**Introduction**

Office 365 is a package of productivity software and related services that are available over the internet (cloud-based services). Included is the full Microsoft Suite, OneDrive for Business, Skype for Business, OneNote, SharePoint and other services.

**Signing in**

The Towson University Office 365 portal is the gateway to access the Microsoft online web apps as well as your personal OneDrive (cloud storage).

1. Open your preferred web browser and navigate to office.towson.edu.
2. Type your full Towson University email address and password in the appropriate fields and then click the Sign in button.

![Figure 1](image1.png)

**Note:** you may need to confirm your identity through Duo. Once confirmed, you will be taken to the Towson University Office 365 landing page.

![Figure 2](image2.png)
Installing the Office Apps

Office 365 gives users the ability to install the Office apps on up to five devices. These devices can be either PC or Mac. This should not be used for university-owned faculty/staff machines.

1. In the Office 365 landing page, click on the Install Office apps button and then select the Office 365 option. The website will provide you with the appropriate version of Microsoft Office for your operating system.

![Office 365 landing page](image1)

Figure 3

2. An install file will download, launch the file to begin installation. Follow the install wizard to complete this process.

Changing the Office 365 Theme

Office 365 gives users the ability to customize their theme.

1. Click on the gear icon in the upper right corner. The **Settings** drop-down menu will appear.

![Settings drop-down menu](image2)

Figure 4

2. On the settings drop-down menu, you will see some of the most popular themes that you can select from. To view more themes click on the **View all** option. More themes will appear

![Settings with View all option](image3)

Figure 5

3. Select your desired theme from the list and it will be applied automatically.
Adding or Changing Your Picture

Through Office 365, you can add your picture, so it will appear in Outlook and while using Skype for Business.

1. On the Office 365 landing page, click the My account icon. This will either be your image or initials in the top-right corner of your screen.

   ![My account icon](Image)

   Figure 6

2. In the My accounts pane, click on the image or initials to change the photo. The Change your photo window will appear.

   ![Change your photo window](Image)

   Figure 7

3. In the Change your photo window, click the Choose File button.

   ![Choose File button](Image)

   Figure 8

4. In the Open window, navigate to and select the image you wish to use and then click the Open button.

   ![Open window](Image)

   Figure 9

5. Click the Save button.

   ![Save button](Image)

   Figure 10
Launching an App

Office 365 has many online apps that will allow you to work on your files in the cloud. Some of these apps include Microsoft Word, Excel, and PowerPoint. You can launch these apps in one of two ways:

1. From the landing page, click the icon of the app you wish to launch. If you are not on the landing page, click the Office 365 home button on the top of the screen.
2. If you do not see the app you are looking for on the landing page, Use the **App Launcher** icon on the top-left corner of the screen to find more apps. Simply click on it and a window will appear.

![Office 365 Apps](image)

**Figure 11**

**Note:** To see all the Office 365 apps available, select **All apps**

![Office 365 Apps](image)

**Figure 12**

### Using the Online Apps

The Online apps are scaled-down versions of the full Office suite. Please note that not all features will be available in the online versions of the applications.

**Word Online**

1. From the Office 365 landing page, click on the **Word** icon.
2. Click on either **New blank document**, a template or a file listed under the **Recent** heading.

![Word Online](image)

**Figure 13**
Office 365: The Basics

3. The file can now be edited in the Word Online app. There is no need to save the file as the file will automatically save to your OneDrive.

4. To rename the document, click on the title at the top-left of the screen and type the new file name. Press the **Enter** key.

![Figure 14](image)

**Note:** Some documents will open in view mode. To edit these documents in Word Online, click the **Edit Document** button in the ribbon and then click **Edit in Browser**.

![Figure 15](image)

**PowerPoint Online**

1. From the Office 365 landing page, click on the **PowerPoint** icon.

2. Click on either **New blank presentation**, a template or a file listed under the **Recent** heading.

![Figure 16](image)

3. The file can now be edited in the PowerPoint Online app. There is no need to save the file as the file will automatically save to your OneDrive.
4. To rename the presentation, click on the title at the top-left of the screen and type the new file name. Press the Enter key.

Figure 17

**Presenting a PowerPoint from a Web Browser**

Microsoft provides users the option to run a PowerPoint presentation from the web browser. This means that you can make a presentation on a machine that does not have PowerPoint installed.

**Note**: To use this effectively, the file must be saved on your OneDrive.

1. From the Office 365 landing page, click the PowerPoint icon.
2. Open the PowerPoint presentation you wish to run.
3. Click the Slide Show tab in the ribbon and then click the From Beginning icon in the Start Slide Show group.

Figure 18
Excel Online

1. From the Office 365 landing page, click the Excel icon.
2. Click on either New blank workbook, a file listed beneath the Recent heading, a template to find your file.

![Figure 19](image1.png)

3. You can also find your file via the More in OneDrive link at the bottom of the page.

![Figure 20](image2.png)

4. If you are opening a file from OneDrive, you may have to click the Edit Workbook button and then click Edit in Browser.

![Figure 21](image3.png)

5. The file can now be edited in the Excel Online app. There is no need to save the file as the file will automatically save to your OneDrive.
6. To rename the workbook, click on the title at the top-left of the page, type the new file name and then press the **Enter** key.

![Excel workbook interface](image)

**Figure 22**

**Saving a Local Copy**

There will be times when you are working on a file in the cloud, but wish to have a copy saved to your local machine as well. The process to save a local copy is the same for Word Online, Excel Online and PowerPoint Online.

1. If you are not already editing the document, click the **Edit in Browser** button in the **Edit Document** drop-down menu.

![Edit in Browser button](image)

**Figure 23**

2. Click the **File** tab in the ribbon.

![File tab in Excel Online](image)

**Figure 24**
3. Click **Save As** and then click the **Download a Copy** button.

![Figure 25](image)

4. The file will save to your downloads folder.

**Closing an App**

When working on a document in one of the Microsoft Online apps, the file will automatically save. To close the app when you are finished working, simply close the tab in your internet browser.

![Figure 26](image)
Outlook Web App

The Outlook web app creates a user experience similar to the local version of Outlook.

Checking Mail
1. From the Office 365 landing page, click on the Outlook icon.
2. The Outlook web app will open in a new tab.
3. To return to Office 365, use the app launcher or close the browser tab.

Outlook Calendar
1. Click the Calendar icon in the lower-left corner of your Outlook web app screen.
2. The calendar will open within the same browser tab.
3. To return to Office 365, use the app launcher or close the browser tab.

Outlook People (Formerly Contacts)
1. Click the People icon in the lower-left corner of your Outlook web app screen.
2. The People screen will appear in the same browser tab.
3. To return to Office 365, use the app launcher or close the browser tab.
**Outlook Tasks**

1. Click on the **three dots** icon in the lower-left corner of your Outlook web app screen.
2. Click the **To Do** icon.

![Three Dots Icon](image)

Figure 30

3. The **To Do** screen will appear in the same browser tab.
4. To return to Office 365, use the app launcher or close the browser tab.

---

**OneDrive**

OneDrive is Microsoft’s service for hosting files in the "cloud". This service is available for free to everyone at Towson University. OneDrive offers users a simple way to store, sync and share all kinds of files. Each individual receives 1TB of storage space. This storage can be accessed from your web browser.

1. From the Office 365 landing page, click on the **OneDrive** icon.
2. The **OneDrive** file view will open in a new browser tab.

![OneDrive File View](image)

Figure 31

3. To return to Office 365, use the app launcher or close the browser tab.
SharePoint

SharePoint is a web-based program tied into Office 365 that serves as a hub for sharing information, storing files and group collaboration.

1. From the Office 365 landing page, click on the SharePoint icon.
2. The SharePoint sites you follow will appear in a new browser tab.

3. To return to Office 365, use the app launcher or close the browser tab.

Sharing Files from an Office Desktop App

Sharing a document you have created in an Office app is easy with your OneDrive. This process is the same from any Office app including Word, Excel and PowerPoint.

1. Click the File tab in the ribbon.
2. Select Share.
3. Click the Share with People button.
4. Click the Save to Cloud button.
5. In the **Save As** screen, double click on the **OneDrive – Towson University** option.

![Save As Screen](image)

**Figure 34**

6. Type in a meaningful name for your file in the text box and then click the **Save** button.

![Save As Screen](image)

**Figure 35**

7. Click the **File** tab in the ribbon.

8. Select **Share**.

9. Click the **Share with People** button. The **Share** pane will appear on the right side.

![Share Pane](image)

**Figure 36**
Office 365: The Basics

10. In the text box beneath **Invite people** type the names or email addresses of the people with whom you would like to share. This text box is tied into Towson University’s active directory.

11. Select if they **Can edit** or **Can view** from the drop-down menu.

12. If desired, you may include a message.

13. Click the **Share** button.
