University Policies and Procedures

02-02.00 – POLICY ON SABBATICAL LEAVE

I. **Policy Statement:** To provide policies and implementing procedures governing the granting of sabbatical leave to faculty members. The primary purpose of such leaves is to provide an opportunity for a faculty member to conduct scholarly or creative work, or to engage in activities that may result in the generation and application of intellectual property through technology transfer, in order to increase his or her contribution to the institution, and to enhance his or her standing in the discipline or profession.

II. **Reason for Policy:** To comply with USM Policy II-2.00, Policy on Sabbatical Leave for Faculty ([http://www.usmd.edu/regents/bylaws/SectionII/II200.pdf](http://www.usmd.edu/regents/bylaws/SectionII/II200.pdf)).

III. **Responsible Executive and Office:**
Responsible Executive: Provost and Vice President for Academic Affairs

Responsible Office: Office of the Provost

IV. **Entities Affected by this Policy:** All tenured faculty members.

V. **Procedures:**

A. To be eligible for sabbatical leave, a full-time faculty member shall have been granted tenure by the time of the application; shall have attained the rank of assistant professor, associate professor or professor; and shall have completed at least six years of service at the time of an initial sabbatical leave or since the last previously granted sabbatical leave. A part-time faculty member shall have been granted tenure and shall have completed six or more years of at least half-time service. Ordinarily, a leave of absence without pay shall not be regarded as service to Towson University (“University”) for purposes of determining eligibility for sabbatical leave. On rare occasions the University may approve a sabbatical leave for a tenured instructor.

B. The faculty member applying for sabbatical leave shall schedule an interview with the dean of the college early in the fall semester preceding the academic year for which the sabbatical leave is requested to discuss the proposed sabbatical project. The “Sabbatical Leave Application” form can be accessed at: [http://www.towson.edu/provost/resources/index.asp](http://www.towson.edu/provost/resources/index.asp).
The completed form must be submitted to the department chairperson who shall forward two copies together with his/her recommendation to the dean of the college. If approved, the dean of the college shall forward the “Sabbatical Leave Application” to the associate provost for academic affairs no later than the third Monday of November. The associate provost shall forward the application and related recommendations to the Provost. Upon recommendation of the Provost, the President may grant a sabbatical leave. The faculty member will be notified of the grant or denial of the sabbatical request in writing by the second Friday in February. An appeal of a decision of denial may be presented only to the dean and/or Provost (whichever denied the request) within 30 calendar days after the faculty member is notified of the denial of the sabbatical request.

C. The faculty member applying for sabbatical leave shall agree as a precondition for accepting same to return to the University upon termination of the sabbatical period and to serve on his or her normal basis for at least one academic year immediately subsequent to returning, except under unusual circumstances in which the President may decide otherwise, in writing, in advance. If the faculty member fails to return, or fails to remain in service for at least one year, he/she shall be liable for the repayment of the whole or a proportionate share of the salary paid during the sabbatical period.

D. A sabbatical leave may be granted to both full and part-time tenured faculty members who are on 10 month contracts for one-half of the recipient’s annual contract period at his/her normal compensation or for the full annual contract period at one-half normal compensation. Department chairs and 12-month faculty will be granted the period from August 15 to January 15 or February 1 to July 1 unless granted a full-year sabbatical.

E. All benefits and privileges of a faculty member on sabbatical leave shall be continued in the same manner as if he/she were not on such leave. However, if the sabbatical leave is for the full annual contract period at one-half normal compensation, sick leave, annual leave and creditable service for retirement will be pro-rated at one-half of normal earnings.

F. Full-time or part-time employment by faculty members while on sabbatical leave is prohibited. Faculty members on sabbatical leave shall be permitted to accept, in addition to the salary received from the University, only such awards, grants, contracts, or other compensation or stipends as may be related to the approved sabbatical leave project and approved by the President of the University upon recommendation of the Provost of the University.
G. While on sabbatical leave, the recipient may accept compensation for consulting services rendered during the sabbatical leave, provided that such services shall not exceed those allowed by the University and the “University System of Maryland Policy on Professional Commitment of Faculty” (http://www.usmd.edu/regents/bylaws/SectionII/II310.html) and that they do not interfere with his/her approved sabbatical leave project. Failure to comply with these requirements will result in denial of future sabbatical requests.

H. Upon return from the sabbatical leave, a faculty member must submit a written summary report on his/her sabbatical activities to chair of the department and the dean of his/her college and the vice provost, as well as present a public seminar on the results of his/her sabbatical project open to the faculty and students of the University, all within the academic year in which the faculty member returns.

I. If the faculty member fails to submit a written report and present a public seminar, as stipulated in section V.H. of this policy, then time in service counted toward the next sabbatical will not begin until the academic year in which these obligations are fulfilled. Furthermore, should the faculty member not fulfill these obligations within the academic year in which he/she returns, then that faculty member will not be eligible for other University-funded financial support such as travel funds until the obligation to submit the written report and present a public seminar on the results of the sabbatical project has been fulfilled.
