

# Fall & Spring Terms

Information about tuition and fees for undergraduate and graduate students.

## Fall 2021 and Spring 2022 Rate Structures

Towson University has campuses and special programs across the state of Maryland and abroad, which affect the rate structure. Tuition and fees are assessed based on the class level (undergraduate or graduate) and which campus the class is held; not by the student career or where the student lives. The student career may be used for other special fees. Different rates may apply to special programs—see below. Lab/class fees apply to certain courses and the amount varies depending on the course. Audit courses are billed at the same rate as unit courses. A [differential tuition \(https://www.towson.edu/bursar/tuition/differential-charge.html\)](https://www.towson.edu/bursar/tuition/differential-charge.html) cost will be added to applicable courses and/or programs.

Please note that Towson University reserves the right to make changes in tuition, fees and other charges at any time such changes are deemed necessary by the university and the University System of Maryland Board of Regents.

The University reserves the right to provide some or all instruction and related academic activities through alternative methods of delivery, including remote delivery. It also reserves the right to change the method of delivery before or during an academic term in the event of a health or safety emergency or other circumstance when it determines that such change is necessary or in the best interests of the campus community. Tuition and mandatory fees will not be reduced or refunded if the University changes the delivery method for any or all of an academic session.

## Towson University In Northeastern Maryland Campus (Degree and Non-Degree)

Towson University charges reduced Athletics, Student Government Association and Auxiliary Services Fees for students taking units at the Towson University in Northeastern Maryland campus (TUNE). Regular tuition rates apply.

Students who carry less than a 12-unit load at TUNE and simultaneously take classes at other Towson campuses will be assessed fees according to the applicable per unit rate for each campus they attend. For example, you would pay fees for your units at TUNE at the TUNE per unit rate; plus pay fees for your units at the other campus according to the other campus' rate. The maximum fee charge per term is equal to the Towson main campus full-time fee rate.

## Accelerated Bachelor's to Master's Degree Programs

Towson University offers a number of accelerated bachelor's to master's degree programs. After completing a minimum of 60 units of undergraduate coursework, students may take up to 9 units of approved TU graduate coursework over the course of their undergraduate career, and jointly apply those units to their TU undergraduate and graduate programs. Students must meet eligibility criteria. Approved students will be charged undergraduate tuition rates for those 9 units of graduate coursework. Fees will be assessed, based on the course career. Undergraduate rates will not be assessed for graduate classes in special programs (e.g. Applied Information Technology). Please see the [program requirements \(https://www.towson.edu/registrar/degree-requirements/accelerated-program-requirements.html\)](https://www.towson.edu/registrar/degree-requirements/accelerated-program-requirements.html) for more details.

## Instructional Leadership & Professional Development Online Courses

Special rate structure applies to graduate level ILPD online courses (900 - 999 sections only). Students in these courses are assessed tuition and technology fee only.
