Subject: Activate two-factor authentication login

non-TU sender

OTS is not "Information Technology"

The university's community has suffered from many phishing and scam attacks hereby exposing staffs confidential information. Hence, Information technology service has initiated the two-factor authentication login method **mandatory** for all staffs and students.

multiple grammatical mistakes and odd phrasing throughout

What's new?

When ever a login attempt is made to your account, a verification code will be sent to your mobile phone to confirm its you login in.

Visit www.towson.edu/offices/client-services/2-factor-login to get started with this service

Note: You are ~~wanted~~ to login from your personal device to save your IP address in our database for more efficiency of this service

Even though address appears written out, hove to see true destination (leads to fake login page below)

IT service will not be held responsible for any compromise of accounts that never keyed in this service!

OTS is not "IT Service"
