

This Housing Contract (“Contract”) is an agreement between Towson University (the “University”) and you (also referred to as the “resident” or the “student”) (and your parent or guardian if you are under 18 years of age). You are agreeing to pay for housing and dining services at the University. The University will provide you housing and dining services, subject to the terms and conditions of this Contract (including any cancellation rights retained by the University as set forth in this Contract). By signing this Contract, you agree as follows:

1. Term of Contract

- a. The term of this Contract is for the entire academic year stated above, which includes the **FALL** and **SPRING** semesters (or the balance thereof) (the “Term”).
- b. This contract will adhere to the move-in dates, break periods, and closing dates that are published annually on the Department of Housing and Residence Life Housing Calendar webpage (<https://www.towson.edu/studentlife/housing/campus/dates.html>).
- c. This contract only permits students assigned to 9-Month communities (10 West, Barnes Hall, Marshall Hall, Residence Tower, and Towson Run) to reside on campus during break periods and Minimester. Students assigned to all other residence hall communities are not permitted to reside on campus during break periods and Minimester.
- d. University may, in its sole discretion, declare that a campus emergency exists, and may require any or all residents to vacate University Housing.
- e. A resident is officially checked in when they accept their room/apartment keys from Department of Housing and Residence Life (the “Department”) staff.
- f. During breaks at the end of the fall and spring semesters, all students are required to vacate University Housing before the time and date established for building closing and may not re-enter their buildings or rooms until break has ended.
- g. Students must follow all check-in and check-out procedures established by the Department and return all keys to Department staff.
- h. University will provide students in a timely manner with specific information regarding housing arrivals dates, departure dates, closings, and breaks, including applicable deadlines and fees.

2. Meal Plans

- a. All residents are required to purchase an All-Access meal plan.
- b. Notwithstanding the foregoing, meal plans are optional for residents in Barnes Hall, Marshall Hall, Towson Run Apartments, and 10 West assigned to units on floors 6-15 (residents on floors 2 through 5 are required to purchase an All-Access meal plan).
- c. Meal service dates and hours will generally coincide with University Housing occupancy periods. Specific information regarding dates, hours, and locations during which meal service is available will be established by the University each semester and made available to students.

3. Eligibility

- a. To be eligible for University Housing (at execution of this Contract and continuing throughout the Term), student is required to be a degree-seeking, admitted, and enrolled undergraduate University student carrying a minimum of 12 units per semester.
- b. Resident’s failure to carry the minimum number of course units at any time during the Term may constitute a breach under this Contract. Such a breach does not release resident from the financial responsibility for this Contract.
- c. Residents may request a one-time exception to drop below 12 credits utilizing the Housing Reduced Courseload Request form within the Living@TU Portal. If requests are approved, the student may remain in housing for the remainder of that semester. If the request is not approved, the student must vacate their space.
- d. Resident must have proper academic and disciplinary standing, as determined by the University.

4. Housing Advance Payment

- a. All new incoming residential students shall make a non-refundable \$350 housing advance payment to reserve a space in University Housing.
- b. The housing advance payment is non-refundable, however, it will be utilized as a credit on the student’s spring semester account if the student continues to live in University Housing.
- c. If the housing contract is cancelled for reasons outlined in sections 17 and 18, and the student has submitted a housing advance payment and it has not yet been applied to spring semester housing charges, the housing advance payment shall be applied to housing contract cancellation fees which are defined in paragraphs 18e and 18f.

5. Assignments

- a. Students accept their initial housing assignments.
- b. The University will attempt to accommodate students’ requests as to specific building and roommate assignments; however, University does not guarantee that it will grant these requests and University’s denial of a request does not void this Contract.

- c. University will not consider room change requests during the first two weeks of each semester.
 - d. University may assign student to a "Fall Triple", i.e., a room for two students furnished for temporary occupancy by three students. Any resident who cannot be assigned to a regular space may be assigned to "overflow" housing, i.e., a temporary assignment until a permanent assignment is made.
 - e. Students residing in Living Learning Communities, alcohol free, or gender inclusive housing must maintain the requirements of the area or may be subject to reassignment.
6. **Housing Accommodations - Office of Accessibility and Disability Services**
- a. Students requesting disability-related housing accommodations, including a service animal or emotional support animal, must register and submit appropriate documentation to the Office of Accessibility and Disability Services for consideration and approval. Students seeking disability-related housing accommodations are required to meet all published deadlines and follow all other accommodation procedures.
 - b. University will prioritize requests based on documented need and space availability. Accommodation requests must be submitted and reviewed on a yearly basis as per Department timelines for housing contract processes. While the Department will make every effort to honor a student's location preference, assignments are made based on the approved accommodation(s), and specific residence areas or buildings are not guaranteed.
 - c. Emotional support animals are not permitted in University Housing until they have been fully approved by the Office of Accessibility Services and confirmed by the Department of Housing and Residence Life. Students who violate this policy will be subject to Student Accountability and Restorative Practices procedures, up to and including removal from housing.
7. **Fees and Payments**
- a. Fees for housing and dining services are approved by the University System of Maryland Board of Regents. Fees are subject to increase by the Board of Regents.
 - b. Fees must be paid in full in accordance with the procedures and deadlines established by the University.
 - c. Room rate fees vary depending on the student's housing assignment.
 - d. Students are not guaranteed a particular assignment or room rate.
 - e. When a resident's housing assignment is changed, the University will adjust the room rate fee, if necessary, to the appropriate fee, which shall be prorated as of the effective date of the re-assignment.
8. **Care of Housing and Dining Facilities**
- a. Residents are responsible for their individual actions, for the actions of their guests, and for proper use and care of the housing and dining facilities, assigned space, common areas and University property.
 - b. Resident agrees to use safety and security equipment within their assigned housing space and building appropriately; report damages, interrupted service or need for repairs; and assist the University in identifying individuals responsible for damage, theft or loss.
 - c. Resident is responsible for cleaning their room and bathroom (if applicable).
 - d. At check-out, each resident will return the assigned space and its University furnishings in the same condition as they were received, excepting normal wear and tear.
 - e. All University furnishings must be kept in the assigned space at all times, remain in an upright position on the floor and shall not be disassembled in any manner.
9. **Liability for Damages**
- a. Individual residents identified as responsible for damage, theft, loss, or special services (whether intentional or negligent) in their assigned space or in common areas of the housing and dining facilities will be charged the cost of repair, replacement, or restoration, within or to the assigned space or building or public areas, and any necessary cleaning charges.
 - b. When individual responsibility cannot be determined, residents may be held collectively responsible at the University's discretion for damage, theft, loss, or special service to the assigned space, to common areas or to university fixtures, furnishings, or property within them. An equal portion of the charges will be assessed to each student in the assigned space, building or residence area, as appropriate.
10. **Utilities, Cleaning and Repairs**
- a. The University will provide heat, water and electricity and will remove trash from designated areas and clean common hallways, floor lounges, and public areas on a scheduled basis.
 - b. Each resident is responsible for maintaining their space in an orderly, safe, and sanitary condition at all times.
 - c. University will make all repairs and perform maintenance in University Housing and the resident's room with authorized personnel upon request, on routine schedules, and under a system of priority scheduling.
 - d. Residents shall not perform their own repairs nor alter University furnishings or equipment.
 - e. Residents acknowledge and agree that interruptions to the services provided by the University pursuant to this Contract may occur by an act of God, limited or restricted control, or availability of resources as determined by the University, maintenance activities or other conditions reasonably beyond University's administrative control.

- f. Standards and levels of services are determined by the University.

11. Resident Conduct

- a. Resident agrees to familiarize themselves with and abide by the rules, regulations, policies, and procedures as outlined in the Policies for On-Campus Housing, *Undergraduate Catalog*, "Policies, Procedures, and guidelines Affecting Students" on the University webpage, the University's Code of Student Accountability and any addenda thereto, and all other University policies, procedures, guidelines, and protocols, as amended from time to time.
- b. All such rules, regulations, policies and procedures, and any amendments to them, are incorporated by reference into this Contract.
- c. Resident agrees to take primary responsibility for their own safety and security and for the safety and security of their residential and dining communities.
- d. Each resident will ensure their roommate(s) has access to and equitable use of the assigned space.
- e. Smoking is prohibited inside all University Housing. University is a smoke-free campus per the smoke free campus policy.

12. Use of/Change of Assigned Space

- b. The Assistant Vice-President of Student Affairs for Housing & Residence Life or their designee shall have the final decision on relocation matters.
- c. Resident-requested room changes may be made only with the written approval of the Department, in accordance with established procedures.

13. Room Entry, Inspection and Property Removal

- a. The University reserves the right to enter the student's room to enforce the Code of Student Accountability and University policies and regulations, and to otherwise carry out its responsibility to maintain discipline and order consistent with its educational mission.
- b. The right of entry shall include the right to inspect the room to protect the health and safety of students and University employees and/or agents, to maintain order and discipline, and to keep the rooms in good order and repair.
- c. In the event the University enters a student's room, it shall make reasonable efforts to provide the student assigned to the room reasonable notice of entry. Advance notice need not be given, however, if the University, in its sole and absolute discretion, believes that such notice will interfere with its ability to maintain order and discipline, or endanger the health and safety of students and/or university employees, or where immediate entry is deemed necessary to protect and/or to maintain property, or where immediate entry is otherwise allowed by law.
- d. When a student initiates maintenance or housekeeping requests, appropriate personnel are authorized to enter the room to provide service without notice.
- e. The University reserves the right to remove and dispose of any personal property remaining in a room following termination or expiration of this Contract, the resident's separation by or from the University, and/or the date of check-out. The student may be assessed a charge for costs incurred to remove and dispose of student's personal property.
- f. Residents may choose, at their own risk, to leave personal property in their assigned space during breaks; however, all students should remove any valuable personal property from their assigned rooms during closings.

14. Release from Liability

- a. The University will assume no responsibility for accident, personal injury, or illness sustained by residents, guests, or visitors, nor for the damage, theft, or loss of personal property.
- b. Resident hereby releases, indemnifies and holds harmless the University, its officers, employees, and agents from and against any and all claims, suits, proceedings, costs, losses, damages, liabilities, expenses, demands, and judgments, including court costs, attorney's fees, and other reasonable expenses of litigation incurred by student, including but not limited to any such liability due in whole or part by any negligence on the part of the University or its officers, employees or agents, which may arise out of, relate to, or be a consequence of this Contract or the use or occupancy of the space (room or apartment) or building by the resident, guests, and invitees resident brings to the building.
- c. The University strongly recommends that resident secure private insurance protection against such harm or loss.

15. Review of Housing and Dining Status

- a. When the University determines that a resident has violated a provision of this Contract or any University policy, rule, regulation or procedure, including the Code of Student Accountability and/or policies for University Housing, the resident shall be subject to administrative procedures and action, disciplinary procedures as described in the Code of Student Accountability, and/or financial responsibility for any damage, theft or loss.
- b. Administrative action may include termination of housing and/or dining services.

If the University's performance hereunder is rendered impossible, hazardous, or is otherwise prevented, hampered, interrupted, impaired, or delayed due to sickness, inability to perform, accident, interruption or failure of means of transportation, Act(s) of God, riot, strike, labor difficulty, war (including civil war), embargo, epidemic, pandemic, evacuation, fire, flood, explosion, earthquake, quarantine restriction, any act or order of any civil or military authority, acts of any government or governing authority, and/or any other cause or event, similar or dissimilar, beyond the University's control (a "Force Majeure Event"), then the University shall be excused from performance of this Contract and will not have any liability in connection therewith.

- c. University shall not be responsible for any damages sustained by the resident by a Force Majeure Event.

17. Termination of Contract by the University

The student remains responsible for their obligations under this Contract unless and until: (i) the student receives written notice of that the University has approved the student's cancellation request, and (ii) the student follows the instructions within the notice. In addition, any cancellation made under false pretenses may result in referral to the Office of Student Accountability and Restorative Practices for disciplinary action.
