

Assistant Professor
Department of Mathematics
The Jess and Mildred Fisher College of Science and Mathematics
FCSM-N-3113

Position:

The Jess and Mildred Fisher College of Science and Mathematics invites applications for two positions in the Department of Mathematics beginning August 2018. One position is for a tenure-track, 10-month Assistant Professor. The second position is for a tenured/tenure-track 10-month Assistant/Associate/Professor, depending on qualifications. To be considered for a tenured appointment, the applicant must present a documented record of leadership in research and excellence in teaching commensurate with receiving tenure.

Qualifications:

PhD (or equivalent) in mathematics, applied mathematics, or statistics by August 2018. The department has identified the following areas of need: geometry/topology, logic, number theory, actuarial science & risk management, numerical analysis/PDEs, and statistics. Outstanding candidates in other mathematical fields matching faculty research interests will be given full consideration.

Responsibilities:

The standard instructional workload is seven to eight (7-8) course units. Research active faculty may request to replace one course unit with their research activity. Faculty will be assigned an instructional workload of six (6) course units per academic year for the first year. A strong commitment to excellence in teaching mathematics at all levels is essential. The successful candidate will establish a productive research program with an interest in research with undergraduate students, and show a willingness to pursue external funding opportunities.

Towson University:

Towson University (www.towson.edu) was founded in 1866, is recognized by U. S. News and World Reports as one of the top public universities in the Northeast and Mid-Atlantic regions, is Baltimore's largest university, and is the largest public, comprehensive institution in the University of Maryland System. TU enrolls over 19,000 undergraduates and more than 3,000 graduate students across six academic colleges (business, education, fine arts, health professions, liberal arts, science & mathematics), has over 900 full-time faculty, and offers 65 bachelor's, 42 master's, and 4 doctoral programs. Our centrally located campus sits on 330 rolling green acres and is 10 miles north of Baltimore, 45 miles north of Washington D.C., and 95 miles south of Philadelphia.

Application Process:

Review of applications begins on December 15, 2017 and continues until the positions are filled. Submit applications electronically through www.mathjobs.org. A complete application includes a cover letter, curriculum vitae that includes a publication list, all graduate transcripts,

a research statement, a teaching statement, and at least three recommendation letters one of which should address the candidate's teaching.

A Criminal Background Investigation is required for the hired candidate and the results may impact employment.

Please be sure to visit <http://www.towson.edu/inclusionequity/employment/data.html> to complete a voluntary on-line applicant data form. The information you provide will inform the university's affirmative action plan and is for statistical-related purposes only. The information will not be used for any other purpose. Please note that the search number for which you have applied is: FCSM-N-3113.

Towson University is an equal opportunity/affirmative action employer and has a strong institutional commitment to diversity. Women, minorities, persons with disabilities, and veterans are encouraged to apply.
