Hey TU
Communication is key to reaching your TU goals.

Your team needs to be united to move forward.

The way people work is changing:

- 50+% of global workers will be remote by 2020¹
- 3X more connected to their teams when videoconferencing.²
- 87% feel more connected to their teams when meeting regularly.³

People are 3x more engaged when meeting regularly.²

You need to be there for your people in real time to build trust.
Your team counts on you to connect them to the right resources and experts.
The pace of business is accelerating, so you can’t wait for calendars to line up to start talking.

Ideas grow best when they’re shared.

Stay connected with Cisco Webex Teams.

Connect with your teammates. Make a space with individual team members. Be accessible from any device.
Get things started faster. Create a space for your project. Don’t wait for the kickoff meeting to get to work. Keep the conversation going.
Get insight into the big picture. Follow project spaces, check in on top priorities, and pitch in to help when you are @mentioned or needed.

Inspire your team through HD video and crystal-clear audio on any device.
Engage everyone, with full-feature meetings including whiteboarding and content sharing.
Enable people by sharing ideas and files anytime, anywhere.

Stay connected with Cisco Webex Teams.

Build a closer, faster team with Cisco Webex Teams.

Help your team achieve, together.

Be there for your people.
Get the ball rolling.
Keep your finger on the pulse.

Be an amazing TU Team.
