The Tigers Serving Others Community is a living-learning experience for students dedicated to making a change in their communities. Students who are enthusiastic about being a part of the growing student service movement can opt to live in this community, where learning about and exploring the concept of service is infused into the everyday living and learning experiences of college life. Residents will have the opportunity to kick off the year by moving in four days early to participate in Project Serve. Throughout the school year community members will continue to be encouraged to participate in campus and community service experiences. Team-building exercises and social activities will help students to foster a sense of community and belonging here at Towson. This community is in partnership with the Office of Civic Engagement and Social Responsibility and Housing & Residence Life.
