimming pools (if dechlorinated - typically less than one PPM chlorine), fire-fighting activities, and any other water source not containing pollutants.

b. Any discharges specified in writing by Towson University Environmental Health & Safety as being necessary to protect public health and safety.

c. Dye testing only with required verbal notification to Towson University Environmental Health & Safety [(410) 704-2949 or safety@towson.edu] prior to the time of the test.

d. The following discharges are exempt from discharge prohibitions: water line flushing or other potable water sources, landscape irrigation or lawn watering, diverted stream flows, rising ground water, ground water infiltration to storm drains, uncontaminated pumped ground water, foundation or footing drains (not including active groundwater dewatering systems), crawl space pumps, air conditioning condensation, springs, non-commercial washing of vehicles, natural riparian habitat or wet-land flows, swimming pools (if dechlorinated - typically less than one PPM chlorine), fire-fighting activities, and any other water source not containing pollutants.

15. Prohibition of Illicit Connections

The construction, use, maintenance or continued existence of illicit connections to the storm drain system is prohibited. This prohibition expressly includes, without limitation, any illicit connections made in the past. This is regardless of whether the connection was permissible under law or practices applicable or prevailing at the time of connection. A person is considered to be in violation if the person connects a line conveying sewage to the MS4, or allows such a connection to continue.
16. Notification of Spills or Illicit Discharges

Notwithstanding other requirements by law, as soon as any contractor has information regarding any known or suspected release of materials that result or may result in illegal discharges or pollutants discharging into storm water, the storm drain system, campus waterways said person shall take all necessary steps to ensure the discovery, immediate containment, and cleanup of such release. In the event of a release of hazardous materials or upon observing an illicit environmental discharge immediately contact the Towson University Police Department (TUPD) at (410) 704-4444. In the event of a release of non-hazardous materials, notify Towson University Environmental Health & Safety in person or by phone [(410) 704-2949] or e-mail [safety@towson.edu] no later than the next business day. Notifications in person or by phone shall be confirmed by written notice addressed and mailed to Environmental Health & Safety, Towson University, 8000 York Road, Towson, MD 21252 within three business days of the phone notice.

17. Enforcement

a. Enforcement for student violators will follow the TU Office of Student Conduct and Civility Education Code of Student Conduct.

b. Enforcement for University employees (Faculty and Staff) shall follow the Towson University Policy for discipline or termination Policy No. 07.05.25 – Disciplinary Action for Employees.

c. Enforcement for Visitors (Non-TU Faculty, Staff, Students or Contractors)

d. Individuals or Contractors, depending on the nature and severity of the violation, may be referred to MDE for prosecution for violation of federal and state laws and regulations.

e. Any fines, penalties, environmental monitoring or remediation expenses, etc., resulting from the illicit discharge, will be violator’s responsibility.

f. During normal University business hours (Monday-Friday, 8am-4pm), contact EHS at (410) 704-2949 to report violations.

g. If the violator is still on the scene, they should also immediately contact TUPD at (410) 704-4444.

h. After normal duty hours, weekends and holidays, contact TUPD at (410) 704-4444 to report violations.

14. **Amendments and Modifications**
The contract documents, as defined within the contract, constitute the entire agreement between the parties hereto. All other communications between the parties prior to execution of the contract, whether written or oral, with reference to the subject matter of the contract are superseded by the agreement contained therein. No amendment of this contract shall be binding unless in writing and signed by the parties. Amendments may not significantly change the scope of the contract.

15. **Civil Rights Act of 1964**
Contractors providing materials, equipment, supplies or services to the State under the contract hereafter assure the State that they are conforming to the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1988, the Civil Rights Act of 1991, and Section 202 of Executive Order 11246 of the President of the United States of America as amended by Executive Order 11375, as applicable.

16. **Compliance with Laws**
The Contractor hereby represents and warrants that:

a. It is qualified to do business in the State of Maryland, and that it will take such action, as from time to time hereafter, may be necessary to remain so qualified;

b. It is not in arrears with respect to the payment of any monies and owing the State of Maryland, or any department or agency thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the contract;

c. It shall comply with all federal, State and local laws, ordinances applicable to its activities and obligations under the contract; and;
d. It shall procure, at its expense, all licenses, permits, insurance and governmental approval, if any, necessary to the performance of its obligations under the contract.

17. Compensation and Method of Payment
Contractor agrees to include on the face of all invoices billed to the University, its Taxpayer Identification Number, which is the Social Security Number for individuals and sale proprietors and the Federal Employee Identification Number for all other types of organizations.

18. Confidentiality; dissemination of Information
Contractor shall not release any information related to services or performance of the services under this Contract, nor publish any final reports or documents without the prior written approval of the University. Contractor shall indemnify and hold harmless the State and the University, its officers, agents and employees from all harm which may be incurred by reason of dissemination, publication, distribution or circulation, in any manner whatsoever, of any information, data, documents, or materials pertaining in any way to this Contract by Contractor, its agents or employees.

19. Conflict of Interest Law
It is unlawful for any State officer, employee, or agent to participate personally in his official capacity through decision, approval, disapproval, recommendation, advice, or investigation in any contract or other matter in which he, his spouse, parent, child, brother, or sister has a financial interest or to which any firm, corporation, association, or other organization in which he has a financial interest or in which he is serving as an officer, director, trustee, partner, or employee, or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, is a party, unless such officer, employee, or agent has previously complied with the provisions of State Government Article § § 15-501 et seq. of the Annotated Code of Maryland.

20. Contract Modifications and Changes
a. The procurement officer unilaterally may, at any time, without notice to the sureties, if any, by written order designed or indicated to be a change order, make any change in work within the general scope of the contract, including but not limited to changes:

1. In the specifications (including drawings and designs);
2. In the method or manner of performance of the work;
3. In the State-furnished facilities, equipment, materials, services, or site; or
4. Directing acceleration in the performance of the work.

b. Any other written order or an oral order, including a direction, instruction, interpretation or determination, from the procurement officer that causes any such change, shall be treated as a change order under this clause, provided that the Contractor gives the procurement officer written notice stating the date, circumstances, and source of the order and that the Contractor regards the order as a change order.

c. Except as herein provided, no order, statement, or conduct of the procurement officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment hereunder.

d. Subject to paragraph f., if any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any order, an equitable adjustment shall be made and the contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (b.) above shall be allowed for any costs incurred more than 20 days before the Contractor gives written notice as therein required; and provided further, that in the case of defective specifications for which the State is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective specifications.

e. If the Contractor intends to assert a claim for an equitable adjustment under this clause, he shall, within 30 days after receipt of a written change order under a. above or the furnishing or written notice under b. above, submit to the procurement officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the University. The statement of claim hereunder may be included in the notice under b. above.

f. Each contract modification or change order that affects contract price shall be subject to the prior written approval of the procurement officer and other appropriate authorities and to prior certification of the appropriate fiscal authority of fund availability and the effect of the modification or change order on the project budget or the total construction cost. If, according to the certification of the fiscal authority, the contract modification or change order will cause an increase in cost that will exceed budgeted and available funds, the modification or change order may not be made unless sufficient additional funds are made available or the scope of the project is adjusted to permit its completion within the project budget.

g. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under the contract.

21. Contractor's On-Site Representative
The Contractor is required to maintain on site at all times when the work is in progress on this project an individual who represents the Contractor, is responsible for the entire project, and can communicate in English with the University's representative.

22. Contractor's Invoices
Contractor shall include its Taxpayer Identification Number on the face of each invoice billed to the University. If a Purchase Order document is issued, the Purchase Order Number must be included.

23. Cooperation with University and State Representatives
Before any of the work shall begin, the Contractor shall confer with the University's representative at the site and agree on a sequence of procedure, means of access to the premises, space for storage of materials and equipment, use of approaches, use of facilities, etc.

24. Cost and Price Certification
The Contractor, by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of a mutually determined specified date prior to the conclusion of any price discussions or negotiations for:

a. A negotiated contract, if the total contract price is expected to exceed $100,000 or a smaller amount set by the procurement officer; or
b. A change order or contract modification, expected to exceed $100,000 or a smaller amount set by the procurement officer.

c. The price under this contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

25. Default Delay and Time Extension
Termination for Default — Damages for Delay — Time Extensions

(1) If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as shall insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within this time, the State may, by written notice to the Contractor, terminate his right to proceed with the work or the part of the work as to which there has been delay. In this event the State may take over the work and prosecute the same to completion, by contract or otherwise, and may take possession of and
utilize in completing the work the materials, appliances, and plant as may be on the site of the work and necessary therefor. Whether or not the Contractor’s right to proceed with the work is terminated, he and his sureties shall be liable for any damage to the State resulting from his refusal or failure to complete the work within the specified time.

2. If fixed and agreed liquidated damages are provided in the contract and if the State so terminates the Contractor’s right to proceed, the resulting damage shall consist of such liquidated damages until a reasonable time as may be required for final completion of the work together with any increased costs occasioned the State in completing the work.

3. If fixed and agreed liquidated damages are provided in the contract and if the State does not so terminate the Contractor’s right to proceed, the resulting damage shall consist of these liquidated damages until the work is completed or accepted.

4. The Contractor’s right to proceed may not be so terminated nor the contractor charged with resulting damages if:

(a) The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

(b) The Contractor, within 10 days from the beginning of any such delay (unless the procurement officer grants a further period of time before the date of final payment under the contract), notifies the procurement officer in writing of the causes of delay. The procurement officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgement, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in the “Disputes” clause of this contract.

5. If, after notice of termination of the Contractor’s right to proceed under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the delay was excusable under the provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to the clause. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be equitably adjusted to compensate for the termination and the contract modified accordingly; failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled “Disputes”.

6. The rights and remedies of the State provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

7. As used in paragraph (4)(a) of this clause, the term “subcontractors or suppliers” means subcontractors or suppliers at any tier.

26. Delivery and Acceptance
Deliveries shall be made in accordance with the specifications. The University reserves the right to test any materials, equipment, supplies, or services delivered to determine if the specifications have been met. The materials listed in the specifications shall be delivered FOB the point or points specified prior to or on the date specified in the solicitation. Any material that is defective or fails to meet the terms of

27. Disputes
a. This contract is subject to the USM Procurement Policies and Procedures.
b. Except as otherwise provided in this contract or by law, all disputes arising under or as a result of a breach of this contract that are not disposed of by mutual agreement shall be resolved in accordance with this clause.
c. As used herein, claim means a written demand or assertion by one of the parties seeking, as a legal right, the payment of money, adjustment or interpretation of contract terms, or other relief, arising under or relating to this contract. A voucher, invoice, or request for payment that is not in dispute when submitted is not a claim under this clause. However, if the submission subsequently is not acted upon in a reasonable time, or is disputed as to liability or amount, it may be converted to a claim for the purpose of this clause.
d. Within 30 days after contractor knows or should have known of the basis for a claim relating to this contract, contractor shall file a written notice of claim with the procurement officer.
e. Contemporaneously with, or within 30 days after, the filing of a notice of claim, contractor shall submit the written claim to the procurement officer. If contractor so requests, the procurement officer, on conditions the procurement officer deems satisfactory to the unit, may extend the time in which contractor must submit the claim. An example of when a procurement officer may grant an extension includes situations in which the procurement officer finds that a contemporaneous or timely cost quantification following the filing of the notice of claim is impossible or impractical.
f. The claim shall set forth all the facts surrounding the controversy. Contractor, at the discretion of the procurement officer, may be afforded an opportunity to be heard and to offer evidence in support of the claim.
g. The procurement officer shall mail or deliver written notification of the final decision within:

(1) 90 days after the procurement officer receives the claim if the claim is an amount for which the Appeals Board accelerated procedure, set forth in COMAR 21.10.06.12, may be used;

(2) 180 days after the procurement officer receives the claim for a claim not covered under §G(1) of this regulation; or

(3) A longer period that the procurement officer and contractor agree to in writing.

h. The final decision may award a contract claim only for those expenses incurred not more than 30 days before contractor was initially required to have filed the notice of claim.
i. The procurement officer’s decision is the final action of the University. If the procurement officer fails to render a final decision within the time required, contractor may deem the failure to be a final decision not to pay the claim.
j. If the final decision grants the claim in part and denies the claim in part, the University shall pay contractor the undisputed amount. Payment of the partial claim is not an admission of liability by the University and does not preclude the University from recovering the amount paid if a subsequent determination modifies the final decision.
k. Contractor may file a written appeal with the Maryland State Board of Contract Appeals within 30 days of receipt of notice of the decision.
26. Dissemination of Information

a. During the term of the contract, the Contractor shall not release any information related to the services or performance of the services under the contract nor publish any final reports or documents without the prior written approval of the University.

b. The Contractor shall indemnify and hold harmless the State and the University, its officers, agents and employees, from all liability which may be incurred by reason of dissemination, publication, distribution or circulation, in any manner whatsoever, of any information, data, documents, or materials pertaining in any way to the contract by the Contractor, its agents or employees.

29. EPA Compliance

Materials, supplies, equipment and services shall comply in all respects with the federal Noise Control Act of 1972, where applicable. Power equipment, to the greatest extent possible, shall be the quietest available. Equipment certified by the US EPA as a Low Noise Emission Product pursuant to the Federal Noise Control Act of 1972 shall be considered to meet the intent of the regulation.

The Contractor must supply and have immediately available to their employees spill containment equipment/supplies necessary to contain any hazards it may introduce to the job site. The Contractor is responsible for any and all costs incurred by the University in remediating spills or releases of materials introduced onto the job site.

30. FERPA

The Parties agree to maintain the privacy and security of personally identifiable educational records and health information and to prevent disclosure in compliance with Federal laws.

The Contractor agrees that in performing its obligations under this contract, the Contractor shall comply with all requirements of a non-affiliated third-party who receives a financial institution's consumer or customer information, under the Gramm-Leach-Bliley Act of 1999 and applicable regulations thereto (the "GLB Act") and other applicable federal and state consumer privacy acts, rules and regulations. Nonpublic personal information shall have the same meaning as that term is defined in the GLB Act.

a. The Contractor agrees to disclose such nonpublic personal information for the sole purpose of facilitating the Contractor’s performance of its duties and obligations under the contract and will not disclose such nonpublic personal information to any other party unless such disclosure is (i) allowed by the GLB Act and consented to by the University, or (ii) compelled by law, in which case the Contractor will provide notice of such disclosure to the University.

b. The Contractor represents and warrants that it will, for so long as it retains nonpublic personal information, implement and maintain in place the necessary information security policies and procedures for (i) protecting the confidentiality of such nonpublic personal information, (ii) protecting against any anticipated threats or hazards to the security or integrity of such nonpublic personal information, and (iii) protecting against the unauthorized access to or use of such nonpublic personal information. These terms apply to all subcontractors employed by the Contractor who perform work under the scope of the agreement.

If the Contractor’s price includes the cost of Contractor furnishing any other material, equipment, supplies, or other items in connection with the Contract, the Contractor shall pay the Maryland sales tax.

32. Incorporation by Reference

The terms of this solicitation and any amendments thereto are made a part of this Contract.

33. Indemnification

The University shall not assume any obligation to indemnify, hold harmless, or pay attorneys' fees that may arise from or in any way be associated with the performance or operation of this agreement.

34. Inspection by the University

The University may provide for inspection, at any time, of any part of the Contractor's work, and of any of the materials, supplies or equipment which the Contractor may have on hand or in the building. The Contractor shall provide adequate cooperation with any inspector assigned by the University to permit the inspector to determine the Contractor’s conformity with these specifications and the adequacy of the work being performed.

35. Intellectual Property

Contractor agrees to indemnify and save harmless the University, its officers, agents and employees with respect to any claim, action, cost or judgment for patent infringement, or trademark or copyright violation arising out of purchase or use of materials, supplies, equipment or services covered by the contract.

36. I-9 Requirement

Contractor warrants and represents that it is currently in compliance, and that during the term of the contract it will remain in compliance, with the Immigration Reform and Control Act of 1986, and that it will obtain original valid employment verification documentation from all its employees on a timely basis as required by law and regulation. This requirement also applies to all subcontractors hired by Contractor.

37. Insurance and Indemnification Provisions

a. The Contractor shall defend, indemnify and save harmless the University System of Maryland, its officers, employees and agents, from any and all claims, liability, losses and causes of actions which may arise out of the performance by the Contractor, employees or agents, of the work covered by the contract.

b. The Contractor shall secure, pay the premiums for, and keep in force until the expiration of the contract, and any renewal thereof, adequate insurance as provided below, such insurance to specifically include liability assumed by the Contractor under the contract.

(1) Commercial General Liability Insurance including all extensions

- $2,000,000 each occurrence;
- $2,000,000 personal injury;
- $2,000,000 products/completed operations;
- $2,000,000 general aggregate

(2) Workmen’s Compensation Insurance and Unemployment Insurance as required by the laws of the State of Maryland.

(3) Owner’s, Landlord’s and Tenant’s and Contractor’s bodily injury liability insurance, with limits of not less than $500,000 for each person and $2,000,000 for each accident.

(4) Property damage liability insurance with a limit of not less than $2,000,000 for each accident.

(5) If automotive equipment is used in the operation, automobile bodily injury liability insurance with limits of not less than $1,000,000 for each person and $2,000,000 for each accident, and property damage liability insurance, with a limit of not less than $2,000,000 for each accident.

c. Each policy for liability protection, bodily injury or property damage must specifically name, on its face, the University System of Maryland as an additional named insured as respects operations under the contract and premises occupied by the Contractor provided, however,
with respect to the Contractor’s liability for bodily injury or property damage under items b(1) b(6) above, such insurance shall cover and not exclude Contractor’s liability for injury to the property of the University System and to the persons or property of employees, students, faculty members, agents, officers, regents, invitees or guests of the University System.

d. Each insurance policy shall contain the following endorsements: “It is understood and agreed that the Insurance Company shall notify in writing procurement officer forty-five (45) days in advance of the effective date of any reduction in or cancellation of this policy.” A certificate of each policy of insurance shall be furnished to the procurement officer. With the exception of Workmen’s Compensation, upon the request of the procurement officer, a certified true copy of each policy of insurance, including the above endorsement, manually countersigned by an authorized representative of the insurance company, shall be furnished to the procurement officer. A certificate of insurance for Workmen’s Compensation together with a properly executed endorsement for cancellation notice shall also be furnished. Following the notice of contract award, the requested certificates and policies shall be delivered as directed by the procurement officer. Notices of policy changes shall be furnished to the procurement officer.

e. All required insurance coverages must be acquired from insurers authorized to do business in the State of Maryland and acceptable to the University. The insurers must have a policyholders’ rating of “A-” or better, and a financial size of “Class VII” or better in the latest edition of Best’s Insurance Reports.

38. Fire and Extended Coverage Insurance

a. Contractor shall carry, at its own expense, builder’s risk insurance for the full contract amount, insuring against the perils of fire, lightning, extended coverage vandalism, and malicious mischief subject only to the minimum standard deductible currently filed by the Insurance Service Office with the State of Maryland Insurance Department. The University will provide no coverage during the construction period.

b. The builder’s risk policy shall contain endorsements reading as follows:

(1) It is the intent of this insurance to cover specifically all the Work being done under the Contract between the insureds, and as to such Work this policy shall be primary insurance and shall not contribute or claim contribution from any other insurance being carried which, by its terms, would also cover the property covered hereunder in the absence of this insurance.

(2) Coverage afforded under this policy will not be canceled until at least fifteen (15) days prior written notice has been given to the Procurement Officer.

c. Certificates of insurance shall be submitted to the Procurement Officer for review and approval prior to commencement of work, and shall be held for the duration of the contract. The University shall have the absolute right to terminate the contract if the policy of insurance is canceled at any time for any reason and a new policy is not obtained by Contractor and approved by the Procurement Officer.

d. The above insurance shall remain in full force and effect until such time as the University shall fully accept the work covered by this contract.

39. Liquidated Damages

Time is an essential element of the contract and it is important that the work be vigorously prosecuted until completion.

For each day that any work shall remain uncompleted beyond the time(s) specified elsewhere in the contract, the Contractor shall be liable for liquidated damages in the amount(s) provided for in the solicitation, provided, however, that due account shall be taken of any adjustment of specified completion time(s) for completion of work as granted by approved change orders.

40. Local Conditions Covering Work

The Contractor shall cooperate with those in authority on the premises to prevent the entrance and exit of all workmen and/or others whose presence is forbidden or undesirable and in bringing, storing or removal of all materials and equipment, to observe all rules and regulations in force on the grounds, to avoid unnecessary dust or accumulated debris or the undue interference with the convenience, sanitation or routine of the University and to prevent the loss of, or damage to the property of the University and/or its employees. The Contractor shall repair any and all damage he may cause to the building or property, to the full satisfaction of the University.

41. Mandated Contractor Reporting of Suspected Child Abuse & Neglect

Maryland law contains mandatory reporting requirements for all individuals who suspect child abuse or neglect. Contractors performing work on campus also must comply with USM Board of Regents (BOR) VI-1.50 – Policy on the Reporting of Suspected Child Abuse & Neglect, as well as the University Procedures for Reporting Suspected Child Abuse and Neglect. The above-referenced USM/University Policy and Procedures are available in full at the following link: https://inside.towson.edu/generalcampus/tupolicies/documents/06-01.50%20Policy%20on%20the%20Reporting%20of%20Suspected%20Child%20Abuse%20and%20Neglect.pdf, and are incorporated herein. The University reserves the right to terminate the contract if Contractor fails to comply with the above-referenced policy or procedures, or if, in the judgment of the University, termination is necessary to protect the safety and welfare of children who come into contact with the University community.

42. Maryland Law Prevalent

The contract shall be governed by the laws of the State of Maryland. The parties agree that exclusive jurisdiction shall reside with the state and federal courts in the State of Maryland.

43. Non-Hiring of Employees

No employee of the State of Maryland, or any department, commission, agency or branch thereof whose duties as such employee include matters relating to or affecting the subject matter of the contract, shall, while so employed, become or be an employee of the party or parties hereby contracting with the State or any department, commission, agency or branch thereof.

44. Non-Discrimination

The Contractor will comply with all applicable Federal and State laws, rules and regulations involving non-discrimination on the basis of race, color, creed, religion, national origin, age, sex, political affiliation, marital status, veteran status, condition of disability, or other non-merit factor. In addition, Towson University’s policies, programs, and activities comply with federal and state laws and University System of Maryland regulations prohibiting discrimination on the basis of race, color, religion, age, national origin, sex, disability, and sexual orientation. Provisions for reasonable accommodations shall be made by the Contractor for handicapped applicants and qualified handicapped individuals.

45. Non-Visual Access

The bidder or offeror warrants that the information technology offered under this bid or proposal (1) provides equivalent access for effective use by both visual and nonvisual means; (2) will present information, including prompts used for interactive communications, in formats intended for both visual and nonvisual use; (3) if intended for use in a network, can be integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired; and (4) is available, whenever possible, without modification for compatibility with software and hardware for nonvisual access. The bidder or offeror further warrants that the costs, if any, of modifying the information technology for compatibility with software and hardware used for nonvisual access will not increase the cost of the information technology by more than 5 percent.
For purposes of this section, the phrase “equivalent access” means that the ability to receive, use and manipulate information and operate controls necessary to access and use information technology by nonvisual means. Examples of equivalent access include keyboard controls used for input and synthesized speech, Braille, or other audible or tactile means used for output.

46. Ownership of Documents and Materials

The Contractor agrees that all documents and materials including, but not limited to, reports, drawings, studies, specifications, estimates, maps, photographs, designs, graphics, mechanical, artwork, and computations prepared by or for it under the terms of the contract shall be made available to the University upon request by the University and shall become and remain the exclusive property of the University upon termination or completion of the services. The University shall have the right to use the same without restriction or limitation and without compensation to the Contractor other than that provided by the contract. The University shall be the owner for purposes of copyright, patent or trademark registration.

47. Patents, Copyrights and Trade Secrets

a. If the Contractor furnishes any design, device, material, process or other item which is covered by a patent or copyright which is proprietary to or a trade secret of another, Contractor shall obtain the necessary permission or license to use such item.

b. Contractor will defend or settle, at its own expense, any claim or suit against the State alleging that any such item furnished by Contractor infringes any patent, trademark, copyright, or trade secret. Contractor also will pay all damages and costs that by final judgment may be assessed against the State due to such infringement and all attorneys’ fees and litigation expenses reasonably incurred by the State to defend against such a claim or suit. The obligations of this paragraph are in addition to those stated in paragraph c.

c. If any products furnished by Contractor become, or in Contractor’s opinion are likely to become, the subject of a claim of infringement, Contractor will, at its option: (1) procure for the State the right to continue using the applicable item; (2) replace the product with a non-infringing product substantially complying with the item’s specifications; or (3) modify the item so it becomes non-infringing and performs in a substantially similar manner to the original item.

48. Payment Bond

A payment bond is required for all construction contracts in excess of $100,000 in the amount equal to at least 100 percent of the contract price. The payment bond shall be delivered by the contractor to the State not later than the time the contract is executed. If a contractor fails to deliver the required payment bond, the contractor’s bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made to the next lowest responsive and responsible bidder.

The required payment bond shall be in the State of Maryland form in effect at the time the contract is executed per COMAR 21.07.02.10B.

49. Performance Bond

A performance bond is required for all construction contracts in excess of $100,000 in the amount equal to at least 100 percent of the contract price. The performance bond shall be delivered by the contractor to the University not later than the time the contract is executed. If a contractor fails to deliver the required performance bond, the contractor’s bid shall be rejected, its bid security shall be enforced, and award of the contract may be made to the next lowest responsive and responsible bidder.

The required performance bond shall be in the State of Maryland form in effect at the time the contract is executed per COMAR 21.07.02.10A.

50. Payment of State Obligations

Payments to the Contractor pursuant to this contract shall be made no later than 30 days after the University’s receipt of a proper invoice from the Contractor. Charges of late payment of invoices, other than as prescribed by Title 15, subtitle 1, of the State Finance and Procurement Article, Annotated Code of Maryland, or by the Public Service Commission of Maryland with respect to regulated public utilities, as applicable, are prohibited.

51. Policies and Procedures

The USM Procurement Policies and Procedures in effect on the date of execution of this Contract are applicable to this Contract.

52. Responsibility of Contractor

a. The Contractor shall perform the services with that standard of care, skill, and diligence normally provided by a Contractor in the performance of services similar to the services hereunder.

b. Notwithstanding any review, approval, acceptance or payment for the services by the University, the Contractor shall be responsible for professional and technical accuracy of its work, design drawings, specifications and other materials furnished by the Contractor under the contract.

53. Prompt Payment of Subcontractors

a. This contract and all subcontracts issued under this contract are subject to the provisions of State Finance and Procurement Article, §15-226, Annotated Code of Maryland. References to “undisputed amount”, “prime contractor”, “contractor” and “subcontractor” have the meanings stated in Section 6.2 a-d herein and have the meanings stated in COMAR 21.10.08.01.

b. A contractor shall promptly pay its subcontractors an undisputed amount to which a subcontractor is entitled for work performed under this contract within 10 calendar days after the contractor receives a progress payment or final payment for work under this contract.

c. If a contractor fails to make payment within the period prescribed in b., a subcontractor may request a remedy in accordance with COMAR 21.10.08.

d. A contractor shall include in its subcontracts for work under the contract, wording that incorporates the provisions, duties, and obligations of 6.1 a-d; State Finance and Procurement Article, §15-226, Annotated Code of Maryland; and COMAR 21.10.08.

54. Responsibility for Claims and Liability

The Contractor shall be responsible for all damage to life and property due to its activities or those of its agents or employees, in connection with the services required under the contract. Further, it is expressly understood that the Contractor shall indemnify and save harmless the University, its officers, agents, and employees from and against all claims, suits, judgments, expenses, actions, damages and costs of every name and description, including reasonable attorney’s fees and litigation expenses arising out of or resulting from the negligent performance of the services of the Contractor under the contract.

55. Responsibility for Damage

a. The Contractor shall repair and restore to its original condition any equipment, materials or surfaces damaged by its operations.

b. The Contractor shall be entirely responsible for any loss or damage to its own materials, supplies, and equipment, and to the personal property of its employees while they are in the building.

c. The Contractor shall be solely responsible for any damage to the building or its contents for any loss or damage to any property belonging to the University or the University employees when such loss or damage may be attributable to their actions or negligence or the actions or negligence of their employees.
56. Retainage
   a. This section shall apply if the contractor has furnished 100 percent payment security and 100 percent performance security. The contractor and each subcontractor at any tier shall incorporate the mandatory provisions outlined below in paragraphs b. through d. of this section, into each subcontract for work related to this contract.
   b. The contractor may not retain from any payment due a subcontractor a percent of the payment greater than the percent for retainage specified in the contract.
   c. A subcontractor at any tier may not retain from any payment due a lower tier subcontractor a percent of the payment greater than the percent of payments retained from the subcontractor.
   d. A contractor and a subcontractor are not prohibited, by this section from withholding an amount in addition to retainage if the contractor or subcontractor determines that a subcontractor’s performance under the subcontract provides reasonable grounds for withholding an additional amount.

57. Retention of Records
The Contractor shall retain and maintain all records and documents relating to the contract for a minimum period of four years after payment by the University of the final invoice and shall make them available for inspection and audit by the State of Maryland.

58. Set-Off
The University may deduct from and set off against any amounts due and payable to the Contractor any back-charges or damages sustained by the University by virtue of any breach of the contract by the Contractor or by virtue of the failure or refusal of the Contractor to perform the services or any part of the services in a satisfactory manner. Nothing herein shall be construed to relieve the Contractor of liability for additional costs resulting from a failure to satisfactorily perform the services.

59. Site Investigation
The Contractor acknowledges that he has investigated and satisfied himself as to the conditions affecting the work, including but not restricted to those bearing upon transportation, disposal, handling and storage of materials, availability of labor, water, electric power, roads and uncertainties of weather, river stages, tides or similar physical conditions at the site, the conformation and conditions of the ground, the character of equipment and facilities needed preliminary to and during prosecution of the work. The Contractor further acknowledges that he has satisfied himself as to the character, quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by the University, as well as from information presented by the drawings and specifications made a part of this contract. Any failure by the Contractor to acquaint himself with the available information may not relieve him from responsibility for estimating properly the difficulty or cost of successfully performing the work. The University assumes no responsibility for any conclusions or interpretations made by the Contractor on the basis of the information made available by the University.

60. Software Contracts:
   As specifically provided by § 21-104, Commercial Law Article, Annotated Code of Maryland, the parties agree that this Agreement shall not be governed by the Uniform Computer Information Transactions Act (UCITA), Title 21 of the Commercial Law Article of the Annotated Code of Maryland, as amended from time to time. This Agreement shall be governed by the common law of Maryland relating to written agreements, as well as other statutory provisions, other than UCITA, which may apply, and shall be interpreted and enforced as if UCITA had never been adopted in Maryland.

Contractor agrees that as delivered to buyer, the software does not contain any program code, virus, worm, trap door, back door, timer or clock that would erase data or programming or otherwise cause the software to become inoperable, inaccessible, or incapable of being used in accordance with its user manuals, either automatically upon the occurrence of selected conditions, or manually on command of Contractor.

61. Specifications
   All materials, equipment, supplies or services shall conform to Federal and State laws and regulations and to the specifications contained in the solicitation. No asbestos, lead, or PCB-containing materials (9%) are to be utilized/installed on campus unless prior written approval has been received from the University’s Department of Environmental Health & Safety (410-704-2949).

62. Subcontracting or Assignment
The benefits and obligations hereunder shall take effect and be binding upon the parties hereto and neither the contract nor the services to be performed thereunder shall be subcontracted, or assigned or otherwise disposed of, either in whole or in part, except with the prior written consent of the University.

63. Suspension of Work
The procurement officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of the work for such period of time as he may determine to be appropriate for the convenience of the University.

64. Tax Exemption
The State is generally exempt from federal excise taxes, Maryland sales and use taxes, District of Columbia sales taxes, and transportation taxes. Exemption certificates shall be provided upon request. Where a Contractor is required to furnish and install material in the construction of improvement to real property in performance of the Contract, the Contractor shall pay the Maryland sales tax and the exemption does not apply.

65. Termination of Contract for Default
   If the Contractor fails to fulfill its obligation under the contract properly and on time, or otherwise violates any provision of the contract, the University may terminate the contract by written notice to the Contractor. The notice shall specify the acts or omissions relied on as cause for termination. All finished or unfinished services provided by the Contractor shall, at the University’s option, become the University’s property. The University shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor’s breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the University can affirmatively collect damages. The term “damages” as used in this paragraph may include attorney’s fees and litigation costs. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of USM Procurement Policies and Procedures.

66. Termination of Contract for Convenience
The performance of work under the contract may be terminated by the University in accordance with this clause in whole, or from time to time in part, whenever the University shall determine that such termination is in the best interest of the University. The University will pay all reasonable costs associated with the contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the contract. However, the Contractor shall not be reimbursed for any anticipatory profits which have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of USM Procurement Policies and Procedures.
67. Termination of Multi-Year Contracts
If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of the contract succeeding the first fiscal period, the contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in the contract. The effect of termination of the contract hereunder will be to discharge both the Contractor and the State from future performance of the contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the contract. The State will notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of the contract for each succeeding fiscal period beyond the first.

68. Truth-In-Negotiation Certification
The Contractor by submitting cost or price information, including wage rates or other factual unit costs, certifies to the best of its knowledge, information and belief, that:

a. The wage rates and other factual unit costs supporting the firm's compensation, as set forth in the proposal, are accurate, complete and current as of the contract date;

b. If any of the items of compensation were increased due to the furnishing of inaccurate, incomplete or noncurrent wage rates or other units of costs, the State is entitled to an adjustment in all appropriate items of compensation, including profit or fee, to exclude any significant sum by which the price was increased because of the defective data. The State's right to adjustment includes the right to a price adjustment for defects in costs or pricing data submitted by a prospective or actual subcontractor; and

c. If additions are made to the original price of the contract, such additions may be adjusted to exclude any significant sums where it is determined the price has been increased due to inaccurate, incomplete or noncurrent wage rates and other factual costs."

69. Use of Contractor's Forms Not Binding on State
a. Except as provided in b., the use or execution by the State of any forms, orders, agreements, or other documents of any kind, other than the contract documents, used pursuant to or in the administration of any contract awarded by the State to Contractor, shall not bind the State to any of the terms and conditions contained therein except those provisions:

(1) generally describing, for the purposes of ordering: Equipment or services to be provided, locations, quantities, delivery or installation dates, and, to the extent consistent with the contract documents, prices; and

(2) not otherwise inconsistent with the contract documents.

b. Any such form, order, agreement or other document shall not vary, modify, or amend the terms and provisions of the contract documents, notwithstanding any provision to the contrary in such document, unless all of the following conditions are met:

(1) the document expressly refers to the particular document and provision of the contract documents being modified and plainly and conspicuously identifies any modification thereto as a modification:

(2) the document is executed on behalf of the State by the procurement officer; and

(3) execution of the document is approved by the procurement authority whose approval is required by law.

70. Variations in Estimated Quantities
Where the quantity of a pay item in this contract is an estimated quantity and where the actual quantity of such pay item varies more than twenty-five percent (25%) above or below the estimated quantity stated in this contract, an equitable adjustment in the contract price shall be made upon demand of either party. The equitable adjustment shall be based upon any increase or decrease in costs due solely to the variation above one hundred twenty-five percent (125%) or below seventy-five percent (75%) of the estimated quantity. If the quantity variation is such as to cause an increase in the time necessary for completion, the procurement officer shall, upon receipt of a written request for an extension of time within ten (10) days from the beginning of the delay, or within a further period of time which may be granted by the procurement officer before the date of final settlement of the contract, ascertain the facts and make the adjustment for extending the completion date as in his judgment the findings justify.
EXHIBIT B

(4) Been convicted of a violation of the State Minority Business Enterprise Law, §14-308 of the State Finance and Procurement Article of the Annotated Code of Maryland;
(5) Been convicted of a violation of §11-205.1 of the State Finance and Procurement Article of the Annotated Code of Maryland;

(6) Been convicted of conspiracy to commit any act or omission that would constitute grounds for conviction or liability under any law or statute described in subsections (1) - (5) above;

(7) Been found civilly liable under a state or federal antitrust statute for acts or omissions in connection with the submission of bids or proposals for a public or private contract;

(8) Been found in a final adjudicated decision to have violated the Commercial Nondiscrimination Policy under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland with regard to a public or private contract; or

(9) Admitted in writing or under oath, during the course of an official investigation or other proceedings, acts or omissions that would constitute grounds for conviction or liability under any law or statute described in §§B and C and subsections D(1)—(8) above, except as follows (indicate reasons why the affirmations cannot be given, and list any conviction, plea, or imposition of probation before judgment with the date, court, official or administrative body, the sentence or disposition, the name(s) of the person(s) involved and their current positions and responsibilities with the business, and the status of any debarment):

D. AFFIRMATION REGARDING DEBARMENT

I FURTHER AFFIRM THAT: Neither I, nor to the best of my knowledge, information, and belief, the above business, or any of its officers, directors, partners, controlling stockholders, or any of its employees directly involved in the business's contracting activities, including obtaining or performing contracts with public bodies, has ever been suspended or debarred (including being issued a limited denial of participation) by any public entity, except as follows (list each debarment or suspension providing the dates of the suspension or debarment, the name of the public entity and the status of the proceedings, the name(s) of the person(s) involved and their current positions and responsibilities with the business, the grounds of the debarment or suspension, and the details of each person's involvement in any activity that formed the grounds of the debarment or suspension).

E. AFFIRMATION REGARDING DEBARMENT OF RELATED ENTITIES

I FURTHER AFFIRM THAT:

(1) The business was not established and it does not operate in a manner designed to evade the application of or defeat the purpose of debarment pursuant to Sections 16-101, et seq., of the State Finance and Procurement Article of the Annotated Code of Maryland; and
The business is not a successor, assignee, subsidiary, or affiliate of a suspended or debarred business, except as follows (indicate reasons why the affirmations cannot be given without qualification):

---

F. SUB-CONTRACT AFFIRMATION

I FURTHER AFFIRM THAT: Neither I, nor to the best of my knowledge, information, and belief, the above business, has knowingly entered into a contract with a public body under which a person debarred or suspended under Title 16 of the State Finance and Procurement Article of the Annotated Code of Maryland will provide, directly or indirectly, supplies, services, architectural services, construction related services, leases of real property, or construction.

G. AFFIRMATION REGARDING COLLUSION

I FURTHER AFFIRM THAT: Neither I, nor to the best of my knowledge, information, and belief, the above business has:

1. Agreed, conspired, connived, or colluded to produce a deceptive show of competition in the compilation of the accompanying bid or offer that is being submitted;

2. In any manner, directly or indirectly, entered into any agreement of any kind to fix the bid price or price proposal of the bidder or offeror or of any competitor, or otherwise taken any action in restraint of free competitive bidding in connection with the contract for which the accompanying bid or offer is submitted.

H. CERTIFICATION OF TAX PAYMENT

I FURTHER AFFIRM THAT: Except as validly contested, the business has paid, or has arranged for payment of, all taxes due the State of Maryland and has filed all required returns and reports with the Comptroller of the Treasury, the State Department of Assessments and Taxation, and the Department of Labor, Licensing, and Regulation, as applicable, and will have paid all withholding taxes due the State of Maryland prior to final settlement.

I. CONTINGENT FEES

I FURTHER AFFIRM THAT: The business has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency working for the business, to solicit or secure the Contract, and that the business has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency, any fee or any other consideration contingent on making of the Contract.

J. CERTIFICATION REGARDING INVESTMENTS IN IRAN

1. The undersigned bidder or offeror certifies that, in accordance with State Finance & Procurement Article, §17-705:

   i. it is not identified on the list created by the Board of Public Works as a person engaging in investment activities in Iran as described in §17-702 of State Finance & Procurement; and

   ii. it is not engaging in investment activities in Iran as described in State Finance & Procurement Article, §17-702.
(2) The undersigned bidder or offeror is unable to make the above certification regarding its investment activities in Iran due to the following activities:

I further affirm that the above business is in good standing both in Maryland and (IF APPLICABLE) in the jurisdiction where it is presently organized, and has filed all of its annual reports, together with filing fees, with the Maryland State Department of Assessments and Taxation. The name and address of its resident agent (IF APPLICABLE) filed with the State Department of Assessments and Taxation is:

Name and Department ID Number: ________________________________
Address: ________________________________

and that if it does business under a trade name, it has filed a certificate with the State Department of Assessments and Taxation that correctly identifies that true name and address of the principal or owner as:

Name and Department ID Number: ________________________________
Address: ________________________________

C. FINANCIAL DISCLOSURE AFFIRMATION

I FURTHER AFFIRM THAT: I am aware of, and the above business will comply with, the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, which require that every business that enters into contracts, leases, or other agreements with the State of Maryland or its agencies during a calendar year under which the business is to receive in the aggregate $100,000 or more shall, within 30 days of the time when the aggregate value of the contracts, leases, or other agreements reaches $100,000, file with the Secretary of State of Maryland certain specified information to include disclosure of beneficial ownership of the business.
D. POLITICAL CONTRIBUTION DISCLOSURE AFFIRMATION

I FURTHER AFFIRM THAT: I am aware of, and the above business will comply with, Election Law Article, §§14-101 through 14-108, Annotated Code of Maryland, which requires that every person that enters into contracts, leases, or other agreements with the State of Maryland, including its agencies or a political subdivision of the State valued at $200,000 or more, shall file with the State Board of Elections a statement disclosing contributions in excess of $500 made during the reporting period to a candidate for elective office in any primary or general election.

E. DRUG AND ALCOHOL FREE WORKPLACE

I CERTIFY THAT:

(1) Terms defined in COMAR 21.11.08 shall have the same meanings when used in this certification.

(2) By submission of its bid or offer, the business, if other than an individual, certifies and agrees that, with respect to its employees to be employed under a contract resulting from this solicitation, the business shall:

   (a) Maintain a workplace free of drug and alcohol abuse during the term of the contract;

   (b) Publish a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or use of drugs, and the abuse of drugs or alcohol is prohibited in the business's workplace and specifying the actions that will be taken against employees for violation of these prohibitions;

   (c) Prohibit its employees from working under the influence of drugs or alcohol;

   (d) Not hire or assign to work on the contract anyone whom the business knows, or in the exercise of due diligence should know, currently abuses drugs or alcohol and is not actively engaged in a bona fide drug or alcohol abuse assistance or rehabilitation program;

   (e) Promptly inform the appropriate law enforcement agency of every drug-related crime that occurs in its workplace if the business has observed the violation or otherwise has reliable information that a violation has occurred;

   (f) Establish drug and alcohol abuse awareness programs to inform its employees about:

     (i) The dangers of drug and alcohol abuse in the workplace;

     (ii) The business's policy of maintaining a drug and alcohol free workplace;

     (iii) Any available drug and alcohol counseling, rehabilitation, and employee assistance programs; and

     (iv) The penalties that may be imposed upon employees who abuse drugs and alcohol in the workplace;

   (g) Provide all employees engaged in the performance of the contract with a copy of the statement required by §(2)(b), above;

   (h) Notify its employees in the statement required by §(2)(b) above, that as a condition of continued employment on the contract, the employee shall:

     (i) Abide by the terms of the statement; and

     (ii) Notify the employer of any criminal drug or alcohol abuse conviction for an offense occurring in the workplace not later than 5 days after a conviction;

   (i) Notify the procurement officer within 10 days after receiving notice under §(2)(h)(ii), above, or otherwise receiving actual notice of a conviction;

   (j) Within 30 days after receiving notice under §(2)(h)(ii) above, or otherwise receiving actual notice of a conviction, impose either of the following sanctions or remedial measures on any employee who is convicted of a drug or alcohol abuse offense occurring in the workplace:
(i) Take appropriate personnel action against an employee, up to and including termination; or

(ii) Require an employee to satisfactorily participate in a bona fide drug or alcohol abuse assistance or rehabilitation program; and

(k) Make a good faith effort to maintain a drug and alcohol free workplace through implementation of §(2)(a) through (j), above.

(3) If the business is an individual, the individual shall certify and agree as set forth in §(4), below, that the individual shall not engage in the unlawful manufacture, distribution, dispensing, possession, or use of drugs or the abuse of drugs or alcohol in the performance of the contract.

(4) I acknowledge and agree that:

(a) The award of the contract is conditional upon compliance with COMAR 21.11.08 and this certification;

(b) The violation of the provisions of COMAR 21.11.08 or this certification shall be cause to suspend payments under, or terminate the contract for default under COMAR 21.07.01.11 or 21.07.03.15, as applicable; and

(c) The violation of the provisions of COMAR 21.11.08 or this certification in connection with the contract may, in the exercise of the discretion of the Board of Public Works, result in suspension and debarment of the business under COMAR 21.08.03.

SAMPLE AGREEMENT

This Agreement made the __________ day of __________________________, Two Thousand and ____ , by and between _________________________, herein called "Contractor" and Towson University, herein called "University." Witnesseth, that the Contractor and the University, for the consideration here mentioned agree as follows:

Article 1. Scope of Contract - The Contractor shall furnish all materials and perform all of the work described in the Contract Documents, and shall comply with all of the terms and conditions of the Contract Documents, all of which are made a part hereof and are referred to herein as "the Contract."

Article 2. Contract Documents - The Contract between the parties is set forth in the Contract Documents which consist of the following, listed in their order of precedence:

A. This Contract,
B. Towson University - Request for Proposal, for the Procurement of ____________________________, Towson University, RFP No. __________ including all attachments, exhibits, and addenda, and subsequent Purchase Order, and
C. Contractor's Proposal dated ______________, submitted in response to the RFP (hereinafter referred to as the "Proposal").

In the event of a conflict between the terms and conditions of any of the Contract Documents, the controlling terms and conditions shall be in the above listed order of precedence.

Article 3. Services - The Contractor’s performance under this Contract shall be in accordance with the requirements generally set forth in the RFP and specifically described in Section V., Specifications and as set forth in the Contractor's Technical Proposal.

Article 4. Term of Contract – The term of the contract shall be one year from the date that the University provides the Contractor with a Notice to Proceed. The University shall have the option to exercise four annual renewal options, said options to be exercised at the sole discretion of the University. Should the University elect to renew the contract, all prices, terms and conditions will remain in effect.

Article 5. Contract Price - The University shall pay the Contractors as follows:
