Minimester 2026 Rate Structures

Mid-Atlantic Tuition Rate Update

New in fall 2023, TU will be introducing Mid-Atlantic tuition for undergraduate students residing in states near Maryland. Qualifying students will receive information directly from Admissions.

Towson University has campuses and special programs across the state of Maryland and abroad, which affect the rate structure. Tuition and fees are assessed based on the class level (undergraduate or graduate) and which campus the class is held, not by the student career. The student career may be used for other special fees. Different rates may apply to special programs—see below. Lab/class fees apply to certain courses and the amount varies depending on the course. Audit courses are billed at the same rate as unit courses.

Please note that Towson University reserves the right to make changes in tuition, fees and other charges at any time such changes are deemed necessary by the university and the University System of Maryland Board of Regents.

For information about estimated total annual educational costs including estimated living and personal expenses, please review Cost of Attendance budgets.

The University reserves the right to provide some or all instruction and related academic activities through alternative methods of delivery, including remote delivery. It also reserves the right to change the method of delivery before or during an academic term in the event of a health or safety emergency or other circumstance when it determines that such change is necessary or in the best interests of the campus community. Tuition and mandatory fees will not be reduced or refunded if the University changes the delivery method for any or all of an academic session.

Students who carry less than a 12-unit load at TUNE and simultaneously take classes at other Towson campuses will be assessed fees according to the applicable per unit rate for each campus they attend. For example, you would pay fees for your units at TUNE at the TUNE per unit rate; plus pay fees for your units at the other campus according to the other campus' rate.
