H. PROCUREMENT METHOD

This solicitation shall be conducted in accordance with the *University System of Maryland (USM) Board of Regents Procurement Policies and Procedures*. The procurement method is Competitive Sealed Proposals.

I. BASIS FOR AWARD

Should a proposal be judged not reasonably susceptible of being selected for

award, or an offeror found not responsible, the proposal will not be considered further; offeror will be notified accordingly.

2. Proposals will be evaluated by an evaluation committee. The committee will recommend award to the responsible offeror whose proposal is determined to be the most advantageous to the University, considering both technical factors and price.
3. Award pursuant to this solicitation is final only upon approval by the appropriate office of the University System of Maryland (USM) and/or the State of Maryland, and contract execution on behalf of the University.

J. TERM OF CONTRACT

K. ALTERNATE PROPOSALS

END OF SECTION I

SECTION II. GENERAL INFORMATION FOR OFFERORS

A. PURPOSE

The purpose of this solicitation is to provide information to offerors interested in preparing and submitting proposals to meet the requirements contained herein. Offerors shall familiarize themselves with each section and subsection of this document.

B. ADDENDA TO THE RFP

The University reserves the right to amend this solicitation at any time prior to the proposal due date. If it becomes necessary to amend any part of this solicitation, the Procurement Officer will furnish addenda to all prospective offerors known to the University to have received a copy of the RFP.

C. PRE-PROPOSAL MODIFICATION OR WITHDRAWAL OF OFFERS

Proposals may be modified or withdrawn by written notice received at the Issuing Office at any time before the proposal due date and time.

D. CANCELLATION OF SOLICITATION/REJECTION OF ALL PROPOSALS

The University reserves the right to cancel this RFP, to accept or reject any or all proposals, in whole or in part, received in response to this RFP, and to waive or permit cure of minor irregularities as its best interests may require.

E. DISCUSSIONS

The University reserves the right to conduct discussions with all qualified or potentially qualified offerors, in any matter necessary to serve its best interests. The University also reserves the right to award a contract based upon written proposals received, without discussions or negotiations.

F. ORAL PRESENTATIONS

Offerors may be required to make oral presentations to University representatives. The Procurement Office will provide notice of the time and place for presentations.

G. INCURRED EXPENSES

The University assumes no responsibility for expenses incurred by offeror in preparing and submitting a proposal, making an oral presentation, or participating in discussions or any other activity in response to this RFP.

H. ARREARAGES

By submitting a response to this RFP, offeror represents that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the contract if selected for award.

I. VERIFICATION OF REGISTRATION AND TAX PAYMENT

Each prospective offeror is encouraged to ensure that it is appropriately registered to do business in the State of Maryland, and in good standing with respect to taxes, personal property returns, unemployment insurance, etc., before the closing date. Failure to complete registration with the State Department of Assessments and Taxation (SDAT) may disqualify an otherwise successful offeror from recommendation for contract award.

J. ECONOMY OF PREPARATION

Proposals should be prepared simply and economically, providing a straight-forward, concise description of the offeror's ability to fulfill the requirements of this solicitation.

K. PUBLIC INFORMATION ACT NOTICE

Offeror shall give specific attention to identification of those portions of its proposal considered confidential, or containing proprietary information or trade secrets. Upon request, offeror shall provide

justification why such material should not be disclosed by the University under the Public Information Act, Title 4, Subtitle 3 of the General Provisions Article, Annotated Code of Maryland.

L. EXECUTION OF PROPOSALS

Proposals shall be typewritten or written legibly in ink, and signed in ink as follows, depending on the offeror's form of business organization:

1. Sole Proprietorship. Proprietor shall sign full name, with address.
2. Partnership and Joint Venture. Submit the proposal in the name of the partnership or joint venture. Clearly state the partnership name and the identity of each general partner, and execute all affidavits and certificates on behalf of the partnership, or on behalf of each general partner. No provision of any agreement among partners will be binding on the University unless it is disclosed in the offeror's proposal. Reasonable evidence satisfactory to the University of the authority of one partner to bind other purported partners is required. It is recommended that the proposal contain a copy of the partnership agreement, if one exists. If no partnership agreement exists, and if the number of general partners is reasonably small, each general partner should execute all required documents included in the proposal. At the University's option, all general partners may be required to sign the proposal. Failure to present the University with satisfactory information concerning a purported partnership or joint venture may be grounds for finding a proposal unacceptable.
3. Corporation. An officer or authorized agent of the corporation shall sign with full name, indicate title, and include the name and address of the corporation. In the case of an authorized agent, enclose a letter from an officer of the corporation authorizing said individual to act on behalf of the corporation.

M. DISCREPANCIES, EXPLANATIONS AND CLARIFICATIONS

Should offeror find discrepancies in the specifications or other provisions included in this solicitation, or be in doubt as to the meaning or intent of any section or subsection herein, offeror shall request clarification from the Procurement Officer. Failure to request clarification prior to the due date shall be a waiver of any claim by the offeror for expenses made necessary by reason of later interpretation of the contract documents, and offeror shall be bound to the University's interpretation. Request clarifications in accordance with the instructions above.

N. ORDER OF PRECEDENCE

The contract to be entered into as a result of the RFP ("Contract") will consist of the following Contract Documents, listed in their order of precedence:

1. The contract executed by the parties and/or Purchase Order issued by the University;
2. The solicitation, including Exhibit A (Required Contract Provisions) and all other exhibits; and
3. Offeror's proposal.

No modifications to this order of precedence will be accepted.

O. REQUIRED CONTRACT PROVISIONS

All proposals submitted, and the contracts executed by the successful offeror(s), are subject to Exhibit A and Exhibit A-1 (if applicable).

By submitting a proposal, offeror is deemed to have accepted the terms of this RFP, including exhibits; a proposal that takes exception to the terms of the RFP may be rejected. Exceptions, if any, must be clearly identified in the Transmittal Letter enclosed with the technical proposal. Mutually agreeable modifications of the solicitation provisions, if allowed by law, will be documented by express identification in the final contract as superseding the pertinent provisions of the solicitation.

P. OFFEROR RESPONSIBILITIES

The successful offeror shall be responsible for all products and services required by this RFP. Subcontractors, if any, must be identified and a complete description of their role relative to the project must be identified.

Q. FALSE STATEMENTS

Offerors are advised that the Annotated Code of Maryland provides that in connection with a procurement contract, a person may not willfully: Falsify, conceal or suppress a material fact by any scheme or device; make a false or fraudulent statement or representation of a material fact; use a false writing or document that contains a false or fraudulent statement or entry of a material fact; or aid or conspire with another person to commit any of the aforementioned acts. A person who violates these provisions is guilty of a felony, and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding five (5) years, or both.

R. PAYMENT TO THE CONTRACTOR; TAXES

Payment is governed by Title 15, Subtitle 1 of the State Finance and Procurement Article, Annotated Code of Maryland. The State of Maryland is exempt from Maryland Retail Sales Tax and Federal Excise Tax.

S. PRESS RELEASES

The successful offeror shall issue no press release to any publication, including newspapers, with regard to work being conducted under this contract.

T. RECIPROCAL PREFERENCE

While Maryland law does not authorize state agencies to favor resident offerors, some other states grant preferences to their residents over Maryland businesses. Therefore, a resident business preference may be given to a Maryland firm if: A responsible offeror whose headquarters, principal base of operations, or principal site that will provide the services required by this RFP is located in another state submits the most advantageous offer; the other state gives a preference to its residents through law, policy, or practice; and the preference does not conflict with a Federal law or grant affecting the contract. The preference given shall be identical to the preference that the other state gives to its residents.

U. VENDOR ELECTRONIC FUNDS TRANSFER REGISTRATION

Contractors of the State are required to complete a COT/GAD Form X-10, *Vendor Electronic Funds Transfer (EFT) Registration Request Form*, for each new contract with a value greater than \$200,000. Vendors must register for EFT by submitting a completed COT/GAD Form X-10 to the Comptroller's General Accounting Division (GAD) or request an exemption from GAD. The revised form is on the Comptroller's Web site at http://comptroller.marylandtaxes.com/Vendor_Services/Accounting_Information/Electronic_Funds_Transfer/ The form will be provided to all successful bidders as part of the contract process.

V. NON-VISUAL ACCESS

The Contractor shall ensure compliance in any applicable contract with State of Maryland IT Non-Visual Access Standards. The standards should be incorporated to the fullest extent possible for information technology contracts. These standards/policies may be revised from time to time and the Contractor shall comply with all such revisions. The Non-visual Access Clause noted in COMAR 21.05.08.05 and referenced in this RFP is the basis for the standards that have been incorporated in the Maryland regulations.

W. INTERGOVERNMENTAL COOPERATIVE PURCHASING

The University reserves the right to extend the terms, conditions, and prices of the contract awarded pursuant to this solicitation to other institutions of the University System of Maryland, and to other state educational institutions (e.g., St. Mary's College, Morgan State University, and Baltimore City Community College) and public agencies with similar requirements. Each such entity will issue its own purchasing documents; Towson University assumes no contractual obligations on behalf of other users of its

contracts. The forgoing applicability of terms, covenants, and conditions to future contracts is intended to provide consistency in contracts among contractors. It is not intended to preclude an institution from negotiating terms unique to its specific need or circumstances.

X. PARKING

All vehicles parked on Towson University property must strictly observe University parking regulations. Each vehicle parked on campus between 6 am and 8 pm, Monday through Thursday, and from 6 am to 3 pm on Fridays, must display a valid University permit unless parked at a paid meter. Parking on sidewalks or unpaved areas is prohibited at all times. All fines for parking or other vehicle violations are the responsibility of the Contractor. This applies to vendors, salespersons, company vehicles, and Contractor employees' personal vehicles. Long- and short-term permits are available, at designated rates, for vendors with contracts that require them to park regularly on the campus; see the parking website at <http://www.towson.edu/parking/visitors/index.html> for permit rates and information to support preparation of Bid/Price Proposal. Parking Transportation phone: (410) 704-7275. **NOTE: Include parking fees in Bid/Price Proposal.**

Y. SMOKING

Smoking, defined as the burning of tobacco or any other material in any type of smoking equipment, including but not restricted to cigarettes, cigars or pipes, is prohibited on all property owned, leased or operated by the University. This consists of all buildings, including residence halls, leased restaurants and lodging facilities; all grounds, including exterior open spaces, parking lots and garages, on-campus sidewalks, streets, driveways, stadiums, recreational spaces and practice facilities; and in all University-owned or leased vehicles. The policy applies to all individuals on the University campus, including faculty, staff, students, parents, vendors and visitors. Contractor and its employees and subcontractors who violate the policy may be denied access to the University campus.

END OF SECTION II.

SECTION III. EVALUATION PROCEDURE

A. EVALUATION COMMITTEE

All technical proposals received by the closing deadline will be evaluated by a committee appointed by the Procurement Officer. The committee may request additional technical assistance from any source within the University System of Maryland, state government, or other sources deemed appropriate. Technical and price proposals will be evaluated independently.

B. QUALIFYING PROPOSALS

Proposals shall be initially reviewed for compliance with the solicitation requirements. Failure to comply with solicitation requirements may result in a proposal being classified as not reasonably susceptible of being selected for award. Minor irregularities in proposals that are immaterial or inconsequential in nature may be cured or waived whenever it is determined to be in the University's best interest.

C. TECHNICAL EVALUATION

1. After determining compliance with the RFP's minimum requirements, the evaluation committee will assess and rank technical merit of each proposal in accordance with the criteria below.

Only shortlisted offerors would continue in the evaluation process; offerors not short-listed shall be so advised.

2. When in the best interest of the University, the Procurement Officer may request that qualified offerors revise their initial proposals by submitting best and final offers.

F. EVALUATION CRITERIA

Technical and financial merit shall be accorded equal importance. The technical evaluation criteria are listed below in descending order of importance:

- a. Approach and compliance with all requirements, criteria, and specifications of the RFP objectives to include the extent to which the Offeror's proposal evidences experience, research methodology (inclusive of quantitative and qualitative methods), well-developed process, estimated timelines (project plan) and robust reporting and analysis, (Section V, Item F).
- b. Company Experience working with higher education clients (Exhibit F) and References (Exhibit G) to include Offeror's experience in supporting brand research for universities or colleges.
- c. Key personnel proposed (Exhibit L) to provide services under resulting contract to include their roles within the firm. Offeror must identify at least one primary contact and any additional members of the core research team.

G. FINAL RANKING AND SELECTION

Following evaluation of the technical and price proposals, the evaluation committee will recommend to the Procurement Officer award to the responsible offeror whose proposal is determined to be the most advantageous to the University.

H. DEBRIEFING

Unsuccessful offerors may request a debriefing. If the offeror chooses to do so, the request must be submitted in writing to the Procurement Officer within ten days after the offeror knew or should have known its proposal was unsuccessful. Debriefings shall be limited to discussion of the specific offeror's proposal only and shall not include a discussion of a competing offeror's proposal. Debriefings shall be conducted at the earliest feasible time.

B. TU REBRAND

In late 2016, TU began a comprehensive, multi-phase brand identity audit. This foundational project was the first of its kind for the university, and it was driven by a presidential priority to rebrand TU after decades of extraordinary growth and regional impact. The time had come to capture a more modern, updated and relevant brand reflecting TU's incredible evolution and momentum. Phase I of the project was focused on research, discovery and data. Engaging with both internal and external partners/stakeholders, research was conducted with all constituent groups to identify perceptions and core brand attributes. The research findings served to inform every step of the rebrand process including the development of the university's first-ever brand platform and key messages. This inclusive and intentional multi-year project culminated in 2019, with the launch of new institutional messaging and the university's first landmark update in more than 20 years. Thanks to feedback and buy-in from all of TU's many audiences

the branding effort has successfully helped to re-establish the power and the possibility behind TU as Maryland's university of opportunities. A comprehensive look at TU's updated brand identity can be accessed at towson.edu/brand.

B. CURRENT ENVIRONMENT

Several years post-launch TU is continuing to make impressive strides in creating opportunities, mentoring students, building an inclusive environment of academic excellence and working on behalf of the public good. As the university plans strategically for the future and works to achieve an R2 Carnegie Classification, it's clear the brand continues to play an important role in engaging with TU's many diverse stakeholders and audiences. Using data to not only measure the success of TU's rebranding effort but to re-evaluate current perceptions is critical to effectively serving students, the community and our greater region.

From the beginning of the identity audit and rebrand process, TU planned for future benchmark research studies to help inform next steps and allow audience insights to guide how to best engage with students and stakeholders. The recent COVID-19 pandemic shifted priorities and delayed this planned work, but now that living and learning have resumed on campus it's time to make good on plans. TU is seeking a qualified and experienced research partner to help undertake the next phase of brand research to benchmark and evaluate current brand perceptions.

More information about current university priorities can be found in TU's Strategic Plan: <https://www.towson.edu/about/mission/strategicplan.html>

D. SCOPE OF SERVICES

1. Discovery and Evaluation of Prior Research

To provide a clear comparative analysis of prior documented brand perceptions, the Division of University Marketing and Communication (UMC) will support discovery and evaluation of the existing research from Phase I of the identity audit performed in late 2016.

The successful Offeror (Contractor) will be expected to use this existing data as a foundation for new research. Methodology, inclusive of quantitative and qualitative tactics, will need to be assessed and reviewed. The expectation of the Offeror is that they will use these insights and follow similar methods to inform a new brand perception study that can truly benchmark the advances and/or changes in perception based on the existing research performed by a previous research partner.

University Marketing and Communications will provide all materials, surveys and reports to the successful Offeror to facilitate this work. Additionally, UMC staff will collaborate with the research partner to provide any other materials that they may need to complete a thorough and proper evaluation of prior research.

Technical proposal must describe how Offeror's team prefers to interface with TU. Speak to the engagement preferences and how the firm expects and/or hopes to collaborate as part of the research work.

2. Comprehensive New Research

Following discovery, the Contractor will conduct a comprehensive new research study, inclusive of qualitative and quantitative methods. Using the prior research methodology as a model and framework, they will be expected to engage representatives from all constituent groups to determine current perceptions of TU, its brand and its impact.

UMC staff will collaborate with the research partner and aid with conducting interviews, focus groups and surveys in support of the study. A dedicated project manager will serve the Offeror with needed information, logistical support and guidance throughout the research process.

3. Report of Findings

At the culmination of research and prior to completion of engagement, the Contractor shall compile data and deliver a report of all insights and findings. This report must include an executive summary of top-level information as well as a fully detailed breakdown of all relevant and specific data discovered by constituent group.

In addition to the data, the Contractor will be requested to make recommendations based on the findings that could be used to support further development of the brand or shifts in strategy. The Contractor's analysis is both important and valuable and should be offered as meaningful and potentially actionable next steps in TU's brand work.

UMC will provide any support needed to complete this report and will help the Offeror determine any areas that require additional detail or analysis.

42. Ownership of Documents and Materials

The Contractor agrees that all documents and materials including, but not limited to, reports, drawings, studies, specifications, estimates, maps, photographs, designs, graphics, mechanical, artwork, and computations prepared by or for it under the terms of the contract shall at anytime during the performance of the services be made available to the University upon request by the University and shall become and remain the exclusive property of the University upon termination or completion of the services. The University shall have the right to use same without restriction or limitation and without compensation to the Contractor other than that provided by the contract. The University shall be the owner for purposes of copyright, patent or trademark registration.

43. Patents, Copyrights and Trade Secrets

a. If the Contractor furnishes any design, device, material, process or other item which is covered by a patent or copyright or which is proprietary to or a trade secret of another, Contractor shall obtain the necessary permission or license to use such item.

b. Contractor will defend or settle, at its own expense, any claim or suit against the State alleging that any such item furnished by Contractor infringes any patent, trademark, copyright, or trade secret. Contractor also will pay all damages and costs that by final judgment may be assessed against the State due to such infringement and all attorneys' fees and litigation expenses reasonably incurred by the State to defend against such a claim or suit. The obligations of this paragraph are in addition to those stated in paragraph c.

c. If any products furnished by Contractor become, or in Contractor's opinion are likely to become, the subject of a

claim of infringement, Contractor will, at its option: (1) procure for the State the right to continue using the applicable item; (2) replace the product with a non-infringing product substantially complying with the item's specifications; or (3) modify the item so it becomes non-infringing and performs in a substantially similar manner to the original item.

44. Payment of State Obligations

Payments to the Contractor pursuant to this contract shall be made no later than 30 days after the University's receipt of a proper invoice from the Contractor. Charges of late payment of invoices, other than as prescribed by Title 15, subtitle 1, of the State Finance and Procurement Article, Annotated Code of Maryland, or by the Public Service Commission of Maryland with respect to regulated public utilities, as applicable, are prohibited.

45. Policies and Procedures

The USM Procurement Policies and Procedures in effect on the date of execution of this Contract are applicable to this Contract.

46. Responsibility of Contractor

a. The Contractor shall perform the services with that standard of care, skill, and diligence normally provided by a Contractor in the performance of services similar to the services hereunder.

b. Notwithstanding any review, approval, acceptance or payment for the services by the University, the Contractor shall be responsible for professional and technical accuracy of its work, design drawings, specifications and other materials furnished by the Contractor under the contract.

47. Responsibility for Claims and Liability

The Contractor shall be responsible for all damage to life and property due to its activities or those of its agents or employees, in connection with the services required under the contract. Further, it is expressly understood that the Contractor shall indemnify and save harmless the University, its officers, agents, and employees from and against all claims, suits, judgments, expenses, actions, damages and costs of every name and description, including reasonable attorney's fees and litigation expenses arising out of or resulting from the negligent performance of the services of the Contractor under the contract.

48. Responsibility for Damage

a. The Contractor shall repair and restore to its original condition any equipment, materials or surfaces damaged by its operations.

b. The Contractor shall be entirely responsible for any loss or damage to its own materials, supplies, and equipment, and to the personal property of its employees while they are in the building.

c. The Contractor shall be solely responsible for any damage to the building or its contents for any loss or damage to any property belonging to the University or the University

employees when such loss or damage may be attributable to their actions or negligence or the actions or negligence of their employees.

49. Retention of Records

The Contractor shall retain and maintain all records and documents relating to the contract for a minimum period of four years after payment by the University of the final invoice and shall make them available for inspection and audit by the State of Maryland.

50. Set-Off

The University may deduct from and set off against any amounts due and payable to the Contractor any back-charges or damages sustained by the University by virtue of any breach of the contract by the Contractor or by virtue of the failure or refusal of the Contractor to perform the services or any part of the services in a satisfactory manner. Nothing herein shall be construed to relieve the Contractor of liability for additional costs resulting from a failure to satisfactorily perform the services.

51. Software Contracts:

As specifically provided by § 21-104, Commercial Law Article, Annotated Code of Maryland, the parties agree that this Agreement shall not be governed by the Uniform Computer Information Transactions Act (UCITA), Title 22 of the Commercial Law Article of the Annotated Code of Maryland, as amended from time to time. This Agreement shall be governed by the common law of Maryland relating to written agreements, as well as other statutory provisions, other than UCITA, which may apply, and shall be interpreted and enforced as if UCITA had never been adopted in Maryland.

Contractor agrees that as delivered to buyer, the software does not contain any program code, virus, worm, trap door, back door, timer or clock that would erase data or programming or otherwise cause the software to become inoperable, inaccessible, or incapable of being used in accordance with its user manuals, either automatically upon the occurrence of selected conditions, or manually on command of Contractor.

52. Specifications

All materials, equipment, supplies or services shall conform to Federal and State laws and regulations and to the specifications contained in the solicitation. No asbestos, lead, or PCB-containing materials (0%) are to be utilized/installed on campus unless prior written approval has been received from the University's Department of Environmental Health & Safety (410-704-2949).

53. Subcontracting or Assignment

The benefits and obligations hereunder shall take effect and be binding upon the parties hereto and neither the contract nor the services to be performed thereunder shall be subcontracted, or assigned or otherwise disposed of, either in

whole or in part, except with the prior written consent of the University.

54. Suspension of Work

The procurement officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of the work for such period of time as he may determine to be appropriate for the convenience of the University.

55. Tax Exemption

The State is generally exempt from federal excise taxes, Maryland sales and use taxes, District of Columbia sales taxes, and transportation taxes. Exemption certificates shall be provided upon request. Where a Contractor is required to furnish and install material in the construction of improvement to real property in performance of the Contract, the Contractor shall pay the Maryland sales tax and the exemption does not apply.

56. Termination of Contract for Convenience

The performance of work under the contract may be terminated by the University in accordance with this clause in whole, or from time to time in part, whenever the University shall determine that such termination is in the best interest of the University. The University will pay all reasonable costs associated with the contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the contract. However, the Contractor shall not be reimbursed for any anticipatory profits which have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of USM Procurement Policies and Procedures.

57. Termination of Contract for Default

If the Contractor fails to fulfill its obligation under the contract properly and on time, or otherwise violates any provision of the contract, the University may terminate the contract by written notice to the Contractor. The notice shall specify the acts or omissions relied on as cause for termination. All finished or unfinished services provided by the Contractor shall, at the University's option, become the University's property. The University shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the University can affirmatively collect damages. The term "damages" as used in this paragraph may include attorney's fees and litigation costs. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of USM Procurement Policies and Procedures.

58. Termination of Multi-Year Contracts

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of the contract succeeding the first fiscal period, the contract shall be canceled automatically as of the

beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in the contract. The effect of termination of the contract hereunder will be to discharge both the Contractor and the State from future performance of the contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the contract. The State will notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of the contract for each succeeding fiscal period beyond the first

59. Use of Contractor's Forms Not Binding on State

a. Except as provided in b., the use or execution by the State of any forms, orders, agreements, or other documents of any kind, other than the contract documents, used pursuant to or in the administration of any contract awarded by the State to Contractor, shall not bind the State to any of the terms and conditions contained therein except those provisions:

(1) generally describing, for the purposes of ordering: Equipment or services to be provided, locations, quantities, delivery or installation dates, and, to the extent consistent with the contract documents, prices; and

(2) not otherwise inconsistent with the contract documents.

b. Any such form, order, agreement or other document shall not vary, modify, or amend the terms and provisions of the contract documents, notwithstanding any provision to the contrary in such document, unless all of the following conditions are met:

(2) the document is executed on behalf of the State by the procurement officer; and

(3) execution of the document is approved by the procurement authority whose approval is required by law.
