Using the iOS App

Recording and viewing sessions in Panopto can also be achieved using the Panopto app on an iOS device. In this self-help document, you will be given a basic overview of how to use the iOS app.

**Downloading the Panopto App**

1. Open the iOS app store.

![App Store](image)

**Figure 1**

2. To find the Panopto app in the app store, touch the Search button at the bottom of the screen.

![Search](image)

**Figure 2**

3. Type Panopto in the search field and then touch Panopto in the search results.

**Figure 4**

5. Touch the INSTALL button and follow the on-screen prompts. Enter your app store password if requested.
**Logging In**

Once you have downloaded the app and launched it, you will need to log in with your Blackboard credentials.

1. Touch the **Panopto** icon to open the app.

![Figure 5](image)

2. Under **Sign in to Panopto**, click the line to enter your email address.

![Figure 6](image)
3. Click **Continue** on the pop up window.

![Figure 7](image)
